Part III Section A.2 About Work Plan Requirements (FGP)

1) About Work Plans

- A Work Plan is **a task plan with action steps** to address a specified community need. In the grant application, these Work Plans form the basis for a proposed project plan: the need the volunteers will address, what they will do, what their service should accomplish for each three-year performance period of the grant.

- Work Plans follow a standard format.
- Work Plans capture the focus of the volunteers' services in standard categories. These include **Focus Areas and Service Activities**.
- Your Work Plans should align with the Strengthening Communities Narrative section of this grant application. Work Plans translate the narrative information that you provided into organized task plans that include the inputs (unduplicated volunteers), service activities, outputs, and outcomes. The Work Plans also provide a place for you to set targets for outputs and outcomes.

2) How many Work Plans are needed?

The number of Work Plans needed is determined by how you place your volunteers, and by the types of service activities they will undertake.

3) How are Work Plans completed?

Data that you enter into the **eGrants Performance Measures Module (PMM)** are the basis for your work plans. As you enter data on the community need and select your outcomes, outputs, service activities and other information, the eGrants PMM will build your work plans for you.

Attachment 3 consists of worksheets designed to help you plan your performance measures. These worksheets can help to organize how you will fit your performance measures together with the volunteer activities. We recommend that you use the worksheets and instructions to map out your work plans, and then use the completed worksheets to transfer the information into the eGrants PMM.

Please http://www.seniorcorps.gov/for_organizations/manage/index.asp for step-by-step instructions on how to use the eGrants PMM.

4) Which sections of the Work Plans must be completed and what is the purpose of each section?

The following sections must be completed for all outcome work plans addressing the requirement of **75 percent of Foster Grandparent volunteers serving in Agency-Wide Priority Measure Outcomes for K-12 Success and/or School Readiness**.

(a) Description of Community Need: The description of the community need must be completed for each output you select. This needs statement should explain the compelling need that will be addressed by the volunteers. When you develop your community need, be sure to:

- Describe the need in enough detail to convey its importance in the community. Use of local statistics can be helpful to make your case.
- Describe the consequences of the need going unmet in the community.
- Describe why Foster Grandparent volunteers can be effective resources to meet the need.
- Describe the need in a way that is clear to people unfamiliar with your community. Do not assume that other readers have an existing understanding.

(b) Primary Focus Area and Objective: the Focus Area and Objective must be completed by selecting the correct options on the pull down menus in the eGrants PMM.

(c) Output: Outputs are the immediate results of the volunteers' services. These are usually counts – numbers of children served, etc. The output is selected using the pull down menu in the eGrants PMM.

(d) Service Activity: The service activity (or activities) is the task that the volunteers will perform. The service activity description should explain what the FGPvolunteers are doing in a way that shows

how they will achieve the outputs and outcomes. Say who the beneficiaries are, and what the volunteers will be doing with the beneficiaries. Say how often volunteers will provide the service and for how long. Say where the service will take place. For each output, you may select more than one service activity. The service activities are selected using the pull down menu in the eGrants PMM. **For each service activity selected, the eGrants PMM will create a separate work plan.**

- (e) Number of Unduplicated Volunteers:** This is the proposed number of volunteers who will be performing each service activity. Each volunteer can only be counted once when assigned to a service activity. The volunteer should be counted in the area where he/she will make the most impact – in terms of the type of service or in terms of the scope of service, such as the most number of hours served.
- (f) Total Number of Volunteers:** Here, you enter the total volunteers engaged in the activities, if you were to assign all of them according to each activity. In this way, volunteers **can** be counted more than once – for example, if the same volunteer does two different types of activities such as tutoring AND mentoring, you can account for both assignments in this field.
- (g) Targets:** The target is the number that you anticipate achieving in the performance period (usually three years). For example, if you think your volunteers will serve 50 children in Head Start over the course of the performance period, you would enter 50 as your target.
- (h) Instrument used for Tracking Output:** This is the tool that will be used for data collection. The Instrument is selected using the pull down menu in the eGrants PMM.
- (i) Outcome:** Outcomes are the longer term or permanent change or improvement expected in the community due to the volunteers and their services. The outcome is selected using the pull down menu in the eGrants PMM. As noted in the requirement sections, a minimum of 10 percent of your total unduplicated volunteers must be in assignments with outcomes
- (j) Instrument used for Tracking Output:** This is the tool that will be used for data collection. The Instrument is selected using the pull down menu in the eGrants PMM.

5) Which sections of the Work Plan must be completed for the no more than 25 percent of unduplicated Foster Grandparent volunteers can be placed in assignments that address:

- **Agency-Wide Outputs in K-12 Success and/or School Readiness and/or**
- **Complementary Measures Outputs in Child Safety, Welfare, and Health; Education; Economic Opportunity.**

- (a) Description of Community Need:** The description of the community need must be completed for each output you select. This needs statement should explain the compelling need that will be addressed by the volunteers. When you develop your community need, be sure to:
 - Describe the need in enough detail to convey its importance in the community. Use of local statistics can be helpful to make your case.
 - Describe the consequences of the need going unmet in the community.
 - Describe why Foster Grandparent volunteers can be effective resources to meet the need.
 - Describe the need in a way that is clear to people unfamiliar with your community. Do not assume that other readers have an existing understanding.

- (b) **Primary Focus Area and Objective:** For FGP, the Primary Focus Area is Education. The Objectives must be completed by selecting the correct options on the pull down menus in the eGrants PMM.
- (c) **Output:** Outputs are the immediate results of the volunteers' services. These are usually counts – numbers of children served, etc. The output is selected using the pull down menu in the eGrants PMM.
- (d) **Service Activity:** The service activity (or activities) is the task that the volunteers will perform. The service activity description should explain what the FGP volunteers are doing in a way that shows how they will achieve the outputs and outcomes. Say who the beneficiaries are, and what the volunteers will be doing with the beneficiaries. Say how often volunteers will provide the service and for how long. Say where the service will take place. For each output, you may select more than one service activity. The service activities are selected using the pull down menu in the eGrants PMM. **For each service activity selected, the eGrants PMM will create a separate work plan.**
- (e) **Number of Unduplicated Volunteers:** This is the proposed number of volunteers who will be performing each service activity. Each volunteer can only be counted once when assigned to a service activity. The volunteer should be counted in the area where he/she will make the most impact – in terms of the type of service or in terms of the scope of service, such as the most number of hours served.
- (f) **Total Number of Volunteers:** Here, you enter the total volunteers engaged in the activities, if you were to assign all of them according to each activity. In this way, volunteers **can** be counted more than once – for example, if the same volunteer does two different types of activities such as tutoring AND mentoring, you can account for both assignments in this field.
- (g) **Targets:** The target is the number that you anticipate achieving in the performance period (usually three years). For example, if you think your volunteers will serve 50 children in Head Start over the course of the performance period, you would enter 50 as your target.
- (h) **Instrument used for Tracking Output:** This is the tool that will be used for data collection. The Instrument is selected using the pull down menu in the eGrants PMM. Give the name of the instrument and briefly describe who will collect the data, and from whom and when it will be collected.

**PART III B: Senior Companion Program (SCP):
Performance Measures and Work Plans - eGrants "Work Plan" Section**

Part III Section B.1 About Performance Measure Requirements (SCP)

1) Senior Companion Program (SCP) Performance Measures

Performance Measures are the means by which SCP grantees demonstrate tangible outcomes and results of the volunteers' services in the community. Performance Measures include the "what" – or the indicators; the "how" – or the tools; and the "proof" – or the targets.

2) SCP Performance Measures Requirements

Your grant application must reflect the Performance Measures Requirements established for the Senior Companion Program, as listed in items A) and B) below. The performance measures are documented as a required part of the Work Plans submitted as part of your grant application.

- A) **Requirement 1:** At least 90 percent of the unduplicated Senior Companion volunteers must be in work plans address Agency-Wide Priority Measures in Healthy Futures - Independent Living Outcome and/or Complementary Program Measures - Respite Care Outcome.
- B) **Requirement 2:** No more than 10 percent of the unduplicated Senior Companion volunteers can be placed in assignments that address the Assisted Living Output Measure. **This option is only available to projects who have volunteers currently in assisted living assignments.**

There are tools available to help you develop your work plans:

- The list of SCP Performance Measures.
- The Work Plan Development Worksheets can be found in Appendix 4.
- The list of Service Activities, which are part of each work plan you develop.
- A list of Suggested Tools and Instruments, which can be used to measure your results.

PART V – BUDGET INSTRUCTIONS: eGrants Budget Sections

Refer to the eGrants Step-by-Step Instructions for entering your budget.

(a) Multi-year applications - Complete the SF 424A Budget form requesting funds for the first annual budget period, following the instructions below. Multi-year project approval does not guarantee that the application will be approved for additional funding. If we approve an application and enter into a multi-year award agreement, we will issue a Notice of Grant Award (NGA) that will provide funding only for the first year. You must submit a continuation application, via eGrants, for each year of the award to request additional funding. We will use the distribution of line item amounts proposed for the first year in budgeting for subsequent years unless you submit an application for revising the budget.

Your CNCS State Office will provide instructions for continuation applications. Following receipt of a Notice of Grant Award (NGA), you may submit applications for revision of your budget via eGrants.

(b) Single-year applications - Complete the SF 424A Budget form for the 12-month period, following the instructions below. Unless otherwise instructed by an agent of the Corporation, or referenced in the *Notice* or supplemental guidance, all grants are multi-year.

General Instructions for SF 424A Budget form Columns 1, 2, 3, and 4:

- (b) In Column 1, enter the total project cost for that line item from all sources.
- (c) In Column 2, enter the amount of Corporation funding requested for each line item and the total.
- (d) In Column 3, enter the amount of funds for the item that is expected to be covered by grantee funds or funds the grantee expects to receive from other sources, including cash and in-kind support.
- (e) Required Non-Federal Share: Please see table below. In cases of demonstrated need, as specified in the respective program regulations, exceptions to these cost-sharing requirements may be allowed.

Program	Required Non-Federal Share
FGP and SCP	New Applicants that do not currently sponsor an FGP or SCP project: 10% of the total project cost
	Current FGP or SCP sponsors applying for a renewal or continuation grant in their current geographic service area: 10% of the total project cost

(f) Enter any contributions in **excess of required non-federal share in optional Column 4**, as stipulated in Section 224 of the Domestic Volunteer Service Act, as amended.

(g) For each Budget Line Item, please:

- Briefly describe all amounts in Columns 2, 3, and 4.

Below are the following instructions for each line item of the budget form.

PART V – SECTION A. VOLUNTEER SUPPORT SERVICES

Source of Matching Funds: Please fill in the sources of non-federal share at the beginning of eGrants Sections I and II.

NOTE: For all line items, please put the total cost in Column 1 and then use Columns 2 – 4 to identify the source of funds as appropriate:

Line A. Project Personnel Expenses – List the title of each staff position charged to the project. List all positions/titles that are either funded by CNCS, grantee share, or excess resources. **Include:**

1. The position title.
2. The full-time equivalent (FTE) annual salary. 100% FTE is normally 40 hours/week. Thus, if an employee works half time or 20 hours/wk for the project and is paid \$10,000 from project funds, the FTE annual salary would be \$20,000.
3. The percentage of time the person will work for the project over a 12 month year (for example, if the employee works 10 hours per week for the project over 12 months, you would enter 25%).

Line B. Personnel Fringe Benefits – Enter in the appropriate column the cost of fringe benefits to which employees are entitled, calculated on the same percentage time indicated under line A for each individual. In your Budget Narrative, provide details concerning the benefits provided. (e.g., Retirement contributions for all staff working over 60% time, calculated at 5% of total annual salaries of \$80,000 = \$4,000).

Line C. Project Staff Travel – Enter travel costs on the local or long-distance lines, as appropriate, on the Budget form. Include only travel costs for staff listed under budget line A and who directly support the grant activities described in your application. Local travel is travel within the project service area as shown in item 12 of the Face Sheet. All travel outside the service area is long distance travel. Briefly list the purpose of anticipated local travel and the basis for cost calculations. For long distance travel, show the purpose for each trip and break out for each the cost of transportation, meals and lodging, and other travel costs.

Line D. Long Distance Travel – Enter travel costs on the long distance lines, as appropriate, on the Budget form. Include only travel costs for staff listed under budget line A and who directly support the grant activities described in your application. All travel outside the service area is long distance travel. For long distance travel, show the purpose for each trip and break out for each the cost of transportation, meals and lodging, and other travel costs.

Line F: Supplies. List the types of supplies and their respective costs. Please itemize large items.

Line G. Contractual and Consultant Services - Enter the cost of contracts and consultants as appropriate. In your Narrative itemize each contract or consultant and provide a brief justification of the need for each. Include here all services documented in a contract, such as clerical support, training consultants, equipment repair and maintenance, or bookkeeping services.

Line H. Other Volunteer Support Costs – Briefly describe all other allowable Volunteer Support Expenses not included in categories A through F, such as criminal history background checks, training, evaluation services, and other items and briefly describe.

- All employees or other individuals who receive a salary or similar payment from the grant (federal or non-federal share).

Line I. Indirect Costs – Enter indirect charges applicable to volunteer support expenses. In your Narrative, describe the type of rate (provisional, predetermined, final or fixed) in effect during the budget period, estimated amount of the base to which the indirect rate was applied, and total indirect expense. Attach a copy of the current negotiated indirect cost agreement with the cognizant federal agency.

TOTAL BUDGET SECTION I - Enter the sum of direct and indirect costs from Section I in columns 1, 2, 3, and 4 as appropriate.

PART V – SECTION B. VOLUNTEER EXPENSES

Line A. Stipends – Stipends are applicable to Foster Grandparent and Senior Companion volunteers only. Please enter as appropriate the number of Volunteer Service Years (VSYs) proposed in each category and multiply the numbers of VSYs times the annual stipend. *Note: Current annual stipend is \$2,766 based on 1 VSY @ 1,044 hours x hourly stipend of \$2.65*

DO NOT include monetary incentives for Senior Companion Leaders in the stipend line item.

1. CNCS-funded ____ x Annual Stipend = \$ _____
2. Non-CNCS-funded ____ x Annual Stipend = \$ _____
3. Non-Stipended: _____

NOTE: Volunteer Service Year (VSY) is a budget term which equals 1,044 hours per year. For example, a volunteer serving 2088 hours per year (averaging 40 hours per week) serves 2 VSYs, while a volunteer serving 783 hours per year (averaging 15 hours per week) serves $\frac{3}{4}$ of a VSY.

Line B. Other Volunteer Costs – Enter in the respective categories the applicable costs and reimbursable expenses in columns 1, 2, 3, and 4, as appropriate. In addition to stipends, FGP and SCP allowable costs and reimbursable expenses include: Insurance, Volunteer Travel, Physical examinations, Meals, Uniforms, and Recognition. For SCP only, monetary incentives for Senior Companion Leaders should be listed in #7: Other Allowable Expenses. Use the Narrative for the corresponding line to provide explanation or show calculations, as needed.
