List all providers only from the currently sampled in-scope location, even if they do not expect to see patients during the sampled week. Enter a zero for the expected visit volume for those providers with no expected visits.  If the CHC that has been sampled is a health department, please verify that they will not be distributing the 330 grant money to other administratively unconnected community health centers. If the health department does distribute the money to other CHCs, these need to be sampled, so please contact your supervisor for further instructions.
