(d) Supremacy of Federal standards

Whenever a Federal manufactured home construction and safety standard established under this chapter is in effect, no State or political subdivision of a State shall have any authority either to establish, or to continue in effect, with respect to any manufactured home covered, any standard regarding the construction or safety applicable to the same aspect of performance of such manufactured home which is not identical to the Federal manufactured home construction and safety standard. Federal preemption under this subsection shall be broadly and liberally construed to ensure that disparate State or local requirements or standards do not affect the uniformity and comprehensiveness of the standards promulgated under this section nor the Federal superintendence of the manufactured housing industry as established by this chapter. Subject to section 5404 of this title, there is reserved to each State the right to establish standards for the stabilizing and support systems of manufactured homes sited within that State, and for the foundations on which manufactured homes sited within that State are installed, and the right to enforce compliance with such standards, except that such standards shall be consistent with the purposes of this chapter and shall be consistent with the design of the manufacturer.

(e) Considerations in establishing and interpreting standards and regulations The consensus committee, in recommending standards, regulations, and interpretations, and the Secretary, in establishing standards or regulations or issuing interpretations under this section, shall—

(2) consult with such State or interstate agencies (including legislative committees) as he deems appropriate;

(3) consider whether any such proposed standard is reasonable for the particular type of manufactured home or for the geographic region for which it is prescribed;

(4) consider the probable effect of such standard on the cost of the manufactured home to the public; and

(5) consider the extent to which any such standard will contribute to carrying out the purposes of this chapter.

(f) Coverage; exclusion The Secretary shall exclude from the coverage of this chapter any structure which the manufacturer certifies, in a form prescribed by the Secretary, to be:

(1) designed only for erection or installation on a site-built permanent foundation;

(2) not designed to be moved once so erected or installed;

(3) designed and manufactured to comply with a nationally recognized model building code or an equivalent local code, or with a State or local modular building code recognized as generally equivalent to building codes for site-built housing, or with minimum property standards adopted by the Secretary pursuant to title II of the National Housing Act [12 U.S.C. 1707 et seq.]; and

(4) to the manufacturer's knowledge is not intended to be used other than on a site-built permanent foundation.

(g) Manufactured housing construction and safety standards

(1) The Federal manufactured home construction and safety standards established by the Secretary under this section shall include preemptive energy conservation standards in accordance with this subsection.

(2) The energy conservation standards established under this subsection shall be cost-effective energy conservation performance standards designed to ensure the lowest total of construction and operating costs.

(3) The energy conservation standards established under this subsection shall take into consideration the design and factory construction techniques of manufactured homes and shall provide for alternative practices that result in net estimated energy consumption equal to or less than the specified standards.

(h) New performance standards for hardboard siding

The Secretary shall develop a new standard for hardboard panel siding on manufactured housing taking into account durability, longevity, consumer's costs for maintenance and any other relevant information pursuant to subsection (e). The Secretary shall consult with the National Manufactured Home Advisory Council and the National Commission on Manufactured Housing in establishing the new standard. The new performance standard developed shall ensure the durability of hardboard sidings for at least a normal life of a mortgage with minimum maintenance required. Not later than 180 days from October 28, 1992, the Secretary shall update the standards for hardboard siding.

42 U.S. Code § 5404. Manufactured home installation

A manufacturer shall provide with each manufactured home, design and instructions for the installation of the manufactured home that have been approved by a design approval primary inspection agency. After establishment of model standards under subsection (b)(2), a design approval primary inspection agency may not give such approval unless a design and instruction provides equal or greater protection than the protection provided under such model standards.

(b) Model manufactured home installation standards

(1) Proposed model standards Not later than 18 months after the date on which the initial appointments of all the members of the consensus committee are completed, the consensus committee shall develop and submit to the Secretary proposed model manufactured home installation standards, which shall, to the maximum extent practicable, taking into account the factors described in section 5403(e) of this title, be consistent with—

(A) the manufactured home designs that have been approved by a design approval primary inspection agency; and

(B) the designs and instructions for the installation of manufactured homes provided by manufacturers under subsection (a).

(2) Establishment of model standards Not later than 12 months after receiving the proposed model standards submitted under paragraph (1), the Secretary shall develop and establish model manufactured home installation standards, which shall, to the maximum extent practicable, taking into account the factors described in section 5403(e) of this title, be consistent with—

(A) the manufactured home designs that have been approved by a design approval primary inspection agency; and

(B) the designs and instructions for the installation of manufactured homes provided by manufacturers under subsection (a).

(3) Factors for consideration

(A) Consensus committee

In developing the proposed model standards under paragraph (1), the consensus committee shall consider the factors described in section 5403(e) of this title.

(c) Manufactured home installation programs

(1) Protection of manufactured housing residents during initial period

During the 5-year period beginning on December 27, 2000, no State or manufacturer may establish or implement any installation standards that, in the determination of the Secretary, provide less protection to the residents of manufactured homes than the protection provided by the installation standards in effect with respect to the State or manufacturer, as applicable, on December 27, 2000.

(2) Installation standards

(A) Establishment of installation program

Not later than the expiration of the 5-year period described in paragraph (1), the Secretary shall establish an installation program that meets the requirements of paragraph (3) for the enforcement of installation standards in each State described in subparagraph (B) of this paragraph.

(B) Implementation of installation program

Beginning on the expiration of the 5-year period described in paragraph (1), the Secretary shall implement the installation program established under subparagraph (A) in each State that does not have an installation program established by State law that meets the requirements of paragraph (3).

(C) Contracting out of implementation

In carrying out subparagraph (B), the Secretary may contract with an appropriate agent to implement the installation program established under that subparagraph, except that such agent shall not be a person or

entity other than a government, nor an affiliate or subsidiary of such a person or entity, that has entered into a contract with the Secretary to implement any other regulatory program under this chapter.

(3) Requirements An installation program meets the requirements of this paragraph if it is a program regulating the installation of manufactured homes that includes—

(A) installation standards that, in the determination of the Secretary, provide protection to the residents of manufactured homes that equals or exceeds the protection provided to those residents by—

(i) the model manufactured home installation standards established by the Secretary under subsection (b)(2); or

(ii) the designs and instructions provided by manufacturers under subsection (a), if the Secretary determines that such designs and instructions provide protection to the residents of manufactured homes that equals or exceeds the protection provided by the model manufactured home installation standards established by the Secretary under subsection (b)(2);

(B) the training and licensing of manufactured home installers; and

(C) inspection of the installation of manufactured homes.

42 U.S. Code § 5405. Judicial review of orders establishing standards; petition; additional evidence before Secretary; certified copy of transcript

(a)

(1) In a case of actual controversy as to the validity of any order under section 5403 of this title, any person who may be adversely affected by such order when it is effective may at any time prior to the sixtieth day after such order is issued file a petition with the United States court of appeals for the circuit wherein such person resides or has his principal place of business, for judicial review of such order. A copy of the petition shall be forthwith transmitted by the clerk of the court to the Secretary or other officer designated by him for that purpose. The Secretary thereupon shall file in the court the record of the proceedings on which the Secretary based his order, as provided in section 2112 of title 28.

(2) If the petitioner applies to the court for leave to adduce additional evidence, and shows to the satisfaction of the court that such additional evidence is material and that there were reasonable grounds for the failure to adduce such evidence in the proceeding before the Secretary, the court may order such additional evidence (and evidence in rebuttal thereof) to be taken before the Secretary, and to be adduced upon the hearing, in such manner and upon such terms and conditions as to the court may seem proper. The Secretary may modify his findings as to the facts, or make new findings, by reason of the additional evidence so taken, and he shall file such modified or new findings, and his recommendation, if any, for the modification or setting aside of his original order, with the return of such additional evidence.

(3) Upon the filing of the petition referred to in paragraph (1) of this subsection, the court shall have jurisdiction to review the order in accordance with the provisions of sections 701 through 706 of title 5, and to grant appropriate relief.

(4) The judgment of the court affirming or setting aside, in whole or in part, any such order of the Secretary shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

(5) Any action instituted under this subsection shall survive, notwithstanding any change in the person occupying the office of Secretary or any vacancy in such office.

(6) The remedies provided for in this subsection shall be in addition to and not in substitution for any other remedies provided by law.

(b) A certified copy of the transcript of the record and proceedings under this section shall be furnished by the Secretary to any interested party at his request and payment of the costs thereof, and shall be admissible in any criminal, exclusion of imports, or other proceeding arising under or in respect of this chapter, irrespective of whether proceedings with respect to the order have previously been initiated or become final under subsection (a).

42 U.S. Code § 5406. Submission of cost or other information by manufacturer

(a) Purpose of submission; detail of information

Whenever any manufacturer is opposed to any action of the Secretary under section 5403 of this title or under any other provision of this chapter on the grounds of increased cost or for other reasons, the manufacturer shall submit to the Secretary such cost and other information (in such detail as the Secretary may by rule or order prescribe) as may be necessary in order to properly evaluate the manufacturer's statement. The Secretary shall submit such cost and other information to the consensus committee for evaluation.

(b) Conditions upon availability to public of submitted information

Such information shall be available to the public unless the manufacturer establishes that it contains a trade secret or that disclosure of any portion of such information would put the manufacturer at a substantial competitive disadvantage. Notice of the availability of such information shall be published promptly in the Federal Register. If the Secretary determines that any portion of such information contains a trade secret or that the disclosure of any portion of such information would put the manufacturer at a substantial competitive disadvantage, such portion may be disclosed to the public only in such manner as to preserve the confidentiality of such trade secret or in such combined or summary

form so as not to disclose the identity of any individual manufacturer, except that any such information may be disclosed to other officers or employees concerned with carrying out this chapter or when relevant in any proceeding under this chapter. Nothing in this subsection shall authorize the withholding of information by the Secretary or any officer or employee under his control from the duly authorized committees of the Congress.

(c) “Cost information” defined

For purposes of this section, “cost information” means information with respect to alleged cost increases resulting from action by the Secretary, in such a form as to permit the public, the consensus committee, and the Secretary to make an informed judgment on the validity of the manufacturer’s statements. Such term includes both the manufacturer’s cost and the cost to retail purchasers.

(d) Power of Secretary to obtain or require submission of information under other provisions unaffected

Nothing in this section shall be construed to restrict the authority of the Secretary to obtain or require submission of information under any other provision of this chapter.

42 U.S. Code § 5407. Research, testing, development, and training by Secretary

(a) Scope The Secretary shall conduct research, testing, development, and training necessary to carry out the purposes of this chapter, including, but not limited to—

(1) collecting data from any source for the purpose of determining the relationship between manufactured home performance characteristics and (A) accidents involving manufactured homes, and (B) the occurrence of death, personal injury, or damage resulting from such accidents;

The Secretary shall disclose so much of other information obtained under this subsection to the public as he determines will assist in carrying out this chapter; but he shall not (under the authority of this sentence) make available or disclosure to the public any information which contains or relates to a trade secret or any information the disclosure of which would put the person furnishing such information at a substantial competitive disadvantage, unless he determines that it is necessary to carry out the purpose of this chapter.

(d) Refusal to obey subpoena or order of Secretary; order of compliance by district court; failure to obey order of compliance punishable as contempt

Any of the district courts of the United States within the jurisdiction of which an inquiry is carried on may, in the case of contumacy or refusal to obey a subpoena or order of the Secretary issued under paragraph (1) or paragraph (3) of subsection (c) of this section, issue an order requiring compliance therewith; and any failure to obey such order of the court may be punished by such court as a contempt thereof.

The Secretary is authorized to require the manufacturer to give notification of such performance and technical data to—

(1) each prospective purchaser of a manufactured home before its first sale for purposes other than resale, at each location where any such manufacturer's manufactured homes are offered for sale by a person with whom such manufacturer has a contractual, proprietary, or other legal relationship and in a manner determined by the Secretary to be appropriate, which may include, but is not limited to, printed matter (A) available for retention by such prospective purchaser, and (B) sent by mail to such prospective purchaser upon his request; and

(h) Disclosure of confidential information and trade secrets

All information reported to or otherwise obtained by the Secretary or his representative pursuant to subsection (b), (c), (f), or (g) which contains or relates to a trade secret, or which, if disclosed, would put the person furnishing such information at a substantial competitive disadvantage, shall be considered confidential, except that such information may be disclosed to other officers or employees concerned with carrying out this chapter or when relevant in any proceeding under this chapter. Nothing in this section shall authorize the withholding of information by the Secretary or any officer or employee under his control from the duly authorized committees of the Congress.

42 U.S. Code § 5414. Notification and correction of defects by manufacturer

(a) Notice to purchaser within reasonable time after discovery of defect

Every manufacturer of manufactured homes shall furnish notification of any defect in any manufactured home produced by such manufacturer which he determines, in good faith, relates to a Federal manufactured home construction or safety standard or contains a defect which constitutes an imminent safety hazard to the purchaser of such manufactured home, within a reasonable time after such manufacturer has discovered such defect.

(b) Notification by mail The notification required by subsection (a) shall be accomplished—

(1) by mail to the first purchaser (not including any retailer or distributor of such manufacturer) of the manufactured home containing the defect, and to any subsequent purchaser to whom any warranty on such manufactured home has been transferred;

(2) by mail to any other person who is a registered owner of such manufactured home and whose name and address has been ascertained pursuant to procedures established under subsection (f); and

(3) by mail or other more expeditious means to the retailer or retailers of such manufacturer to whom such manufactured home was delivered.

(c) Form and requisites of notification

The notification required by subsection (a) shall contain a clear description of such defect or failure to comply, an evaluation of the risk to manufactured home occupants' safety reasonably related to such defect, and a statement of the measures needed to repair the defect. The notification shall also inform the owner whether the defect is a construction or safety defect which the manufacturer will have corrected at no cost to the owner of the manufactured home under subsection (g) or otherwise, or is a defect which must be corrected at the expense of the owner.

(d) Copy to Secretary of all notices, bulletins, and communications sent by manufacturer to retailers and purchasers concerning defects; disclosure to public by Secretary

Every manufacturer of manufactured homes shall furnish to the Secretary a true or representative copy of all notices, bulletins, and other communications to the retailers of such manufacturer or purchasers of manufactured homes of such manufacturer regarding any defect in any such manufactured home produced by such manufacturer. The Secretary shall disclose to the public so much of the information

contained in such notices or other information obtained under section 5413 of this title as he deems will assist in carrying out the purposes of this chapter, but he shall not disclose any information which contains or relates to a trade secret, or which, if disclosed, would put such manufacturer at a substantial competitive disadvantage, unless he determines that it is necessary to carry out the purposes of this chapter.

(e) Notice by Secretary to manufacturers of noncompliance with standards or defective nature of manufactured home; contents of notice; presentation by manufacturer of views; notice to purchasers of defects If the Secretary determines that any manufactured home—

(1) does not comply with an applicable Federal manufactured home construction and safety standard prescribed pursuant to section 5403 of this title; or

(2) contains a defect which constitutes an imminent safety hazard,

then he shall immediately notify the manufacturer of such manufactured home of such defect or failure to comply. The notice shall contain the findings of the Secretary and shall include all information upon which the findings are based. The Secretary shall afford such manufacturer an opportunity to present his views and evidence in support thereof, to establish that there is no failure of compliance. If after such presentation by the manufacturer the Secretary determines that such manufactured home does not comply with applicable Federal manufactured home construction or safety standards, or contains a defect which constitutes an imminent safety hazard, the Secretary shall direct the manufacturer to furnish the notification specified in subsections (a) and (b) of this section.

Every manufacturer of manufactured homes shall maintain a record of the name and address of the first purchaser of each manufactured home (for purposes other than resale), and, to the maximum extent feasible, shall maintain procedures for ascertaining the name and address of any subsequent purchaser thereof and shall maintain a record of names and addresses so ascertained. Such records shall be kept for each home produced by a manufacturer. The Secretary may establish by order procedures to be followed by manufacturers in establishing and maintaining such records, including procedures to be followed by distributors and retailers to assist manufacturers to secure the information required by this subsection. Such procedures shall be reasonable for the particular type of manufactured home for which they are prescribed.

(g) Correction of defects by manufacturer; conditions; procedures; contract or legal rights of purchasers or other persons unaffected A manufacturer required to furnish notification of a defect under subsection

(a) or (e) shall also bring the manufactured home into compliance with applicable standards and correct the defect or have the defect corrected within a reasonable period of time at no expense to the owner, but only if—

(1) the defect presents an unreasonable risk of injury or death to occupants of the affected manufactured home or homes;

(2) the defect can be related to an error in design or assembly of the manufactured home by the manufacturer.

The Secretary may direct the manufacturer to make such corrections after providing an opportunity for oral and written presentation of views by interested persons. Nothing in this section shall limit the rights of the purchaser or any other person under any contract or applicable law.

(h) Submission to Secretary by manufacturer of plan for notifying owners of defects and repair of defects; approval of manufacturer's remedy plan; effectuation and implementation of remedy plan

The manufacturer shall submit his plan for notifying owners of the defect and for repairing such defect (if required under subsection (g)) to the Secretary for his approval before implementing such plan. Whenever a manufacturer is required under subsection (g) to correct a defect, the Secretary shall approve with or without modification, after consultation with the manufacturer of the manufactured home involved, such manufacturer's remedy plan including the date when, and the method by which, the notification and remedy required pursuant to this section shall be effectuated. Such date shall be the earliest practicable one but shall not be more than sixty days after the date of discovery or determination of the defect or failure to comply, unless the Secretary grants an extension of such period for good cause shown and publishes a notice of such extension in the Federal Register. Such manufacturer is bound to implement such remedy plan as approved by the Secretary.

(i) Defective or inadequately repaired manufactured homes; replacement with new or equivalent home or refund of purchase price

Where a defect or failure to comply in a manufactured home cannot be adequately repaired within sixty days from the date of discovery or determination of the defect, the Secretary may require that the manufactured home be replaced with a new or equivalent home without charge, or that the purchase price be refunded in full, less a reasonable allowance for depreciation based on actual use if the home has been in the possession of the owner for more than one year.
