PRIVACY THRESHOLD ANALYSIS (PTA)

The PTA is a compliance form developed by the Privacy Branch to identify the use of Personally Identifiable Information (PII) across the Department. The PTA is the first step in the PII verification process, which focuses on these areas of inquiry:

- Purpose for the information,
- Type of information,
- Sensitivity of the information,
- Use of the information,
- And the risk to the information.

Please use the attached form to determine whether a Privacy Impact Assessment (PIA) is required under the E-Government Act of 2002 or a System of Record Notice (SORN) is required under the Privacy Act of 1974, as amended.

Please complete this form and send it to your program Privacy Liaison Officer (PLO). If you have no program Privacy Liaison Officer, please send the PTA to the HUD Privacy Branch:

John Bravacos, Senior Agency Official for Privacy (SAOP)
U.S. Department of Housing and Urban Development

privacy@hud.gov

Upon receipt from your program PLO, the HUD Privacy Branch will review this form. If a PIA or SORN is required, the HUD Privacy Branch will send you a copy of the PIA and SORN templates to complete and return.

SPECIFIC PTA QUESTIONS

1. Reason for submitting the PTA: Choose an item.

The HUD-50058, HUD-50058 MTW, and HUD-50058 MTW Expansion Family Reports are forms that are submitted to the IMS/PIC system by public housing authorities (PHAs). The information provided on this form is due to the PRA currently being submitted to obtain OMB approval for the HUD-50058 MTW Expansion form, which is a derivative of the other two forms in this information collection. The last PRA for the forms in this information collection included the IPA form, which is no longer in use, therefore this form is being used this time. This PTA is solely for the forms in this information collection; it is not meant as an update to the PTA for the IMS/PIC system. Any information provided about IMS/PIC is only due to that being the system the data is submitted into.

The forms HUD-50058, HUD-50058 MTW, and HUD-50058 MTW Expansion Family Reports solicit demographic, family profile, income and housing information on the entire nationwide population participating in the public housing and voucher programs. This information is utilized for the subsequent purposes:

- *Analyze public housing and housing choice voucher programs;*
- *Permit PHAs to monitor their own reporting to identify favorable and unfavorable trends;*
- *Monitor PHAs and participants for compliance with program regulations and requirements;*
- *Fraud detection and prevention via rent/income monitoring;*
- *Housing inventory and development of program initiatives with emphasis on the housing of special needs group; and*
- *Make available accurate demographic information depicting tenant characteristics to Congress and other interested parties.*

The last update to the HUD-50058 and HUD-50058 MTW occurred in 2013. In 2016 the forms were renewed by OMB with no changes. There are no changes to those forms in this PRA request. There is no change to the burden hours since the 100 agencies that will cease to submit the HUD-50058, which is part of this information collection, that they currently utilize and will instead submit the HUD-50058 MTW Expansion.
