Decrease the number of homes protected from flooding during a storm

Increase the rate of shoreline erosion

The funds to implement this policy would come from **ONLY residents of coastal New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9
Strongly opposed					Strongly supportive			

Vignette 2

The proposed policy would...

Decrease the amount of wetlands covered by vegetation

Increase the amount of beach covered by sand dunes

Maintain the amount of shoreline shielded by seawalls and coastal armoring

Increase the number of homes protected from flooding during a storm

Maintain the rate of shoreline erosion

The funds to implement this policy would come from **ONLY residents of coastal New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9
Strongly opposed					Strongly supportive			

Vignette 3

The proposed policy would...

Maintain the amount of wetlands covered by vegetation

Increase the amount of beach covered by sand dunes

Decrease the amount of shoreline shielded by seawalls and coastal armoring

Maintain the number of homes protected from flooding during a storm

Increase the rate of shoreline erosion

The funds to implement this policy would come from **ONLY residents of coastal New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9
Strongly opposed								Strongly supportive

Vignette 4

The proposed policy would...

Maintain the amount of wetlands covered by vegetation

Maintain the amount of beach covered by sand dunes

Increase the amount of shoreline shielded by seawalls and coastal armoring

Increase the number of homes protected from flooding during a storm

Decrease the rate of shoreline erosion

The funds to implement this policy would come from **ONLY residents of coastal New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9
Strongly opposed								Strongly supportive

Vignette 5

The proposed policy would...

Increase the amount of wetlands covered by vegetation

Decrease the amount of beach covered by sand dunes

Increase the amount of shoreline shielded by seawalls and coastal armoring

Maintain the number of homes protected from flooding during a storm

Maintain the rate of shoreline erosion

The funds to implement this policy would come from **ONLY residents of coastal New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9
Strongly opposed								Strongly supportive

Vignette 6

The proposed policy would...

- Decrease** the amount of wetlands covered by vegetation
- Decrease** the amount of beach covered by sand dunes
- Decrease** the amount of shoreline shielded by seawalls and coastal armoring
- Decrease** the number of homes protected from flooding during a storm
- Decrease** the rate of shoreline erosion

The funds to implement this policy would come from **ONLY residents of coastal New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9
Strongly opposed								Strongly supportive

Version 2

Vignette 1

The proposed policy would...

Decrease the amount of wetlands covered by vegetation

Decrease the amount of beach covered by sand dunes

Maintain the amount of shoreline shielded by seawalls and coastal armoring

Maintain the number of homes protected from flooding during a storm

Increase the rate of shoreline erosion

The funds to implement this policy would come from **ANYONE who resides in or visits coastal New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9
Strongly opposed							Strongly supportive	

Vignette 2

The proposed policy would...

Decrease the amount of wetlands covered by vegetation

Maintain the amount of beach covered by sand dunes

Increase the amount of shoreline shielded by seawalls and coastal armoring

Decrease the number of homes protected from flooding during a storm

Maintain the rate of shoreline erosion

The funds to implement this policy would come from **ANYONE who resides in or visits coastal New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9
Strongly opposed							Strongly supportive	

Vignette 3

The proposed policy would...

Increase the amount of wetlands covered by vegetation

Increase the amount of beach covered by sand dunes

Increase the amount of shoreline shielded by seawalls and coastal armoring

Increase the number of homes protected from flooding during a storm

Increase the rate of shoreline erosion

The funds to implement this policy would come from **ANYONE who resides in or visits coastal New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9
Strongly opposed							Strongly supportive	

Vignette 4

The proposed policy would...

Maintain the amount of wetlands covered by vegetation

Decrease the amount of beach covered by sand dunes

Decrease the amount of shoreline shielded by seawalls and coastal armoring

Increase the number of homes protected from flooding during a storm

Maintain the rate of shoreline erosion

The funds to implement this policy would come from **ANYONE who resides in or visits coastal New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9
Strongly opposed							Strongly supportive	

Vignette 5

The proposed policy would...

Maintain the amount of wetlands covered by vegetation

Increase the amount of beach covered by sand dunes

Maintain the amount of shoreline shielded by seawalls and coastal armoring

Decrease the number of homes protected from flooding during a storm

Decrease the rate of shoreline erosion

The funds to implement this policy would come from **ANYONE who resides in or visits coastal New**

Hampshire

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9
Strongly opposed							Strongly supportive	

Vignette 6

The proposed policy would...

Increase the amount of wetlands covered by vegetation

Maintain the amount of beach covered by sand dunes

Decrease the amount of shoreline shielded by seawalls and coastal armoring

Maintain the number of homes protected from flooding during a storm

Decrease the rate of shoreline erosion

The funds to implement this policy would come from **ANYONE who resides in or visits coastal New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9
Strongly opposed							Strongly supportive	

Version 3

Vignette 1

The proposed policy would...

Maintain the amount of wetlands covered by vegetation

Decrease the amount of beach covered by sand dunes

Increase the amount of shoreline shielded by seawalls and coastal armoring

Decrease the number of homes protected from flooding during a storm

Increase the rate of shoreline erosion

The funds to implement this policy would come from **ALL residents of New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9	
Strongly opposed									Strongly supportive

Vignette 2

The proposed policy would...

Maintain the amount of wetlands covered by vegetation

Maintain the amount of beach covered by sand dunes

Maintain the amount of shoreline shielded by seawalls and coastal armoring

Maintain the number of homes protected from flooding during a storm

Maintain the rate of shoreline erosion

The funds to implement this policy would come from **ALL residents of New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9	
Strongly opposed									Strongly supportive

Vignette 3

The proposed policy would...

Increase the amount of wetlands covered by vegetation

Decrease the amount of beach covered by sand dunes

Maintain the amount of shoreline shielded by seawalls and coastal armoring

Increase the number of homes protected from flooding during a storm

Decrease the rate of shoreline erosion

The funds to implement this policy would come from **ALL residents of New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9
Strongly opposed					Strongly supportive			

Vignette 4

The proposed policy would...

Decrease the amount of wetlands covered by vegetation

Increase the amount of beach covered by sand dunes

Increase the amount of shoreline shielded by seawalls and coastal armoring

Maintain the number of homes protected from flooding during a storm

Decrease the rate of shoreline erosion

The funds to implement this policy would come from **ALL residents of New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9
Strongly opposed					Strongly supportive			

Vignette 5

The proposed policy would...

Increase the amount of wetlands covered by vegetation

Increase the amount of beach covered by sand dunes

Decrease the amount of shoreline shielded by seawalls and coastal armoring

Decrease the number of homes protected from flooding during a storm

Maintain the rate of shoreline erosion

The funds to implement this policy would come from **ALL residents of New Hampshire**

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9	
Strongly opposed									Strongly supportive

Vignette 6

The proposed policy would...	
Decrease	the amount of wetlands covered by vegetation
Maintain	the amount of beach covered by sand dunes
Decrease	the amount of shoreline shielded by seawalls and coastal armoring
Increase	the number of homes protected from flooding during a storm
Increase	the rate of shoreline erosion
The funds to implement this policy would come from ALL residents of New Hampshire	

How supportive would you be of this proposed policy?

1	2	3	4	5	6	7	8	9	
Strongly opposed									Strongly supportive
