The IMS/PIC modernization system will store data from the Family Report, MTW Expansion Family Report, and MTW Family Report. The IMS/PIC modernization system will connect to external partner systems, which includes Public Housing Agency (PHA) systems, in order to transmit data between the two systems. A Memorandum of Understanding (MOU) / Interconnection Security Agreement (ISA) will be required for these system connections, with the purpose of establishing a management agreement regarding the development, management, operation, and security of the connection between the IMS/PIC modernization system and the connecting system.

The MOU/ISA for the system connection will have no significant impact on information collection burden.
