Reviewer Notes:

Questionnaire overview:

This survey is a subset of the full Intermediate Follow-up Survey. The full instrument has eight sections. The items retained in each section of the Critical Items Instrument are summarized below:

Section A: training experiences and employment history from the point of random assignment through the interview date (JUST A4).

Section B: school experiences (OMITTED).

Section C: credentials (JUST C2-C4 and all sub-questions).

Section D: current (or most recent) employment (JUST D6, D10a).

Section E: household composition (OMITTED).

Section F: income and financial well-being (JUST F1a, b, e and F10).

Section G: 21st century and cognitive skills (OMITTED).

Section H: parent report on child outcomes (OMITTED).

Section I: respondent and secondary contact information (Respondent and one secondary contact only).

Section J: 21st century literacy and numeracy skills assessment (OMITTED).

Defining text substitutions

Throughout the instrument, there are places where the CAPI software will insert text to customize the question for the respondent. A couple of key text inserts are defined here:

[15MONTH_RESPONDER]: Indicates whether the respondent completed a 15-month interview or not.

[C2READALOUDCOUNT]: Indicates the number of academic degrees or diplomas reported in the 15-month survey.

[C2REALOUDN1,...C2READALOUDN7]: Indicates the list of academic degrees or diplomas the respondent reported in the 15-month survey.

[C3READALOUDCOUNT]: Indicates the number of vocational certificates reported in the 15-month survey.

[C3REALOUDN1,...C3READALOUDN7]: Indicates the list of vocational certificates the respondent reported in the 15-month survey.

[C4READALOUDCOUNT]: Indicates the number of industry licenses or professional certifications reported in the 15-month survey.

[C4REALOUDN1,...C4READALOUDN7]: Indicates the list of industry licenses or professional certifications the respondent reported in the 15-month survey.

[MYLI]: For those who responded to the 15-month follow-up survey, the reference point is month and year of their 15-month interview date. If the participant did not respond to the 15-month follow-up, the reference point is the month and year of random assignment.

[EMPLOYER]: Section D refers to the current or most recent employer identified in the spell scaffolding. Throughout Section D, [EMPLOYER] is either the name of the employer or 'for yourself' if the respondent is self-employed. If the

respondent is currently employed, Section D CAPI will present questions about the current job in present tense, if the respondent is not currently employed, CAPI will present questions about the most recent job in Section Din past tense.

General notes

CAPI notes, which begin with **CAPI:** are instructions for the programmers. They are noted in bold font and the skip logic for CAPI is noted with numeric values, for example: **CAPI: IF B2≠6 SKIP TO B7.**

Refused and Don't Know responses are valued at -2 and -1 if the field is numeric; otherwise the values are 7 and 8 or 97 and 98 depending on how many other precoded responses there are. For example, in a yes, no, refused, don't know response set, refused and don't know have values of 7 and 8. If the question asks for total hours worked, refused and don't know values would be -2 and -1 respectively. If the question asked about highest grade obtained, there would be more than 6 responses—thus, the refused and don't know values would become two-digit values of 97 and 98 respectively.

Plain text descriptions of who is asked each question are noted in bold font in orange text boxes. Sample skip logic for plain text descriptions is: **Ask B6 if they were self-employed (B2=Self-employed).**

Introduction

Hello, my name is []. May I please speak with _____?

I work for Abt Associates, or Abt, which is an independent research company. Abt is helping the Administration for Children and Families in the U.S. Department of Health and Human Services with its evaluation of the Health Profession Opportunity Grants (HPOG) Program. We are conducting interviews with people like you who agreed to be in a study about a program offered at [NAME OF ORGANIZATION] called [PROGRAM NAME]. Thank you for taking the time to talk with me today.

You agreed to be part of the study around [MYLI] when you signed a consent form to let researchers collect information from you. We need to talk with people who got into the program and those who did not. Your participation in this study will help policymakers and program operators better understand how to help people earn educational credentials and find and keep jobs. Your opinion and experiences are very important to the success of the study.

We understand that you chose not to participate in the full 60 minute interview. Because your input is so important to us, we would like to invite you to participate in a special shorter interview. This shorter interview will take just 20 minutes rather than 60 minutes. It captures critical information for the study from a small group of participants. I will ask you some questions about your employment and education activities, and your receipt of benefits. After that, I will update your contact information. When we are done, we will send you a link to access a \$45 gift certificate to a store of your choice.

Before we begin the survey, I would like to assure you that all of your responses on this survey will be kept private; your name will not appear in any written reports we produce. Your responses to these questions are completely voluntary. That means you may choose not to answer any question, or you may stop the interview if you wish, but we hope you don't. Your responses to these questions will in no way affect your participation in any programs or your receipt of any kinds of public benefits or services. The information you provide will be kept private and only used for studies about the different types of education and employment trainings and services that are the focus of this study. By participating in this study, you will help the government learn if and how programs like [PROGRAM NAME] make a difference in people's lives and how to improve programs in the future.

According to the Paperwork Reduction Act (PRA), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information without approval from the Office of Management and Budget or OMB. This approval is called an OMB control number. The OMB control number for this collection is 0970-0462 and it expires xx/xx/xxxx. If you have comments regarding estimated survey length or any other aspect of this collection of information, including suggestions for reducing the length of the survey, please send them to Gretchen Locke, Abt Associates, Inc., 10 Fawcett St Cambridge, MA 02138; Attn: OMB-PRA 0970-0462. Do you have any questions before we begin?

Let's begin now.

The next set of questions asks about any certificates you may have earned. People sometimes earn certificates from an education or training program. An educational certificate is one that can be awarded by a training provider or an educational institution. An educational certificate is awarded based on completion of all course requirements. Educational certificates are different from professional certifications or state or industry licenses. Some people get both a certificate from a school or other training institute and a related license from the state.

As we go through this next set of questions, please answer only about school- and institute-based educational certificates you may have received since [MYLI]. Please do not include school issued diplomas or academic degrees you already told me about. Also, please do not include any professional certifications or state or industry licenses yet. We will talk about those in the next section.
