Footnotes:

to services being provided. Initiative services are services and activities that do not fit neatly within the RWHAP service categories (e.g., linkage to care). These services may be innovative and creative with a focus on ending the HIV epidemic. Initiative Services are costs associated with a broader approach to addressing HIV in the community than exists in services

authorized by the RWHAP legislation. For example, the only requirement for determining eligibility is that the individual has an HIV diagnosis. There is no requirement that individuals served are low-income or that initial eligibility is documented prior

Clinical Quality Management may not exceed 5% of the Initiative award

Recipient Administration may not exceed 10% of the Initiative award.

Infrastructure are costs associated with the development and expansion of data systems. It may include technical assistance on the type, design, and building of new data systems, bridging existing systems to achieve data integration, improving data
