

[www.dhs.gov/dhs-foia-privacy-act-request-submission-form](http://www.dhs.gov/dhs-foia-privacy-act-request-submission-form). Even if neither the Privacy Act nor the Judicial Redress Act provide a right of access, certain records about you may be available under the Freedom of Information Act.

When an individual is seeking records about himself or herself from this system of records or any other Departmental system of records, the individual's request must conform with the Privacy Act regulations set forth in 6 CFR part 5. The individual must first verify his/her identity, meaning that the individual must provide his/her full name, current address, and date and place of birth. The individual must sign the request, and the individual's signature must either be notarized or submitted under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. An individual may obtain more information about this process at <http://www.dhs.gov/foia>. In addition, the individual should, whenever possible:

- Describe the records sought, including any circumstances or reasons why the Department would have information being requested;
- Identify which component(s) of the Department or Department Headquarters Office he or she believes may have the information;
- Specify the timeline when the individual believes the records would have been created; and
- Provide any other information that will help the FOIA staff determine which DHS Headquarters Office or component agency may have responsive records;

If the request is seeking records pertaining to another living individual, the request must include a statement from the living individual verifying the identity of the individual, as described in the verification steps above, and provide a statement from the living individual certifying the individual's agreement that records concerning the individual may be released to you.

Without the above information, the component(s) may not be able to conduct an effective search, and the individual's request may be denied due to lack of specificity or lack of compliance with applicable regulations.

#### CONTESTING RECORD PROCEDURES:

For records covered by the Privacy Act or covered JRA records, individuals may make a request for amendment or correction of a record of the Department about the individual by writing directly to the Department component that maintains the record, unless the record is not subject to amendment or

correction. The request should identify each particular record in question, state the amendment or correction desired, and state why the individual believes that the record is not accurate, relevant, timely, or complete. The individual may submit any documentation that would be helpful. If the individual believes that the same record is in more than one system of records, the request should state that and be addressed to each component that maintains a system of records containing the record. Even if neither the Privacy Act nor the Judicial Redress Act provide a right of access, individuals may seek to amend records following the "access procedures" above. DHS/S&T, in its discretion, may choose to make the requested amendment. However, neither this system of records notice, nor DHS/S&T's making a requested amendment, confers to individuals any right to access, contest, or amend records not covered by the Privacy Act or Judicial Redress Act.

#### NOTIFICATION PROCEDURES:

See "Record Access Procedures" above.

#### EXEMPTIONS PROMULGATED FOR THE SYSTEM:

None. When this system receives a record from another system exempted in that source system under 5 U.S.C. 552a(j)(2), DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated.

*Abstract:* This notice concerns the collection of information that is sufficient and relevant to evaluate and select proposals for funding under the NGGDPP. We will accept proposals from state geological surveys requesting funds to inventory and assess the condition of current collections and data preservation needs. Financial assistance will be awarded annually on a competitive basis following the evaluation and ranking of state proposals by a review panel composed of representatives from the U.S. Department of the Interior, state geological surveys, and academic institutions. To submit a proposal, respondents must complete a project narrative and submit the application via [www.grants.gov](http://www.grants.gov). Grant recipients must complete a final technical report at the end of the project period. Narrative and report guidance is available at <https://datapreservation.usgs.gov>, <https://grants.gov>, and <https://grantsolutions.gov>.

Annual data preservation priorities are provided in the Program Announcement as guidance for applicants to consider when submitting proposals. Since its inception in 2007, NGGDPP has awarded 46 states with \$12 million, which, when matched or exceeded by the states, amounts to over \$24 million invested in the rescue and preservation efforts. This notice concerns the collection of information that is sufficient and relevant to evaluate and select proposals for funding. We will protect information from respondents considered proprietary under the Freedom of Information Act (5 U.S.C. 552) and implementing regulations (43 CFR part 2), and under regulations at 30 CFR 250.197, "Data and information to be made available to the public or for limited inspection." Responses are voluntary. No questions of a "sensitive" nature are asked. We intend to release the project abstracts and identify states for awarded/funded projects only.

*OMB Control Number:* 1028-0087.

*Form Number:* None.

*Type of Review:* Extension of a currently approved collection.

*Respondents/Affected Public:* All state geological surveys may apply for NGGDPP grants.

*Total Estimated Number of Annual Respondents:* 35.
