

Department of the Treasury
Information Collection Request – Justification for Non-Substantive Change

Air Carrier Loan and Payroll Support Programs

OMB No. 1505-0263

Feb 3, 2021

Treasury requests a non-substantive change of OMB Control No. 1505-0263 in order to add a new instrument: Re-certification for Passenger Air Carriers who applied to PSP2. This portal module allows air carriers to make corrections to their PSP1 sworn financial statements, if they indicated in their PSP2 applications that they included ineligible amounts. The module requires applicants to enter their PSP2 application number and then allows applicants to make adjustments to their financial information and recertify their sworn financial statements. The sworn financial statements were described and burden estimated in the previously approved 1505-0263 supporting statement, so no change in burden is being requested.
