

Request for Approval under the “Generic Clearance for the Collection of Routine Customer Feedback” (OMB Control Number: 0970-0401)

TITLE OF INFORMATION COLLECTION: Children’s Bureau Learning & Coordination Center (CBLCC) Participant Satisfaction Survey

PURPOSE: The Administration for Children and Families, Administration on Children, Youth, and Families, Children’s Bureau, Office on Child Abuse and Neglect (CB/OCAN) proposes to collect participant satisfaction information from participants in peer learning opportunities, meetings, and other events organized by the Children’s Bureau Learning & Coordination Center (CBLCC). The information collected will enable the contractor, Kauffman & Associates, Inc., to evaluate the utility and effectiveness of its peer learning opportunities, meetings, and other events and to improve future events.

DESCRIPTION OF RESPONDENTS:

Respondents will be participants in the peer learning opportunities, meetings, and other events organized by the Children’s Bureau Learning & Coordination Center (CBLCC).

If you are conducting a focus group, survey, or plan to employ statistical methods, please provide answers to the following questions:

The selection of your targeted respondents

1. Do you have a customer list or something similar that defines the universe of potential respondents and do you have a sampling plan for selecting from this universe?
 Yes No

If the answer is yes, please provide a description of both below (or attach the sampling plan)? If the answer is no, please provide a description of how you plan to identify your potential group of respondents and how you will select them?

The CBLCC maintains a listserv of 12,000 contacts who receive periodic notices of CBLCC-hosted meetings and peer learning events. A convenience sample will comprise the potential group of respondents through their self-selected attendance at the event and voluntary participation in the survey. The listserv members receive a link for online participation in virtual events, which conclude with the voluntary survey. Participants in in-person meetings and events will receive a follow-up invitation and link through which they can choose to participate in the survey. Based on an estimated population of 12,000 listserv members, a representative sample (95% confidence level with a 5% margin of error) would require approximately 373 completed surveys. We anticipate a response rate of five percent (5%), for a total of 600 completed surveys.
