

**“Universal Dad”**  
**Fatherhood Involvement Campaign—Follow-Up Form**  
**3-5 questions (~5-min to complete)**

The purpose of this information collection is to get feedback from the target audience of fathers on the proposed communication ideas (“creative concepts”) for the national media campaign. All responses are voluntary and will be kept private.

**Key Objectives:**

- Understand how the campaigns may or may not have had an impact on their lives as it relates to fatherhood
  - Attitudes and perceptions of fatherhood
  - Changes in behavior

**Note:**

This will be structured as a non-mandatory short survey (~5-min to complete). While we’ll aim for 30 completes, we won’t withhold incentives as this is more of a bonus ask from our participants.

**Introduction**

3. Since the interview, have you tried anything new as a dad? If so, what are those things? If not, how come (describe any potential barriers)?
4. How would you describe the overall impact of the ads on your life, if it had any influence at all?
