2021 SCHOOL-LEVEL FINANCE SURVEY BASIC INSTRUCTIONS

For help with questions, contact the Educational Finance Branch of the U.S. Census Bureau at 1-800-622-6193 or ERD.SLFS.List@census.gov.

Report amounts for the 2021 fiscal year as defined by the school's state government.

[Parenthetical references in bold below pertain to program, function, and object codes contained in *Financial Accounting for Local and State School Systems, National Center for Education Statistics, 2014.*]

GUIDANCE ON FEDERAL FUND EXCLUSIONS

The School-Level Finance Survey (SLFS) requests that schools report all amounts twice: (1) including expenditures made from all federal, state and local funds; and (2) including expenditures made from all state and local funds, but excluding expenditures paid from federal funds other than federal funds intended to replace local tax revenues (e.g., expenditures paid from federal Impact Aid funds).

SLFS item codes can be found in the upper-left corner of each category on the form. Item codes ending in "S" should be used to report the requested amounts including all federal, state and local funds, and item codes ending in "SE" should be used to report those amounts with exclusion of expenditures from federal funds other than federal funds intended to replace local tax revenues.

For example, "Z39S" and "Z39SE" are the item codes for the "Teacher salaries" category (Part II, line 1 of the survey form). Z39S should include teacher salaries paid from all federal, state, and local funds. Z39SE should include teacher salaries paid from these funds with exclusion of teacher salaries paid from federal funds other than federal funds intended to replace local tax revenues.

Part I – CURRENT OPERATION EXPENDITURE

Include for the functions shown on lines 1 through 11 expenditures for salaries and wages only (column (1)), employee benefits only (column (2)), and all current operation expenditure (column (3)). **Column (3) totals should include amounts entered in columns (1) and (2).** Additionally, column (3) totals should include such objects as contracts, rent, insurance, utilities, maintenance services, printing, tuition paid to private schools, purchase of food, supplies, and materials. Exclude capital outlay expenditures, payments to other local education agencies, payments to the state, cities, counties, or special districts, debt service payments, interfund transfers, and the purchase of stocks, bonds, securities, and other investment assets. Employee benefit amounts in column (2) (and the corresponding total in column (3)) should include payments made by the state or other governments on behalf of the school district that benefit active employees of the school district.
