MEMORANDUM FOR: Meredith M. Dodd, Ph.D, Quantitative Data Analyst, ORISE Program Evaluator Public Health Assessment Division Health Promotion and Wellness Directorate, U.S. Army Public Health

SUBJECT: OPA/DMDC Recommendation of Military Caregiver's Program: Heart of Recovery: Caregiver's Assessment of Responsibility Evaluation – (0702-AADA)

As requested, we have reviewed the subject study protocol and its supporting materials as part of the OMB submission process through WHS. The technical concerns raised in our reviews have been addressed. Our recommendation to WHS is that the study protocol and the data collection materials are sufficiently designed and developed in order to be sent forward as required to obtain OMB approval for this Public Information Collection.

The point of contact for this review is Dr. Paul Rosenfeld, 571-372-0987, [paul.rosenfeld.civ@mail.mil](mailto:paul.rosenfeld.civ@mail.mil).
