South Atlantic Fishery Management Council; Public Hearings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public hearings.

SUMMARY: The South Atlantic Fishery Management Council (Council) will hold a series of public hearings via webinar pertaining to Amendment 10 to the Coral, Coral Reef and Live Hard Bottom Habitat Fishery Management Plan (FMP). The amendment addresses establishing a Shrimp Fishery Access Area along the eastern border of the northern extension of the Oculina Bank Coral Habitat Area of Particular Concern (HAPC).

DATES: The public hearings will be held via webinar on May 12 and 13, 2021.

ADDRESSES: *Council address:* South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Kim Iverson, Public Information Officer, SAFMC; phone: (843) 571-4366 or toll free: (866) SAFMC-10; fax: (843) 769-4520; email: kim.iverson@safmc.net.

SUPPLEMENTARY INFORMATION: The scoping meetings will be conducted via

webinar and accessible via the internet from the Council's website at <https://safmc.net/safmc-meetings/public-hearings-scoping-meetings/>. The public hearings will begin at 5 p.m. Registration for the webinars is required. Registration information, a copy of the Public hearing summary and presentation, and an online public comment form will be posted on the Council's website at <https://safmc.net/safmc-meetings/public-hearings-scoping-meetings/> on April 28, 2021. The Council will accept public comment on Coral Amendment 10 from April 28, 2021 through 5 p.m. on May 14, 2021.

Amendment 10 to the Coral, Coral Reef and Live Hard Bottom Habitat FMP

The draft amendment currently addresses a request from the rock shrimp industry to create a Shrimp Fishery Access Area (SFAA) along the eastern boundary of the northern extension of the Oculina Bank Coral HAPC to allow rock shrimp trawling and access to historic rock shrimp fishing grounds. Vessels fishing for rock shrimp in the South Atlantic region are required to carry approved Vessel Monitoring Systems (VMS) to harvest or possess rock shrimp. Establishing a SFAA would allow access to the area at times where the species is found slightly west of the existing boundary while retaining the integrity of the eastern boundary of the Oculina Bank Coral HAPC, maintaining the prohibition on all other bottom tending gear.

During the public hearings, Council staff will present an overview of the amendment and will be available to answer questions. Members of the public will have an opportunity to go on record to record their comments for consideration by the Council.

Special Accommodations

These hearings are physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the Council office (see **ADDRESSES**) 5 days prior to the meeting.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: April 20, 2021.

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Economic Analysis of Shoreline Treatment Options for Coastal New Hampshire

AGENCY: National Oceanic & Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before June 25, 2021.

ADDRESSES: Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at Adrienne.thomas@noaa.gov. Please reference OMB Control Number 0648-0788 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Sarah Gonyo, National Centers for Coastal Ocean Science, NOAA's National Ocean Service, Building SSMC4, Room 9320, 1305 East-West Highway, Silver Spring, MD, 20910, Telephone (240) 533-0382 or sarah.gonyo@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This is a request for a revision to information collection 0648-0788, sponsored by the National Oceanic and Atmospheric Administration (NOAA) National Center for Coastal Ocean Science (NCCOS). This collection will benefit the NOAA, Office of Coastal Management (OCM), and decision-makers on the state and local level in New Hampshire. NOAA will collect economic data pursuant to the Coastal

Zone Management Act (CZMA) and Digital Coastal Act.

The New Hampshire Coastal Risk and Hazards Commission (CRHC) was established by the State Legislature through RSA 483-E on July 2, 2013. The purpose of the Commission, as stated in the law, is to “recommend legislation, rules and other actions to prepare for projected sea-level rise and other coastal watershed hazards such as storms, increased river flooding and storm water runoff, and the risks such hazards pose to municipalities and the state assets in New Hampshire.” Further, in carrying out this charge, the Commission is specifically directed to “review National Oceanic and Atmospheric Administration and other scientific agency projections of coastal storm inundation and flood risk to determine the appropriate information, data, and property risks” to incorporate into its recommendations.

In 2016, the CRHC recommended the development of a “comprehensive, integrated New Hampshire Coastal Shoreline Management Plan (CSMP) that presents general priorities for coastal shoreline management, as well as site-specific and place-based strategies including, where appropriate, protection, adaptation, and abandonment.” Following a New Hampshire Shoreline Management workshop organized by GBNERR in 2014 and consistent with CRHC Recommendation BL6, NHCP has prioritized living shoreline assessment and implementation in its five-year strategy to enhance coastal management (309 Strategy, 2015) and set a longer-term goal to develop a Tidal Shoreline Management Plan (TSMP) for New Hampshire.

The National Ocean Service (NOS) proposes to collect economic data to document perceived effects of weather and climate events and adaptation strategies, to assess probable public benefits that would be derived from shoreline treatment options within coastal New Hampshire, and to establish a baseline for future monitoring of NOAA’s success in meeting its mandates and obligations.

Respondents will be randomly sampled from households (1) within New Hampshire, (2) within block groups in Maine adjacent to the Piscataqua River, and (3) within block groups in Massachusetts adjacent to the Hampton-Seabrook Estuary. Questions will explore such issues as participation in recreational activities, familiarity with weather and climate effects and adaptation methods, sense of place, and opinions on shoreline treatment options. No PII will be collected. The

final collection will support the development of a CSMP for New Hampshire as well as provide information to help inform local coastal zone management and planning.

Upon analysis of the pre-test data and guidance from experts in survey methodology, the following changes were made to enhance understanding, response rate, and to minimize respondent burden:

- Question 4: “suffered damage” has been replaced with “been damaged” to avoid potential bias an increase data quality.

- Questions 7a/8a: “coastal flooding” has been replaced with “flooding” to not exclude riverine flooding.

- Questions 7a/8a, 7b/8b: “flooding damage” and “shoreline erosion damage” were replaced with “damage from flooding” and “damage from shoreline erosion” to improve understanding.

- Questions 14h and 14i were removed based on pre-test results to reduce burden without decreasing data quality.

- Questions 16–21 originally asked respondents to indicate their preference to six unique policy options, but now respondents are asked to compare three sets of unique policy options. Pre-test results suggested that respondents would prefer to compare policies rather than rate them individually and comparing three sets of policy options should reduce burden while increasing data quality.

- Question 22b: This question is now asked after each policy comparison instead of once to improve data quality.

- Question 22f: “a public vote or referendum” was replaced with “being considered by the New Hampshire legislature” to convey the same information, but using region-specific terminology, which should increase data quality.

- Question 22: An additional statement was added to capture potentially invalid responses due to “scenario rejection,” which should increase data quality.

- Question 23: The question and response option phrasings have been updated to reflect the modified choice experiment.

- Question 30: The year has been updated from 2019 to 2020 when asking about the previous year’s household income.

- A question has been added to ask how long the respondent has been a resident of their current state. Respondents who have recently moved within their state may have different opinions than those who have recently moved from out-of-state, so this

additional question should increase data quality.

II. Method of Collection

The data collection will take place over a five- to nine-month period and will be comprised of a questionnaire to be completed by the respondent. The data will be collected via a combination of mail and internet survey instrument.

III. Data

OMB Control Number: 0648–0788.

Form Number(s): None.

Type of Review: Regular submission (revision of an existing information collection).

Affected Public: Individuals or households.

Estimated Number of Respondents: 6,000.

Estimated Time per Response: 20 minutes.

Estimated Total Annual Burden Hours: 2,000.

Estimated Total Annual Cost to Public: \$0.

Respondent’s Obligation: Voluntary.

Legal Authority: Digital Coast Act, Coastal Zone Management Act.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we

cannot guarantee that we will be able to do so.

BUREAU OF CONSUMER FINANCIAL PROTECTION

[Docket No. CFPB-2021-0010]

Agency Information Collection Activities: Comment Request

AGENCY: Bureau of Consumer Financial Protection.

ACTION: Notice and request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (PRA), the Bureau of Consumer Financial Protection (Bureau) is publishing this notice seeking comment on a Generic Information Collection titled "Experiment in Effective Consumer Financial Disclosures" prior to requesting the Office of Management and Budget's (OMB's) approval of this collection under the Generic Information Collection Plan "Generic Information Collection Plan for Studies of Consumers using Controlled Trials in Field and Economic Laboratory Settings" OMB Control number 3170-0048.

DATES: Written comments are encouraged and must be received on or before May 26, 2021 to be assured of consideration.

ADDRESSES: You may submit comments, identified by the title of the information collection, OMB Control Number (see below), and docket number (see above), by any of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

- *Email:* PRA_Comments@cfpb.gov. Include Docket No. CFPB-2021-0010 in the subject line of the email.

- *Mail/Hand Delivery/Courier:* Comment intake, Bureau of Consumer Financial Protection (Attention: PRA Office), 1700 G Street NW, Washington, DC 20552.

Please note that due to circumstances associated with the COVID-19 pandemic, the Bureau discourages the submission of comments by mail, hand delivery, or courier. Please note that comments submitted after the comment period will not be accepted. In general, all comments received will become public records, including any personal

information provided. Sensitive personal information, such as account numbers or Social Security numbers, should not be included.

FOR FURTHER INFORMATION CONTACT:

Documentation prepared in support of this information collection request is available at www.regulations.gov. Requests for additional information should be directed to Suzan Muslu, Data Governance Program Manager, at (202) 435-9267, or email: CFPB_PRA@cfpb.gov. If you require this document in an alternative electronic format, please contact CFPB_Accessibility@cfpb.gov. Please do not submit comments to these email boxes.

SUPPLEMENTARY INFORMATION:

Title of Collection: "Experiment in Effective Consumer Financial Disclosures."

OMB Control Number: 3170-0048.

Type of Review: Request for approval of a generic information collection under an existing Generic Information Collection Plan.

Affected Public: Individuals.

Estimated Number of Respondents: 315.

Estimated Total Annual Burden Hours: 368.

Abstract: We plan on collecting economic data for a paper using a lab experiment comparing two disclosure styles. We will collect data on the choices respondents make given these different disclosures in order to understand which disclosure helps respondents make better choices. There is a survey at the end asking participants about risk preferences, age, gender, income, family income, college major, and primary language. These responses will be used to better understand how each subgroup performs given each disclosure. Faculty members at Gettysburg College will run the experiment in their Experimental Economics Lab where students of the college will complete the experiment on laboratory computers.

Request for Comments: The Bureau is publishing this notice and soliciting comments on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques

or other forms of information technology. Comments submitted in response to this notice will be submitted to OMB as part of its review of this request. All comments will become a matter of public record.

Dated: April 20, 2021.
