UNITED STATES DEPARTMENT OF EDUCATION

Dear Applicant:

Thank you for your interest in applying for a fiscal year 2018 (FY 2018) grant under the National Resource Centers (NRC) Program (CFDA 84.015A), the Foreign Language and Area Studies (FLAS) Fellowships Program (CFDA 84.015B), or both. This application booklet includes information about the programs and the instructions and forms required to submit a complete application package to the U.S. Department of Education (the Department).

Grants awarded under the NRC Program enable institutions of higher education (IHEs) or consortia of IHEs to establish, strengthen, or operate comprehensive or undergraduate centers that will be national resources for modern foreign language training in combination with research and training in area studies, international studies, or the international aspects of professional studies. FLAS grants provide allocations of fellowships to IHEs to assist meritorious students enrolled in performance-based language training and area studies, international studies, or the international aspects of professional studies.

While we strongly recommend that you read the entire application package before you begin preparing your proposal, this cover letter calls your attention to the following:

- **REGARDLESS OF THE TYPE OF APPLICATION YOU ARE SUBMITTING (NRC, FLAS, or BOTH), you will find the application package (and will submit your application) under Federal Funding Opportunity Number (OPE) National Resource Centers Program CFDA 84.015A.** Once we receive the applications, they will be assigned PR Award Numbers, according to the application request(s).

- For the FY 2018 competition, there are two ***Absolute Priorities*** for the NRC Program.

Absolute Priority 1.

Applications that provide (1) an explanation of how the activities funded by the grant will reflect diverse perspectives and a wide range of views and generate debate on world regions and international affairs; and (2) a description of how the applicant will encourage government service in areas of national need, as identified by the Secretary, as well as in areas of need in the education, business, and non-profit sectors.

Absolute Priority 2.

Applications that provide for teacher training activities on the language, languages, area studies, or thematic focus of the Center.

- There are two ***Competitive Preference Priorities*** for the NRC Program.

Competitive Preference Priority 1--Collaboration with Minority-Serving Institutions (MSIs) or Community Colleges (up to 5 points).

Applications that propose significant and sustained collaborative activities with one or more Minority-Serving Institutions (MSIs) (as defined in this notice) and/or with one or more community colleges (as defined in this notice). These activities must be designed to incorporate international, intercultural, or global dimensions into the curriculum of the MSI(s) or community college(s), and to improve foreign language, area, and intercultural studies or international business instruction at the MSI(s) or community college(s). If an applicant institution is an MSI or a community college, that institution may propose intra-campus collaborative activities instead of, or in addition to, collaborative activities with other MSIs or community colleges.

Competitive Preference Priority 2--Collaborative Activities with Teacher Education Programs (up to 5 points).

Applications that propose collaborative activities with units such as schools or colleges of education, schools of liberal arts and sciences, post-baccalaureate teacher education programs, teacher education programs, and teacher preparation programs on or off the NRC campus. These collaborative activities are designed to support the integration of an

international, intercultural, or global dimension and world languages into teacher education, and/or to promote the preparation and credentialing of more foreign language teachers in less commonly taught languages (LCTLs) for which there is a demand for additional teachers to meet existing and expected future kindergarten through grade 12 language program needs.

- For the FY 2018 competition, there are two **Competitive Preference Priorities** for the FLAS Program.

Competitive Preference Priority 1--FLAS Fellowships for Students who Demonstrate Financial Need (up to 5 points).

Applications that propose to give preference when awarding fellowships to undergraduate students, graduate students, or both, who demonstrate financial need as indicated by the students' expected family contribution, as determined under part F of title IV of the HEA. This need determination will be based on the students' financial circumstances and not on other aid.

Competitive Preference Priority 2--Academic Year FLAS Fellowships Awarded in the Less Commonly Taught Languages (up to 5 points).

Applications that propose to award at least 25 percent of academic year FLAS fellowships in modern foreign languages other than French, German, and Spanish.

- The FY 2018 Notice Inviting Applications (NIA) published in the *Federal Register* is the official guidance for the competition. Applicants should not rely upon any information that is inconsistent with the official NIA.
- Please be advised that your acknowledgement receipt from the Grants.gov system will reference **only the NRC application with a PR Award Number that includes 015A**. After the applications are transferred from Grants.gov to the Department's G5 system, applications will be assigned distinct NRC (015A) and FLAS (015B) PR Award Numbers. Please be assured that **if your proposal includes NRC and FLAS, both will be evaluated by the peer review panels**.
- Establish a timeline that allows you to submit your application at least 2-3 days prior to the closing date and time. We recommend that you give yourself sufficient lead time because the time it takes to upload an application varies, depending on the size of your application and the speed of your Internet connection.

A hallmark of the NRC and FLAS Programs is breadth and depth of training that contributes to the national need for individuals with expertise and global competence in world languages and area or international studies. This expertise is required not only to meet the demands for careers in education, defense, intelligence, and diplomacy, but a wide range of 21st-century workforce needs, including health sciences, STEM, economics, and information technology.

You may view more information about the NRC and FLAS Programs at:

<http://www.ed.gov/programs/iegpsnrc/index.html>

<https://www2.ed.gov/programs/iegpsflasf/index.html>

We appreciate your efforts to promote excellence in international education and look forward to receiving your application.

Sincerely,

/signed/

Cheryl E. Gibbs
Director, Advanced Training and Research Division
Acting Senior Director, IFLE

All performance reports for the NRC program and the FLAS program must be submitted electronically into the IFLE web-based reporting system, International Resource Information System (IRIS). This online system collects narrative, data, and budget information about funded projects to enable IFLE program officers to determine whether grantees are making substantial progress toward approved project objectives. For more information about IRIS and to view the reporting instructions, please go to

<https://www2.ed.gov/programs/iegpsnrc/performance.html>

<https://www2.ed.gov/programs/iegpsflas/performance.html>

In addition to the FLAS institutional and student performance reports, pre-and post- evaluations of FLAS recipients' speaking skills are also required. The evaluation that the language instructor is required to administer is also accessible in IRIS.

9. Diverse Perspectives and Areas of National Need

The Title VI International Education Programs legislation ((20 U.S.C §1122(e)) requires that each institution of higher education or consortium of such institutions desiring a grant under the NRC and/or FLAS programs shall include the following descriptions in their grant applications:

- A description of how the applicant will encourage government service in areas of national need, as identified by the Secretary, as well as areas of need in education, business, and non-profit sectors.

Note: If an application is submitted on behalf of a consortium, the application must include diverse perspectives and areas of national need descriptions for all institutions in the consortium.

10. Consultation with Federal Agencies

Section 601(c)(1) of the Higher Education Act of 1965 (HEA) requires that the Secretary consult with Federal agency heads to receive their recommendations regarding areas of national need for expertise in foreign languages and world regions. These agencies' recommendations may be viewed on this web page:

GRANTS.GOV SUBMISSION PROCEDURES AND TIPS FOR APPLICANTS

All applicants are required to submit applications electronically using Grants.gov.

IMPORTANT – PLEASE READ FIRST

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

Browser Support

The latest versions of Microsoft Internet Explorer (IE), Mozilla Firefox, Google Chrome, and Apple Safari are supported for use with Grants.gov. However, these web browsers undergo frequent changes and updates, so we recommend you have the latest version when using Grants.gov. Legacy versions of these web browsers may be functional, but you may experience issues.

For additional information or updates, please see the Grants.gov Browser information in the Applicant FAQs:

<http://www.grants.gov/web/grants/applicants/applicant-faqs.html#browser>

ATTENTION – Workspace, Adobe Forms and PDF Files Required

Grants.gov applicants can apply online using Workspace. Workspace is a shared, online environment where members of a grant team may simultaneously access and edit different web forms within an application. For each funding opportunity announcement (FOA), you can create individual instances of a workspace.

Below is an overview of applying on Grants.gov. For access to complete instructions on how to apply for opportunities, refer to:

<https://www.grants.gov/web/grants/applicants/workspace-overview.html>

- 1) Create a Workspace: Creating a workspace allows you to complete it online and route it through your organization for review before submitting.
- 2) Complete a Workspace: Add participants to the workspace to work on the application together, complete all the required forms online or by downloading PDF versions, and check for errors before submission. The Workspace progress bar will display the state of your application process as you apply. As you apply using Workspace, you may click the blue question mark icon near the upper-right corner of each page to access context-sensitive help.
 - a. Adobe Reader: If you decide not to apply by filling out web forms you can download individual PDF forms in Workspace. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, then accessed through Adobe Reader.

NOTE: Visit the Adobe Software Compatibility page on Grants.gov to download the appropriate version of the software at:

<https://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>

b. Mandatory Fields in Forms: In the forms, you will note fields marked with an asterisk and a different background color. These fields are mandatory fields that must be completed to successfully submit your application.

c. Complete SF-424 Fields First: The forms are designed to fill in common required fields across other forms, such as the applicant name, address, and DUNS Number. Once it is completed, the information will transfer to the other forms.

- 3) Submit a Workspace: An application may be submitted through workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting your application package at least 24-48 hours prior to the close date to provide you with time to correct any potential technical issues that may disrupt the application submission.
- 4) Track a Workspace Submission: After successfully submitting a workspace application, a Grants.gov Tracking Number (GRANTXXXXXXXX) is automatically assigned to the application. The number will be listed on the Confirmation page that is generated after submission. Using the tracking number, access the Track My Application page under the Applicants tab or the Details tab in the submitted workspace.

For additional training resources, including video tutorials, refer to <https://www.grants.gov/web/grants/applicants/applicant-training.html>

Helpful Reminders

- 1) **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM (www.sam.gov) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: <http://www.grants.gov/web/grants/register.html> [Note: Your organization will need to update its SAM registration annually.]

Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>

- 2) **SUBMIT EARLY** – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your

organization registered with the SAM. If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

- 3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov’s Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of “Received” it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to “Validated” or “Rejected with Errors.” If the status is “Rejected with Errors,” your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: <http://www.grants.gov/web/grants/applicants/encountering-error-messages.html>. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Software Tip Sheet at: <http://www.grants.gov/web/grants/applicants/adobe-software-compatibility.html>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or email at: support@grants.gov or access the Grants.gov Self-Service Knowledge Base web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m. Washington, DC time, unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please go to <http://www.grants.gov/web/grants/support.html> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Applicant FAQs found at this Grants.gov link: <http://www.grants.gov/web/grants/applicants/applicant-faqs.html> as well as additional information on Workspace at <https://www.grants.gov/web/grants/applicants/applicant-faqs.html#workspace>.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

Attaching Files - Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include read-only, flattened .PDF files** in their application:

- Ensure that you attach **.PDF files only** for any attachments to your application, and they must be in a **read-only, flattened format**. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read.
- Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
- When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded file names must be fewer than 50 characters, and, in general, applicants should not use any special characters. However, Grants.gov does allow for the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semi colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
- Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package with all attachments is less than 5 MB. Therefore, you may want to check the total size of your package before submission.

DUNS Number and SAM

Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management

To do business with the Department, and to submit your application electronically using *Grants.gov*, you must—

- Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);
- Register both your DUNS number and TIN with the System for Award Management (SAM.gov), the Government's primary registrant database;
- Provide your DUNS number and TIN on your application; and

- Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet at the following website: <http://fedgov.dnb.com/webform>. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service (IRS). If you are an individual, you can obtain a TIN from the IRS or the Social Security Administration. If you need a new TIN, please allow two to five weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data you enter into the SAM.gov database. Thus, if you think you might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM.gov registration is active, it may be 24 to 48 hours before you can access the information in, and submit an application through, *Grants.gov*.

If you are currently registered with SAM.gov, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM.gov or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

In addition, in order to submit your application via *Grants.gov*, you must (1) register as an applicant using your DUNS number; and (2) be designated by your organization's E-Biz Point of Contact as an Authorized Organization Representative (AOR).

Details on these steps are outlined at the following *Grants.gov* web page: <https://www.grants.gov/web/grants/register.html>.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System

If you experience problems submitting your application through *Grants.gov*, please contact the *Grants.gov* Support Desk immediately, toll-free, at 1-800-518-4726. The *Grants.gov* Support Center will provide you with a ticket number documenting your communication. You must retain your ticket number for future reference as proof of your communication with the Support Center. Please subsequently contact a person listed in the FOR FURTHER INFORMATION CONTACT section in the competition NIA and provide an explanation of the technical problem you experienced with *Grants.gov*, along with the *Grants.gov* Support Desk Case Number.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems within the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Eastern Time, the following business day to enable you to transmit your application electronically, provided we can verify the technical issues affected your ability to submit your application on time via your Grants.gov Support Desk Case Number.

Note: The extensions to which we refer in this section apply only to technical problems with the Grants.gov system. We will not grant you an extension if you failed to fully register in order to submit your application to Grants.gov (including with the required DUNS number and TIN currently registered in SAM) before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

SUBMISSION OF PAPER APPLICATIONS IF ELECTRONIC SUBMISSION IS NOT POSSIBLE

We discourage paper applications, but if electronic submission is not possible (e.g., you do not have access to the internet), you must provide a written statement that you intend to submit a paper application. Send this written statement no later than two weeks before the application deadline date (14 calendar days, or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday).

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. Please send this statement to the person listed in the **For Further Information Contact** section of the competition NIA.

If you submit a paper application, you must mail the original and two copies of your application, on or before the application deadline date, to the Department at the following address:

I. Funding Opportunity Description

Purpose of Programs:

National Resource Centers Program

The NRC Program provides grants to institutions of higher education (IHEs) or consortia of IHEs to establish, strengthen, and operate comprehensive and undergraduate centers that will be national resources for: (a) teaching of modern foreign languages; (b) instruction in fields needed to provide a full understanding of world regions where the modern foreign languages are used; (c) research and

training in international studies and international and foreign language aspects of professional and other fields of study; and (d) instruction and research on issues in world affairs.

Foreign Language and Area Studies Fellowships Program

The FLAS Program allocates academic year and summer fellowships to IHEs and consortia of IHEs to assist meritorious undergraduate and graduate students receiving modern foreign language training in combination with area studies, international studies, or the international aspects of professional studies. FLAS fellowships may also assist graduate students engaged in predissertation level study, preparation for dissertation research, dissertation research abroad, or dissertation writing.

Priorities: This notice contains two absolute priorities and two competitive preference priorities for the NRC Program. Absolute Priority 1 is from section 602(e) of the Higher Education Act of 1965, as amended (HEA) (20 U.S.C. 1122(e)). Absolute Priority 2 is from the program regulations (34 CFR 656.23). The competitive preference priorities are from the notice of final priorities for the NRC Program published in the *Federal Register* on May 30, 2014 (79 FR 31028). This notice also contains two competitive preference priorities for the FLAS Program. Competitive Preference Priority 1 is from the program regulations (34 CFR 657.22) and Competitive Preference Priority 2 is from the notice of final priorities for the FLAS Program published in the *Federal Register* on May 30, 2014 (79 FR 31031).

NRC Program

Absolute Priorities: For FY 2018, these priorities are absolute priorities for the NRC Program. Under 34 CFR 75.105(c)(3), we consider only applications that meet these priorities.

These priorities are:

Absolute Priority 1.

Applications that provide (1) an explanation of how the activities funded by the grant will reflect diverse perspectives and a wide range of views and generate debate on world regions and international affairs; and (2) a description of how the applicant will encourage government service in areas of national need, as identified by the Secretary, as well as in areas of need in the education, business, and non-profit sectors.

Absolute Priority 2.

Applications that provide for teacher training activities on the language, languages, area studies, or thematic focus of the Center.

Competitive Preference Priorities: For FY 2018, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to an additional five points depending on how well the application meets Competitive Preference Priority 1, and up to an additional five points depending on how well the application meets Competitive Preference Priority 2. An application may receive a total of up to 10 additional points under the competitive preference priorities.

These priorities are:

Competitive Preference Priority 1--Collaboration with Minority-Serving Institutions (MSIs) or Community Colleges (up to 5 points).

Applications that propose significant and sustained collaborative activities with one or more Minority-Serving Institutions (MSIs) (as defined in this notice) and/or with one or more community colleges (as defined in this notice). These activities must be designed to incorporate international, intercultural, or global dimensions into the curriculum of the MSI(s) or community college(s), and to improve foreign language, area, and intercultural studies or international business instruction at the MSI(s) or community college(s). If an applicant institution is an MSI or a community college, that institution may propose intra-campus collaborative activities instead of, or in addition to, collaborative activities with other MSIs or community colleges.

For the purpose of this priority:

Community college means an institution that meets the definition in section 312(f) of the HEA (20 U.S.C. 1058(f)); or an institution of higher education as defined in section 101 of the HEA (20 U.S.C. 1001) that awards degrees and certificates, more than 50 percent of which are not bachelor's degrees (or an equivalent) or master's, professional, or other advanced degrees.

Minority-Serving Institution (MSI) means an institution that is eligible to receive assistance under sections 316 through 320 of part A of title III, under part B of title III, or under title V of the HEA.

The institutions designated eligible under title III and title V may be viewed at the following link:

www2.ed.gov/about/offices/list/ope/ides/eligibility.html.

Competitive Preference Priority 2--Collaborative Activities with Teacher Education Programs (up to 5 points).

Applications that propose collaborative activities with units such as schools or colleges of education, schools of liberal arts and sciences, post-baccalaureate teacher education programs, teacher education programs, and teacher preparation programs on or off the NRC campus. These collaborative activities are designed to support the integration of an international, intercultural, or global dimension and world languages into teacher education, and/or to promote the preparation and credentialing of more foreign language teachers in less commonly taught languages (LCTLs) for which there is a demand for additional teachers to meet existing and expected future kindergarten through grade 12 language program needs.

FLAS Program

Competitive Preference Priorities: For FY 2018, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to an additional five points depending on how well the application meets Competitive Preference Priority 1, and up to an additional five points depending on how well the application meets Competitive Preference Priority 2. An application may receive a total of up to 10 additional points under the competitive preference priorities.

Competitive Preference Priority 1--FLAS Fellowships for Students who Demonstrate Financial Need (up to 5 points).

Applications that propose to give preference when awarding fellowships to undergraduate students, graduate students, or both, who demonstrate financial need as indicated by the students' expected family contribution, as determined under part F of title IV of the HEA. This need determination will be based on the students' financial circumstances and not on other aid.

The applicant must describe how it will ensure that all fellows who receive such preference show potential for high academic achievement based on such indices as grade point average, class ranking, or similar measures that the institution may determine.

Competitive Preference Priority 2--Academic Year FLAS Fellowships Awarded in the Less Commonly Taught Languages (up to 5 points).

Applications that propose to award at least 25 percent of academic year FLAS fellowships in modern foreign languages other than French, German, and Spanish.

Note: Under 34 CFR 657.22(a), the Secretary may designate specific languages as a priority for the allocation of fellowships. For FLAS Competitive Preference Priority 2, we took into consideration the findings in the recent Modern Language Association of America (MLA) survey¹ of fall 2016 undergraduate and graduate enrollments in language courses at 2,547 postsecondary institutions in the United States. Of 1,417,921 total enrollments, the three most-studied modern foreign languages

¹ Modern Language Association of America, "Enrollments in Languages Other Than English in United States Institutions of Higher Education, Summer 2016 and Fall 2016: Preliminary Report" (February 2018) (p. 13).

included Spanish with 712,240 enrollments or 50 percent; French with 175,667 enrollments or 12 percent; and German with 80,594 enrollments or 6 percent. Together, these three languages represented 968,501 or 68 percent of enrollments. Other languages, with 34,830 enrollments, constituted 25 percent of enrollments for the same period.

The findings in the MLA survey are consistent with the definition of LCTLs used by the Center for Advanced Research on Language Acquisition (CARLA).² CARLA defines LCTLs as “all of the world’s languages except English, French, German, and Spanish.”

Program Authority: 20 U.S.C. 1122.

Applicable Regulations: (a) The Education Department General Administrative Regulations in 34 CFR parts 75, 76, 77, 79, 81, 82, 84, 86, 97, 98, and 99. (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (d) The regulations in 34 CFR parts 655, 656, and 657. (e) The notices of final priorities for these programs published in the *Federal Register* on May 30, 2014 (79 FR 31028, 79 FR 31031).

Areas of National Need: In accordance with section 601(c) of the HEA (20 U.S.C. 1121(c)), the Secretary consulted with a wide range of Federal agencies and received recommendations regarding

national need for expertise in foreign language and world regions. These agencies' recommendations may be viewed on this web page: www2.ed.gov/about/offices/list/ope/iegps/index.html.

Diverse Perspectives and Areas of National Need: Section 602(e) of the HEA requires that each IHE or consortium of IHEs include the following information in NRC grant applications:

- (1) An explanation of how the activities funded by the grant will reflect diverse perspectives and a wide range of views and generate debate on world regions and international affairs; and
- (2) A description of how the applicant will encourage government service in areas of national need, as identified by the Secretary, as well as in areas of need in the education, business, and non-profit sectors.

(2 CFR 200.501(d).)

IV. Application and Submission Information

1. Application Submission Instructions: For information on how to submit an application, please refer to our Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the *Federal Register* on February 12, 2018 (83 FR 6003) and available at www.gpo.gov/fdsys/pkg/FR-2018-02-12/pdf/2018-02558.pdf.

2. Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program.

3. Funding Restrictions: We specify unallowable costs in 34 CFR 656.30(b) and 657.33. We reference additional regulations outlining funding restrictions in the Applicable Regulations section of this notice.

4. Recommended Page Limit: The application narrative (Part III of the application) is where you, the applicant, address the priorities, selection criteria, and application requirements that reviewers use to evaluate your application. We recommend that you (1) limit the application narrative to no more than 50 pages for single institution applications, and to no more than 60 pages for consortia applications and (2) use the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, except titles, headings, footnotes, quotations, references, and captions. Charts, tables, figures, and graphs in the application narrative may be single spaced and will count toward the recommended page limit.
- Use a font that is either 12 point or larger, or no smaller than 10 pitch (characters per inch). However, you may use a 10-point font in charts, tables, figures, and graphs.
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit does not apply to Part I, the Application for Federal Assistance face sheet (SF 424); the supplemental SF 424 form; Part II, Budget Information–Non-Construction Programs (ED 524); the detailed line item budget; Part IV, the assurances and certifications, and the response to section 427 of the General Education Provisions Act; the project abstract, the table of contents, the list of acronyms, the response to the diverse perspectives/areas of need

requirements, the NRC/FLAS project profile form, and the appendices (curriculum vitae, course list, performance measure form; letters of support). However, the recommended page limit does apply to all of the application narrative.

5. Award Basis: In determining whether to approve a grant award and the amount of such award, the Department will consider, among other things, the applicant's performance and use of funds under a previous or existing award under any Department program (34 CFR 75.217(d)(3)(ii) and 75.233. In assessing the applicant's performance and use of funds under a previous or existing award, the Secretary will consider, among other things, the outcomes the applicant has achieved and the results of any Departmental grant monitoring, including the applicant's progress in remedying any deficiencies identified in such monitoring.

V. Application Review Information

1. General: For the FY 2018 NRC and FLAS competitions, all applications will be assigned to peer review panels based on the country, thematic focus, international studies, or world region such as Africa, Asia, or the Middle East. All applicant institutions specify their respective categories in their NRC and FLAS applications. The readers who serve on the peer review panels are selected for the specialized area studies, international studies, and modern foreign language expertise needed to review, score, and rank the assigned applications in each distinct category. For the NRC and FLAS competitions, the Department will select applications for funding consideration from each distinct peer review panel based on the ranking of the applications within that panel.

2. Selection Criteria: The maximum score for all of the NRC selection criteria, taken together with the maximum number of points awarded to applicants that address the competitive preference priorities, is 175 points. The maximum score for all of the FLAS selection criteria, taken together with the maximum number of points awarded to applicants that address the competitive preference priorities, is 145 points.

Note: Applicants should address these selection criteria only in the context of the program requirements in sections 601 and 602 of the HEA, 20 U.S.C. 1121-1122.

3. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the

applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

4. Risk Assessment and Specific Conditions: Consistent with 2 CFR 200.205, before awarding grants under these programs the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose specific conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

5. Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$150,000), under 2 CFR 200.205(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards--that is, the risk posed by you as an applicant--before we make an award. In doing so, we must consider any information about you that

is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open Licensing Requirements: Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements, please refer to 2 CFR part 3474.20.

4. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170, should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must

submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

Performance reports for the NRC Program and the FLAS Program must be submitted electronically into the Office of International and Foreign Language Education web-based reporting system, International Resource Information System (IRIS). For information about IRIS and to view the reporting instructions, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. If a grantee is provided additional funding for this purpose, the Secretary establishes a data collection period.

5. Performance Measures: (a) Under the Government Performance and Results Act of 1993, the following measures will be used by the Department to evaluate the success of the NRC Program:

1. Percentage of priority languages defined by the Secretary of Education taught at NRCs.
2. Percentage of NRC grants teaching intermediate or advanced courses in priority languages as defined by the Secretary of Education.
3. Percentage of NRCs that increased the number of intermediate or advanced level language courses in the priority and/or LCTLs during the course of the grant period.

4. Percentage of NRCs that increased the number of certificate, minor, or major degree programs in the priority and/or LCTLs, area studies, or international studies during the course of the four-year grant period.

5. Percentage of less and least commonly taught languages as defined by the Secretary of Education taught at title VI NRCs.

6. Cost per NRC that increased the number of intermediate or advanced level language courses in the priority and/or LCTLs during the course of the grant period.

(b) The following measures will be used by the Department to evaluate the success of the FLAS Program:

1. Percentage of FLAS-graduated fellows who secured employment that utilizes their foreign language and area studies skills within eight years after graduation, based on the FLAS tracking survey.

2. Percentage of FLAS master's and doctoral graduates who studied priority languages as defined by the Secretary of Education.

3. Percentage of FLAS fellows who increased their foreign language reading, writing, and/or listening/speaking scores by at least one proficiency level.

The information provided by grantees in their performance reports submitted via IRIS will be the source of data for these measures. Reporting screens for institutions can be viewed at:

<http://iris.ed.gov/iris/pdfs/NRC.pdf>

<http://iris.ed.gov/iris/pdfs/FLAS.pdf>

6. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

GENERAL EDUCATION PROVISIONS ACT (GEPA) SECTION 427

Section 427 of GEPA requires all applicants for new awards to include in their applications a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its federally-assisted programs for students, teachers, and other program beneficiaries with special needs. The provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: *gender, race, national origin, color, disability, or age*.

A general description or statement about the applicant institution's nondiscriminatory hiring policy is **not sufficient** to meet this requirement. Applicants must identify potential barriers and explain steps they will take to overcome these barriers.

- **Include information in your responses address the relevant selection criteria in the Application (Project) Narrative regarding GEPA section 427.**
- **Also upload a separate and detailed description of the institution's policies that meet the spirit and intent of GEPA 427.**

GOVERNMENT PERFORMANCE AND RESULTS ACT (GPRA)

What is GPRA?

The Government Performance and Results Act of 1993 (GPRA) is a statute that requires all Federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report their progress to the Congress. In so doing, it is expected that the GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

The following measures will be used to by the Department to evaluate the success of the National Resource Centers (NRC) and Foreign Language and Area Studies Fellowships (FLAS) Programs:

What are the Performance Indicators for the NRC Program?

The NRC Program provides grants to institutions of higher education or a consortium of institutions of higher education to establish, strengthen, and operate comprehensive and undergraduate language and area or international studies centers. The Department will use the following measures to evaluate the overall success of the NRC Program:

1. Percentage of priority languages defined by the Secretary of Education taught at NRCs.
2. Percentage of NRC grants teaching intermediate or advanced courses in priority languages as defined by the Secretary of Education.
3. Percentage of NRCs that increased the number of intermediate or advanced level language courses in the priority and/or LCTLs (less commonly taught languages) during the course of the grant period.
4. Percentage of NRCs that increased the number of certificate, minor, or major degree programs in the priority and/or LCTLs, area studies, or international studies during the course of the four-year grant period.
5. Percentage of less and least commonly taught languages as defined by the Secretary of Education taught at Title VI NRCs.
6. Cost per NRC that increased the number of intermediate or advanced level language courses in the priority and/or LCTLs during the course of the grant period

What are the Performance Indicators for the FLAS Program?

The FLAS Program provides academic year and summer fellowships to institutions of higher education to assist undergraduate and graduate students in foreign language and area or international studies. The Department will use the following measures to evaluate the overall success of the FLAS Program:

1. Percentage of FLAS-graduated fellows who secured employment that utilizes their foreign language and area studies skills within 8 years after graduation, based on the FLAS tracking survey.

2. Percentage of FLAS master's and doctoral graduates who studied priority languages as defined by the Secretary of Education.
3. Percentage of FLAS fellows who increased their foreign language reading, writing, and/or listening/speaking scores by at least one proficiency level.

The information provided by grantees in their performance reports submitted into IRIS will be the source of data for these measures.

DIVERSE PERSPECTIVES AND AREAS OF NEED

(www.Grants.gov Part III, Other Attachment Form)

Sec. 602 (e) of the Title VI of the Higher Education Act of 1965, as amended requires that each institution of higher education desiring a grant (NRC and/or FLAS) shall include in the application -

- (1) An explanation of how the activities funded by the grant will reflect diverse perspectives and a wide range of views and generate debate on world regions and international affairs (3000 characters); **and**
- (2) A description of how the applicant will encourage government service in areas of national need, as identified by the Secretary, as well as in areas of need in the education, business, and nonprofit sectors (3000 characters).

Recommended format for the Diverse Perspectives and Areas of Need descriptions

- If a consortium applicant, submit the Diverse Perspectives and the Areas of Need descriptions for the lead institution and each partner institution(s).

APPLICATION FORMAT AND COMPONENTS

Recommended Format

A “page” is “8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides. Page numbers and an identifier (e.g., the institution name and Center), may be within the 1” margin. Double space (no more than three lines per vertical inch) all text in the application narrative, except titles, headings, footnotes, quotations, references, and captions. Charts, tables, figures, and graphs in the application narrative may be single-spaced and **will count toward the recommended page limit**. Applicants may use one of the following fonts: Times New Roman, Courier, Courier New or Arial. Use a font that is either 12 point or larger, or no smaller than 10 pitch (characters per inch). However, you may use a 10 point font in charts, tables, figures, and graphs.

The recommended page limit, (50 pages for an institution applicant, or 60 pages for a consortium applicant), does not apply to Part I, the Application for Federal Assistance face sheet (SF 424); the supplemental SF 424 form; Part II, Budget Information- Non-Construction Programs; the detailed line item budget; Part IV, the assurances, certifications, and the response to section 427 of the General Education Provisions Act; the project abstract, the table of contents; the list of acronyms, the diverse perspectives/areas of need descriptions, the appendices; and the NRC/FLAS profile sheet. However, the recommended page limit does apply to all of the application narrative.

SF 424, Application for Federal Assistance (Cover Sheet)

Supplemental Information Form for SF 424

Abstract (www.Grants.gov Part III/ED Abstract Form)

The recommended maximum number of pages for the abstract is two pages. An effective abstract will convey how the proposed project directly relates to the purposes and priorities of the program(s) for which you are requesting federal funds. The abstract should summarize the activities and intended outcomes of the project for the FY 2018- 2021 grant period. References to previous grants, if applicable, should be limited, as the purpose of the abstract is to introduce the institution(s) to the reviewers and to draw their attention to what you intend to accomplish in this proposed project and the intended impact of the proposed activities.

The abstract should also provide an overview of the Center’s unique characteristics, including, but not limited to, its mission, world area or thematic focus, the internal and external constituencies it serves, degree programs, faculty and staff resources, scope of area studies, international studies, and language courses; library resources; and outreach.

Indicate the NRC and/or FLAS competitive preference priorities that will be addressed in the Application (Project) Narrative, but do not include the actual descriptions/discussions in the abstract. Indicating the priorities will be helpful to staff for the application screening process.

Acronyms List (www.Grants.gov Part III/Other Attachment Form)

Include a list of acronyms to identify the administrative units, organizations, entities, etc., referenced throughout the application narrative. So that reviewers are not distracted by the overuse of acronyms, however, it is advised that you occasionally use the name of the unit, organization, etc., instead of the acronym.

APPLICATION (PROJECT) NARRATIVE (WWW.GRANTS.GOV PART III /APPLICATION NARRATIVE ATTACHMENT FORM)

The application (project) narrative (www.Grants.gov Part III/Application Narrative Attachment Form) is where you, the applicant, address the selection criteria, priorities, and application requirements that reviewers will use to evaluate your application. We recommend that you limit the Application (Project) Narrative to no more than 50 pages for a single institution, and to no more than 60 pages for a consortium applicant. For the complete details and standards for the application narrative, please read the FY 18 NIA published in the *Federal Register*.

- Do not apply the indirect cost rate to the amount requested for FLAS fellowships.

NRC Line Item Detailed Budget (www.Grants.gov Part III/Budget Narrative Attachment)

1. **Personnel:** Include the salaries for key project personnel. Indicate the title, e.g., area studies faculty, Uyghur language instructor, fellowship coordinator, outreach coordinator, and the time and effort for each position (person).  - Do not put the project director’s salary on the grant.
 - Limit the time effort and compensation for non-language positions to no more than 50% on the grant.
 - If needed, language instructors can be put on the grant at 100% effort. The application narrative, however, should provide a compelling reason for 100% support from the grant, and should also explain how the institution plans to continue and sustain instruction in the languages after the project period ends.

Fringe Benefits: You may charge the institution’s normal fringe benefit rate to the grant. (Leave this blank if fringe benefits applicable to direct salaries and wages are treated as part of the indirect costs, and indicate that this is the case in the budget notes.)

INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS

EXECUTIVE ORDER 12372

This program falls under Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive Order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact process and a list of names by State can be found at:

<http://www.whitehouse.gov/omb/grants/spoc.pdf>

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# [commenter must insert number--including suffix letter, if any], U.S. Department of Education, room 7E200. 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Eastern Time) on the closing date indicated in this notice.

Important note: The above address is used to submit comments about the EO 12372 only. Do not submit your applications to the address in this address. Applications are submitted to the State Point of Contact.

If Not Human Subjects Research. Check “No” if research activities involving human subjects are not planned at any time during the proposed project period. The remaining parts of Item 3 are then not applicable.

If Human Subjects Research. Check “Yes” if research activities involving human subjects are planned at any time during the proposed project period, either at the applicant organization or at any other performance site or collaborating institution. Check “Yes” even if the research is exempt from the regulations for the protection of human subjects. (See I. B. “Exemptions” in attached page entitled “Definitions for Department of Education Supplemental Information For SF 424.”)

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. Definitions and Exemptions

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as "a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge." *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable knowledge it is research.* Activities which meet this definition constitute research whether or not

they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as "a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information." (1) *If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.* (2) *If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met.* [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

- (1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or the comparison among instructional techniques, curricula, or classroom management methods.
- (2) Research involving the use of educational tests cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be

identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.*** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]

(3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.

(4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.

(5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d) possible changes in methods or levels of payment for benefits or services under those programs.

(6) Taste and food quality evaluation and consumer acceptance studies. (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level

found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture. II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives If the applicant marked "Yes" for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects "exempt research" or "nonexempt research" narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

A. Exempt Research Narrative.

If you marked "Yes" for item 3 a. and designated exemption numbers(s), provide the "exempt research" narrative. The narrative must contain sufficient information about the involvement of human subjects in the proposed research to allow a determination by ED that the designated exemption(s) are appropriate. The narrative must be succinct.

B. Nonexempt Research Narrative.

If you marked "No" for item 3 a. you must provide the "nonexempt research" narrative. The narrative must address the following seven points. Although no specific page limitation applies to this section of the application, be succinct.

(1) Human Subjects Involvement and Characteristics:

Provide a detailed description of the proposed involvement of human subjects. Describe the characteristics of the subject population, including their anticipated number, age range, and health status. Identify the criteria for inclusion or exclusion of any subpopulation. Explain the rationale for the involvement of special classes of subjects, such as children, children with disabilities, adults with disabilities, persons with mental disabilities, pregnant women, prisoners, institutionalized individuals, or others who are likely to be vulnerable.

(2) Sources of Materials: Identify the sources of research material obtained from individually identifiable living human subjects in the form of specimens, records, or data. Indicate whether the material or data will be obtained specifically for research purposes or whether use will be made of existing specimens, records, or data.

(3) Recruitment and Informed Consent: Describe plans for the recruitment of subjects and the consent procedures to be followed. Include the circumstances

under which consent will be sought and obtained, who will seek it, the nature of the information to be provided to prospective subjects, and the method of documenting consent. State if the Institutional Review Board (IRB) has authorized a modification or waiver of the elements of consent or the requirement for documentation of consent.

(4) **Potential Risks:** Describe potential risks (physical, psychological, social, legal, or other) and assess their likelihood and seriousness. Where appropriate, describe alternative treatments and procedures that might be advantageous to the subjects.

(5) **Protection Against Risk:** Describe the procedures for protecting against or minimizing potential risks, including risks to confidentiality, and assess their likely effectiveness. Where appropriate, discuss provisions for ensuring necessary medical or professional intervention in the event of adverse effects to the subjects. Also, where appropriate, describe the provisions for monitoring the data collected to ensure the safety of the subjects.

(6) **Importance of the Knowledge to be Gained:** Discuss the importance of the knowledge gained or to be gained as a result of the proposed research. Discuss

why the risks to subjects are reasonable in relation to the anticipated benefits to subjects and in relation to the importance of the knowledge that may reasonably be expected to result.

(7) **Collaborating Site(s):** If research involving human subjects will take place at collaborating site(s) or other performance site(s), name the sites and briefly describe their involvement or role in the research.

Copies of the Department of Education's Regulations for the Protection of Human Subjects, 34 CFR Part 97 and other pertinent materials on the protection of human subjects in research are available from the Grants Policy and Oversight Staff, Office of the Chief Financial Officer, U.S. Department of Education, Washington, DC 20202-4250, telephone: (202) 245-6120, and on the U.S. Department of Education's Protection of Human Subjects in Research Web Site: <http://www.ed.gov/about/offices/list/OCFO/humansub.html>

INSTRUCTIONS FOR ED 524

General Instructions

This form is used to apply to individual U.S. Department of Education (ED) discretionary grant programs. Unless directed otherwise, provide the same budget information for each year of the multi-year funding request. Pay attention to applicable program specific instructions, if attached. Please consult with your Business Office prior to submitting this form.

Section A - Budget Summary

U.S. Department of Education Funds

All applicants must complete Section A and provide a breakdown by the applicable budget categories shown in lines 1-11.

Lines 1-11, columns (a)-(e): For each project year for which funding is requested, show the total amount requested for each applicable budget category.

Lines 1-11, column (f): Show the multi-year total for each budget category. If funding is requested for only one project year, leave this column blank.

Line 12, columns (a)-(e): Show the total budget request for each project year for which funding is requested.

Line 12, column (f): Show the total amount requested for all project years. If funding is requested for only one year, leave this space blank.

Indirect Cost Information:

If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. (1): Indicate whether or not your organization has an Indirect Cost Rate Agreement that was approved by the Federal government. (2): If you checked "yes" in (1), indicate in (2) the beginning and ending dates covered by the Indirect Cost Rate Agreement. In addition, indicate whether ED or another Federal agency (Other) issued the approved agreement. If you check "Other," specify the name of the Federal agency that issued the approved agreement. (3): If you are applying for a grant under a Restricted Rate Program (34 CFR 75.563 or 76.563), indicate whether you are using a restricted indirect cost rate that is included on your approved Indirect Cost Rate Agreement or whether you are using a restricted indirect cost rate that complies with 34 CFR 76.564(c)(2). Note: State or Local government agencies may not use the provision for a restricted indirect cost rate specified in 34 CFR 76.564(c)(2). Check only one response. Leave blank, if this item is not applicable.

Section C - Budget Narrative [Attach separate sheet(s)]

Pay attention to applicable program specific instructions,
if attached.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B. For grant projects that

will be divided into two or more separately budgeted major activities or sub-projects, show for each budget category of a project year the breakdown of the specific expenses attributable to each sub-project or activity.

2. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
3. If you are requesting reimbursement for indirect costs on line 10, this information is to be completed by your Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which you are applying and/or your approved Indirect Cost Rate Agreement, some direct cost budget categories in your grant application budget may not be included in the base and multiplied by your indirect cost rate. For example, you must multiply the indirect cost rates of "Training grants" (34 CFR 75.562) and grants under programs with "Supplement not Supplant" requirements ("Restricted Rate" programs) by a "modified total direct cost" (MTDC) base (34 CFR 75.563 or 76.563). Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.

When calculating indirect costs (line 10) for "Training grants" or grants under "Restricted Rate" programs, you must refer to the information and examples on ED's website at:

<http://www.ed.gov/fund/grant/apply/appforms/appforms.html>.

You may also contact (202) 377-3838 for additional information regarding calculating indirect cost rates or general indirect cost rate information.

"Please provide your Indirect Cost Rate (e.g. 10%) and your Restricted Indirect Cost Rate, if applicable as part of your budget narrative."

4. Provide other explanations or comments you deem necessary.

FREQUENTLY ASKED QUESTIONS AND ANSWERS

- Q1. *Our center has previously received NRC and/or FLAS grants. Is it appropriate to mention our past successful applications in the current application?***
- A. It is appropriate to mention previous grants and what has been institutionalized or enhanced in terms of area studies, international studies, and language training as a result of previous Title VI grants. The discussion should be sufficiently succinct to “set the stage” for the current application narrative, and not be a lengthy retrospective.
- Q2. *What does the U.S. Department of Education (the “Department”) consider helpful for presenting the application narrative and other important information?***
- A. In presenting the application narrative (your responses to the selection criteria and competitive preference priorities), we encourage you to follow the selection criteria order as listed in the program regulations pp 70 - 81), and make sure that your responses are in the correct place(s). Additionally, use page references in the budget detail pages to remind the reviewers that the requested costs are relevant, include an acronyms list, and, decide whether information is better conveyed in tables and charts rather than in narrative form.
- Q3. *In the application, should we describe our center's "outreach" to institutions, organizations, and individuals in other countries?***
- A. Yes, but not in the response to the “Outreach Activities” selection criterion, which asks applicants to describe their regional, national, and local domestic outreach activities. You may describe linkages with overseas institutions of higher education and organizations, overseas professional development opportunities that contribute to the teaching and research of the center, and other international initiatives as applicable to other selection criteria.
- Q4. *Our center engages in K - 16 outreach activities. Is this sufficient to meet the Absolute Priority for the National Resource Centers Program?***
- A. While K-16 outreach activities align with the absolute priority, do not limit the discussion of teacher training activities to the Outreach criterion. The selection criteria offer opportunities to expand on teacher training and initiatives elsewhere as well, such as Quality of Staff Resources, Quality of the Non-language Instructional Program, and Impact and Evaluation.
- Q5. *What is the difference between a Competitive Preference Priority and an Invitational Priority?***
- A. An applicant may receive additional qualitative points for a Competitive Preference Priority (CPP), depending upon how well the application meets the CPP. An Invitational Priority (IP) “Invites” applicants to include certain information in the application, but points are not awarded for meeting an invitational priority.
- Q6. *May more than one center at an institution submit NRC/FLAS applications?***
- A. Yes. More than one center or program or institute at an institution may submit NRC/FLAS applications.
- Q7. *Are the appendices included in the recommended page limit?***
- A. No.
- Q8. *Are undergraduate students eligible to receive FLAS fellowships?***
- A. Yes. Undergraduate students may be eligible to receive FLAS fellowships if they are studying a Less Commonly Taught Language at the intermediate or advanced level of study, in combination with area or international studies.

- Q9. How much should we request in the NRC budget and in the FLAS budget?**
- A. The requested funds should be reasonable, necessary, and appropriate for implementing the proposed project. The estimated funding information published in the Notice Inviting Applications may be helpful in setting the parameters for your proposed budget.
- Q10. What information does the Department take into consideration when selecting applications for new FY 2018 NRC and FLAS grants?**
- A. We rely on the panel review process, i.e., the peer reviewers' expertise to identify the highly competitive applicants that merit funding consideration. Also, as described in the "Award Basis" section of the FY 2018 Notice Inviting Applications, the Department will consider, among other things, the applicant's performance and use of funds under a previous or existing award under any Department program.
- Q11. How will decisions about continuation funding be made?**
- A. We make non-competing continuation funding decisions based on whether the grantee is making substantial progress toward meeting its project objectives, as reflected in the annual performance reports submitted into the International Resource Information System (IRIS) reporting system. We also review the grantee's financial activities in the Department's G5 system (excessive drawdowns, insufficient drawdowns, A-133 audit information). The performance and financial "health" of the project determines whether the Department will continue to invest in the funded project. Continuation funding is also contingent upon the availability of Federal funds in subsequent fiscal years.
- To view the NRC and FLAS reporting screens in IRIS, please visit the IRIS web site at:
- <http://iris.ed.gov/iris/pdfs/NRC.pdf>
http://iris.ed.gov/iris/pdfs/FLAS_director.pdf
http://iris.ed.gov/iris/pdfs/FLAS_fellow.pdf
- Q12. Is there a matching requirement for the NRC or FLAS program?**
- A. These programs do not have cost-share or matching requirements. Therefore, applicants should not include Section B of the ED 524 form in their applications. If you do, and if you are recommended for funding, the center and the institution will be held accountable for the amounts reflected on that form.
- Information provided in the application to demonstrate "Commitment to the Subject Area on which the Center Focuses" does not constitute cost-sharing or cost-matching.
- Q13. Are we allowed to include project evaluation costs in our NRC budget and is there any limitation on the amount?**
- A. Including project evaluation costs in the NRC budget is appropriate and allowable. Applications should request an amount that is reasonable and justifiable in terms of the overall project scope and total budget request.
- Q14. What happens to my application after the Department receives it?**
- A. Applications are screened to ensure compliance with the competition requirements and that they are eligible to be submitted into the peer review process. Applications are also screened for type, i.e., comprehensive or undergraduate, whether FLAS fellowships are being requested, and the world area or thematic focus.
- Q15. Who serves on the peer review panels, and what is involved in the peer review process?**

- A. Each peer review panel includes three readers: two area studies experts and a language expert. Peer reviewers are selected from the pool of field readers whose profiles have been submitted into the Department's G5 system and who are qualified to review Title VI NRC/FLAS applications. Three reviewers read and score all applications, using the selection criteria for the NRC program and the FLAS program. The total of the three scores for each program is divided by three to determine the application's average score. Funding recommendations for the NRC program and the FLAS program are based upon the ranking of the average scores within a world area. The NRC and FLAS, are reviewed by several Department offices, with final review and approval by the Secretary of Education. After the slates are signed by the Secretary and Congressional notifications have been completed, IFLE notifies grantees and issues Grant Award Notifications (GANs).

Q16. *What happens if the Department deems an application ineligible?*

- A. The application is not submitted into the peer review process. Section 75.216 of EDGAR prohibits the Department from evaluating an application if it does not meet the program eligibility criteria, or does not otherwise comply with application requirements. We will return the application along with a letter indicating the reason(s) why the application was deemed ineligible.

Q17. *How long does it take the Department to complete the review process?*

- A. The external peer review will be conducted over a two-week period. After that, we hope to complete all grant-making activities so that we can notify new FY 18 grantees by early August, 2018.
