

Notice on Change to the FSOT Multiple Choice Section

The Biographic Information Questionnaire section of the Foreign Service Officer Test will be discontinued beginning with the October 2017 FSOT. It will be replaced with Situational Judgment Test (SJT) items. The SJT section will present scenarios (i.e., descriptions of situations) that a candidate might encounter on the job as a Foreign Service Officer. Each scenario is accompanied by possible responses to that scenario. For each scenario, candidates select the BEST response and the WORST response. The SJT section of the test consists of 28 scenarios administered in 42 minutes.

Registering for the FSOT

Candidates complete both registration steps - submitting an application and selecting a seat - during the same five-week period immediately prior to a specific testing window. Applications are valid only for that test and will expire when that testing window closes. The registration period closes three days prior to the opening of the testing window.

If you have a documented need for an accommodation, you must **request and receive approval** for your accommodation before scheduling your test.

Once an application for a test window is submitted it cannot be changed, and candidates may test only once in a 12-month period. [Click here for answers to General FSOT FAQs.](#)
