CMI DATA LINKAGES QUESTIONNAIRE ON PERSONNEL
AND NON-PERSONNEL RESOURCES

This page has been left blank for double-sided copying.

NOTE: This questionnaire will be attached to an informational email (see Attachment 1).

Child Maltreatment Incidence Data Linkages
Questionnaire on Personnel and Non-personnel Resources

This questionnaire requests information about the resources your team has used to complete the project you are conducting as part of the Child Maltreatment Incidence Data Linkages (CMI Data Linkages) study. It asks about personnel resources (staff time) and non-personnel resources (for example, information technology, fees for accessing administrative data, and other expenditures not related to staff).

- Please answer all questions as completely as possible.
- If you have questions about this questionnaire, please contact Andrea Mraz Esposito at Mathematica Policy Research (AMrazEsposito@mathematica-mpr.com).
- Please email the completed questionnaire to AMrazEsposito@mathematica-mpr.com **within two weeks** of receiving it. Thank you.

1. Please enter the date you are completing this questionnaire.

[MONTH, DAY, YEAR]

2. **Personnel resources.** Using Table 1 below, please list all the people who spent time on your CMI Data Linkages project **from [MONTH], [YEAR] through [MONTH], [YEAR]**. For each person listed, please indicate (1) the person’s name or initials, (2) the person’s position and agency/organization; (3) the primary activities the person performed for the CMI Data Linkages project during this period; (4) approximately how many hours the person spent on activities related to the CMI Data Linkages project during this period.

Indicate the approximate percentage of time each person spent doing activities related to the following general categories: (1) exploring data sources and establishing partnerships for data sharing; (2) acquiring or sharing data (including developing data sharing agreements, securing institutional review board approvals, and transferring data, if necessary); (3) preparing and linking data; (4) completing analyses; (5) reporting results, or (6) other activities. When estimating percentages, consider only the hours the person spent doing activities for the CMI Data Linkages project. For each person listed, the percentages should total to 100.

Please include *all* people who spent time on project activities (including staff from partner organizations), whether or not the person was paid with funds from the CMI Data Linkages site payment.
