

This spreadsheet contains the data points, also known as data fields, for the Capital Magnet Fund (CMF) Performance Report. The Report is an online form in the CDFI Fund's Award Management Information System (AMIS). This spreadsheet contains four tabs: CMF Annual Report Fields, Initially Deleted Fields, and Fields Deleted After Comment. Commenters should review all tabs in the spreadsheet and be encouraged to reference field numbers when providing comments. Note: Proposed new data points appear in **BOLD** print and are in the CMF Performance Report Fields tab. Data points initially proposed for deletion from the current CMF Performance Report are in the Fields Deleted After Comment tab, and the Fields Deleted After Comment tab contains additional fields proposed for deletion from the revised Annual Report received during the 60 day PRA notice.

The information below explains how to interpret the information for each field in the CMF Performance Report Fields tab. This document describes the proposed data collection from CMF Recipients for purposes of monitoring performance and compliance with Assistance Agreement Program. Capitalized terms not defined in this document (other than titles) have meanings set forth in the CMF Interim Rule and the Assistance Agreement. The CMF Interim Rule and a template for the most recent Assistance Agreement are available on the website www.cdfifund.gov/cmf.

- **Field Number** – Field Number provided for ease of identification.
- **Category** – General category of data.
- **Field Name** – Name of the Field as it will appear in AMIS. Note, field names often contain abbreviated words due to AMIS limitations.
- **Instruction** – Brief instruction for the data to be entered.
- **Record Type** - Indication of the record type where the data point appears in AMIS. A Project Record generally contains information for each Project. An Annual Project Report Record supplements the Project Record and contains milestone dates and similar information that may change from year to year, such as occupancy data. Data entered on an Annual Project Report record can be "cloned" after the first year entered to reduce the requirement for data re-entry in subsequent years. Annual Project Report Records can be created through the system or individually. A Project Location record is a record type used to record location information for rental projects. Homeownership is a record type in which the user creates a Homeownership Program to which individual Homeownership properties can then be added. Scorecard summarizes Recipient performance against performance goals. It only requires Recipient input when noncompliance is identified.
- **Input Type** – Type of data input.
- **Options for Input** – Options for data input, if applicable.
- **Mandatory/Conditionally Required/Optional?** - Data points may be mandatory, conditionally required based on circumstances (e.g., a date is required only if the project has met the conditions for Project Completion).
- **Applies to Direct Administrative Expense** – “Yes” indicates that this field applies to a Direct Administrative Expense entry.
- **Applies to Economic Development Activities** – “Yes” indicates that this field applies to an Economic Development Activities entry.
- **Applies to Rental Projects** – “Yes” indicates that this field applies to a Rental Projects entry.
- **Applies to Homeownership** – “Yes” indicates that this field applies to a Homeownership entry.

Field #	Category	Field Name
1	Administrative	Date Funds Committed
2	Administrative	Date of First Disbursement

Instruction	Record Type
Enter the date the Recipient issued a Commitment to the Project.	Annual Project Report Record
Enter the date the Recipient issued its first disbursement of the CMF Award or Program Income to the Project.	Annual Project Report Record
Enter the date the Recipient issued its final and full disbursement of the CMF Award or Program Income to the Project.	Annual Project Report Record
Enter the date the Project was completed and ready for occupancy.	Annual Project Report Record
Enter the date the Project was Initially Occupied.	Annual Project Report Record
Enter the date the Project was Placed into Service.	Annual Project Report Record
Enter the date the Project no longer was being considered for CMF financing or no longer met CMF Program affordability requirements, after being occupied.	Annual Project Report Record
Enter the date the Recipient issued a Commitment to the Homeownership Program.	Homeownership Program Record
Enter the activity type for the CMF investment.	Project Record
Enter a user defined Project name for identification purposes.	Project Record
Enter a user defined Project location name for identification purposes.	Project Location
Associate each home with a Homeownership Housing Program, if applicable.	Project Record
Enter the name of the home that this home is replacing in the case of a replacement of a home during the Homeownership Affordability Period.	Project Record
Enter the development stage as of the last day of the reporting period.	Annual Project Report Record
Enter the status of the Project as of the last day of the reporting period.	Annual Project Report Record

Enter the amount of the CMF Award Committed to the Project. Project Record

Enter the total amount of the CMF Award Committed to a Homeownership Program. Homeownership Program Record

Enter the total amount of the CMF Award disbursed to each Project through the last day of the performance year. Annual Project Report Record

Enter the sale price or the value of the home at time of financing or post rehab value, as applicable. Project Record

Enter the 95% of median home value as defined by the Department of Housing and Urban Development in the HOME Program. The sale price limits and effective dates can be found here:
<https://www.hudexchange.info/resource/2312/home-maximum-purchase-price-after-rehab-value/> Project Record

For Homeownership, Rental or Economic Development Activity (EDA) Projects enter the Origination Fee on the loan financed and/or supported by the CMF Award. Annual Project Report Record

Enter the names of any other federal grant or loan programs financing the Project. Project Record

Enter the total amount of funding sources from other federal grant or loan programs. Project Record

Indicate whether the Project has financing via another CDFI Fund program. Project Record

Indicate if the Project is also financed with federal Low Income Housing Tax Credits. Project Record

Enter the financing type. Project Record

Enter each financing type used in each Project. Project Record

Enter each financing type used in each Project. Project Record

Enter the primary disbursement type. Annual Project Report Record

Enter the total amount of the CMF Award invested in the Project at each location. Project Location

Check the box if the Project is located in a 2018 Disaster Area. Project Record

Enter street address of the Project (or site for multi-site rental projects). Project Record

Enter city where the Project is located (or site for multi-site rental projects). Project Record

Enter state where the Project is located (or site for multi-site rental projects). Project Record

Enter zip code of the Project (or site for multi-site rental projects). Project Record

Enter street address of at least one related affordable housing location served by the EDA Activity. Project Record

Enter city for the related affordable housing location served by the EDA Activity. Project Record

Enter state of at least one related affordable housing location served by the EDA Activity. Project Record

Enter zip code of at least one related affordable housing location served by the EDA Activity. Project Record

Enter the amount of the CMF Award Committed to the Project from Program Income (PI) that was from return of equity, principal repayment, or recoveries (e.g. principal repayments from a CMF loan are the source of funds made to use the subsequent investment).

Project Record

Enter the amount of the CMF Award Committed to the Project from Program Income that was from return on equity, principal repayment, or any other form of Program Income (e.g., interest payments on a CMF loan are the source of funds made to use a subsequent disbursement).

Project Record

Enter the total amount of the CMF Award disbursed to the Project from Program Income that was from return on equity, principal repayment, or any other form of Program Income (e.g., interest payments on a CMF loan are the source of funds made to use a subsequent disbursement).

Annual Project Report Record

Enter the total amount of the CMF Award Disbursed to the Project from Program Income that was from return of equity, principal repayment, or recoveries. (e.g. Principal repayments from a CMF loan are the source of funds made to use the subsequent investment.)

Annual Project Report Record

Enter the total amount of Program Income through the last day of the reporting year from equity and loan repayments or recoveries.

Annual Project Report Record

Enter the total amount of Program Income through the last day of the reporting year from interest and any other form of Program Income, except equity and loan repayments or recoveries.

Annual Project Report Record

Enter the total projected Eligible Project Costs that will be financed with private leverage for this Project.

Project Record

Enter the total projected Eligible Project Costs that will be financed with public leverage for this Project.

Project Record

Enter the total private leverage invested in the Project through the end of the last performance year. Annual Project Report Record

Enter the total amount of the CMF award plus any other public investments in the Project through the end of the last performance year. Annual Project Report Record

Enter the total actual non-Eligible Project Costs invested in the Project through the end of the last performance year. Annual Project Report Record

Enter the total projected Eligible Project Costs for units restricted to this income category. Project Record

Enter the total projected Eligible Project Costs for units restricted to this income category. Project Record

Enter the total projected Eligible Project Costs for units restricted to this income category. Project Record

Enter the total projected non-Eligible Project Costs for unrestricted units or other non-eligible costs. Project Record

Enter the total Eligible Project Costs for units restricted to this income category through the end of the last performance year. Annual Project Report Record

Enter the total actual Eligible Project Costs for units restricted to this income category through the end of the last performance year. Annual Project Report Record

Enter the total actual Eligible Project Costs for units restricted to this income category through the end of the last performance year. Annual Project Report Record

Enter the total non-Eligible Project Costs for unrestricted units or other non-eligible costs. Annual Project Report Record

Enter the total amount of projected Enterprise-level capital to be invested in the Project. Project Record

Enter the total amount of Enterprise-level capital invested in the Project. Annual Project Report Record

Enter the projected Recipient-level leverage to be invested in the Project. Annual Project Report Record

Enter the Recipient-level leverage invested in the Project through the end of the last performance year. Annual Project Report Record

Enter the total projected rental units to be completed for this income category. Project Record

Enter the total projected rental units to be completed for this income category. Project Record

Enter the total projected rental units to be completed for this income category. Project Record

Enter the total projected rental units to be completed for this income category. Project Record

Enter the total projected rental units that are not restricted by income. Project Record

Enter the total actual number units completed in the indicated income category by the end of the last performance year. Annual Project Report Record

Enter the total actual number of units completed in the indicated income category by the end of the last performance year. Annual Project Report Record

Enter the total actual number units completed in the indicated income category by the end of the last performance year. Annual Project Report Record

Enter the total actual number units completed in the indicated income category by the end of the last performance year. Annual Project Report Record

Enter the total actual number units completed in the indicated income category by the end of the last performance year. Annual Project Report Record

Enter the total number of CMF-financed eligible units at each location. Project Location

Enter the occupancy by income category as of the last day of the last performance year. Annual Project Report Record

Enter the occupancy by income category as of the last day of the last performance year. Annual Project Report Record

Enter the occupancy by income category as of the last day of the last performance year. Annual Project Report Record

Enter the occupancy by income category as of the last day of the last performance year. Annual Project Report Record

Enter the occupancy by income category as of the last day of the last performance year. Annual Project Report Record

Indicate the number of units out of service for Rehabilitation or repair for the Recipient's most recent Fiscal Year. Annual Project Report Record

Enter the income category of the homeowner/purchaser. Project Record

Indicate the race of the homeowner if available from the homeowner. Project Record

Indicate if the homeowner is of Hispanic origin. Project Record

Indicate if the homeowner is a first time homeowner. Project Record

Enter the primary use of the EDA facility. Project Record

Enter the square footage if EDA is a commercial property (e.g. grocery store, retail). Project Record

Provide a brief narrative describing the Project, its impacts and outcomes. This information may be shared publicly and should not contain any personally identifiable information. Project Record

Provide a brief narrative describing the Project, its impacts and outcomes. This information may be shared publicly and should not contain any personally identifiable information. Homeownership Program Record

Optionally, upload an image of the Project. This information may be shared publicly and should not contain any personally identifiable information.

Project Record

Enter the name of each Homeownership program used in association with this CMF Award.

Homeownership Program Record

Select the type of Project type to begin creation of a Project record.

Project Record

Check the box to indicate that the Project has achieved Project Completion, is initially occupied, and there will be no additional Eligible Project Costs to report in the following year. This will simplify the annual project report display in the following year.

Annual Project Report Record

Provide a narrative response to the question. PG&M means Performance Goal & Measure.

Performance Scorecard

Provide a narrative response to the question.

Performance Scorecard

Select yes or no. FYE means fiscal year end.

Reason for deletion

This information can be derived from entry of dates regarding first and full disbursement.

This information can be derived from entry of dates and program income information.

Field can be consolidated into Program Income (PI) in the form of equity, principal repayment, and recoveries. It isn't necessary to track the data separately.

There is not a strong rationale for continuing collection of "related" Eligible Project Costs (EPCs). Simplified to collection only public and private projected and actual EPCs.

There is not a strong rationale for continuing collection of "related" Eligible Project Costs (EPCs). Simplified to collection only public and private projected and actual EPCs.

There is not a strong rationale for continuing collection of "related" Eligible Project Costs (EPCs). Simplified to collection only public and private projected and actual EPCs.

There is not a strong rationale for continuing collection of "related" Eligible Project Costs (EPCs). Simplified to collection only public and private projected and actual EPCs.

Tracking Extremely-Low Income (ELI) unit projected expenses is not required for compliance purposes. Data will be combined and included in the Very-Low Income (VLI) data point.

Tracking Extremely-Low Income (ELI) unit actual expenses is not required for compliance purposes. Data will be combined and included in the Very-Low Income (VLI) data point.

Field #	Category	Field Name
21	Financing Characteristics	Amortization schedule
84	Property Characteristics	Rental Housing Waiting List?
85	Impact - Improved financial strength and stability	Average Retention Rate in Years
87	Impact - Improved health outcomes	# units rehab - improved health condition
88	Impact - Improved health outcomes	# new units - improved health condition
89	Impact - Improved health outcomes	# of Families with access to health services
90	Impact - Avoid dislocation	# of preserved units
91	Impact - Sustainability and disaster recovery	# of units in disaster areas

92	Impact - Sustainability and disaster recovery	# of units - disaster prevention
93	Impact - EDA	# of clients/students served
94	Impact - EDA	Estimated number of customers served
95	Impact - EDA	# Construction Jobs Created

Instruction	Record Type	Input type
Indicate the amortization schedule for the loan that financed/or supported with a CMF Award.	Project Record	Numeric
Indicate the number of families on the waiting list for available units at the end of the reporting period, if available.	Annual Project Report Record	Numeric
Provide the average tenancy length from the date of first occupancy for current tenants at the start of the Affordability Period, at the end of Year 5 of the Affordability Period, and at the end of the 10th year of the Affordability Period.	Annual Project Report Record	Numeric
Enter the number of units Rehabilitated to improve health conditions (e.g. improved ventilation; removal of lead paint or lead pipes; radon mitigation, improved accessibility, improved plumbing and heating, removal of asbestos or mold, etc.)	Project Record	Numeric
Enter the number of new units developed with healthy features. (This may include both physical aspects of the building such as universal design, low emission materials, as well as locations which promote health such as walkability, proximity to healthy food choices, parks and recreation facilities).	Project Record	Numeric
Enter the number of Families with access to health services (e.g. community health center, dental clinic, service-enriched housing) because of this Project.	Project Record	Numeric
Indicate if the CMF investment resulted in Preservation of existing affordable units that would otherwise be lost within the 10-year period from the date of initial occupancy but for the CMF investment in the Project.	Project Record	Checkbox
Enter the number of affordable units replaced, rehabilitated or rebuilt in areas declared federally-designated disaster areas not later than five years prior to the Project commitment date.	Project Record	Numeric

<p>Enter the number of new or rehabilitated affordable units with disaster-prevention or disaster-resistant design developed (e.g. increased level of resistance to damage; replacement of affordable housing that was in a flood plain that will be relocated).</p>	<p>Project Record</p>	<p>Numeric</p>
<p>Enter the number of clients served by the educational, healthcare, or social service provider in the last fiscal year at the facility financed and/or supported by the CMF Award.</p>	<p>Annual Project Report Record</p>	<p>Numeric</p>
<p>Enter the estimated annual number of customers served in the last fiscal year by the commercial tenants/owners located at the commercial facility financed and/or assisted by the CMF Award.</p>	<p>Annual Project Report Record</p>	<p>Numeric</p>
<p>Enter the number of construction jobs created.</p>	<p>Project Record</p>	<p>Numeric</p>
