Participants— We need your help! Would you take a short survey?

To schedule your interview or to get more information about this part of the study, please:

Call _____
at _____

The Health Profession Opportunity Grants study (HPOG) is an important research study. Staff members from Abt Associates are conducting the study.

Right now they are creating a survey for the study and want to make sure the questions are clear and easy to answer. One way they check this is to try out the questions on a few study participants.

You can help by volunteering to take this survey. The survey will take about 45 minutes. You do not have to participate in this survey but if you do please know that you can choose not to answer any question in the survey. After you complete the survey, you will receive a gift card worth \$25.

The HPOG study is funded by the Administration for Children and Families or ACF.

According to the Paperwork Reduction Act (PRA), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control number for this collection is [0970-0462] and OMB approval expires on xx/xx/xxxx. If you have comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, please send them to Gretchen Locke, 55 Wheeler St Cambridge, MA 02138; Attn: OMB-PRA (0970-0462).
