Program Completer Interview Protocol

Good morning/afternoon. My name is [insert name] and I work for NORC at the University of Chicago. NORC has been contracted by the Administration for Children and Families to evaluate the Tribal Health Profession Opportunity Grants (HPOG) Program. The [HPOG program] you participated in through [HPOG grantee] is part of the Tribal HPOG Program.

The Tribal HPOG Evaluation is a comprehensive evaluation of the design, implementation, and outcomes of the Tribal HPOG Program. The interview questions will focus on your perceptions of the [HPOG program], including the program design and curriculum, recruitment, orientation, supportive services, family engagement, the quality of instruction, educational attainment and employment outcomes, and overall satisfaction. The interview will take about 60 minutes to complete. Your participation is voluntary, but it is very important because your responses will help us to improve the program. We will keep information about you private and you will not be identified in any report or publication of this study or its results. You may decline to answer any question you wish. If you have any questions, please let me know.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB number for this information collection is 0970-0462 and the expiration date is XX/XX/XXXX.

Program Structure

Program Design and Curriculum

1. What academic or training program did you enroll in?
2. Is this your first academic or training program at the [HPOG grantee]?
 - a. If yes, do you plan to enroll in future trainings at the [HPOG grantee]? Explain.
 - b. If no, what other trainings did you previously enroll in at the [HPOG grantee]? What made you decide to enroll in a second training? Did you work in between the two trainings or enter the second training immediately after finishing the first?
3. Why did you choose this program? (*Probe: the skills to be developed, the pre-requisites needed, the start and end dates, convenience and accessibility of the training*)
4. Did you find the [HPOG program] to be relevant to your culture? Please describe.

Program Processes
