

Request for Approval under the "Generic Clearance for the Collection of Routine Customer Feedback" (OMB Control Number: 0970-0401)

TITLE OF INFORMATION COLLECTION: Maternal, Infant, and Early Childhood Home Visiting (MIECHV) All Grantee Meeting (AGM) & Tribal Regional Meetings Feedback Surveys

PURPOSE:

The Administration for Children and Families (ACF), U.S. Department of Health and Human Services (HHS), proposes to collect feedback related to the in-person and virtual Annual MIECHV) All Grantee Meeting (AGM) and two annual regional meetings for just the Tribal MIECHV (TMIECHV) grantees.

The goal is to obtain information about grantee and stakeholder satisfaction and outcomes to inform the planning for provision of training and TA delivered through both the annual AGM and TMIECHV regional meetings. These feedback surveys were previously approved under OMB Control No.: 0970-0401 and have since been updated.

The MIECHV AGM is a joint effort between the Health Resources Services Administration (HRSA), which manages the State/Territory MIECHV program, and ACF, which manages the Tribal MIECHV (TMIECHV) program. The purpose of the MIECHV AGM is to enhance grantee abilities to successfully meet these grant program goals, objectives, and requirements outlined in the authorizing legislation. The MIECHV AGM provides all MIECHV attendees with TA, peer sharing, and capacity and skill-building opportunities. This generic clearance will allow ACF to receive feedback from meeting attendees to assess the quality of training and content provided during the meetings. Feedback data will assist ACF with planning and improving the MIECHV AGM's quality in subsequent years.

The two TMIECHV regional meetings is a requirement and condition of the grant award (cooperative agreement) and provide an opportunity for grantees to receive intensive TA on the program requirements of their grants through skill and capacity building from Federal staff, TA providers, and other appointed experts. ACF hosts up to two regional meetings every 12 months to allow all grantees an opportunity to participate. The generic clearance allows ACF to assess the quality of TA administered at these regional meetings for future planning purposes and to identify program areas where grantees may need additional support.
