

Instrument 3: SIRF Follow-Up Meeting with Program Participant Protocol

Strengthening the Implementation of Responsible Fatherhood Programs (SIRF)

Semi-Structured Phone Protocol with Program Participant

My name is _____, and I'm a researcher with MDRC/MEF/Insight Policy Research. We are working with the Administration for Children and Families' Office of Planning, Research, and Evaluation on a project called Strengthening the Implementation of Responsible Fatherhood Programs (SIRF). The project is trying to learn more about the implementation challenges and effective solutions that Responsible Fatherhood programs, or programs like them, face.

The main purpose of this meeting, and similar meetings with other fathers, is to learn about your experience in [insert name of program]. We are also interested in learning about challenges you faced to successfully participate in [insert name of program], and to hear any ideas you have to improve the experiences of fathers in [insert program name].

Please know that talking to us is completely voluntary, and you can choose not to answer any question you don't want to answer, or to leave the discussion entirely without any penalty. The discussion will last approximately 1 hours. If you complete only part of the discussion, we may use the information you shared before that point to better understand the program.

Any information you share will be kept private and will not be used to evaluate you in any way.

I'll be taking some notes in order to keep track of what we discussed here today.

They'll be stored securely. They will not be shared with anyone outside of the research team.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB # for this information collection is 0970-0356 and the expiration date is 6/30/2021.

Do you have any questions?

Are you willing to still participate in this discussion?
