TITLE OF INFORMATION COLLECTION: SLGS Program Survey

PURPOSE OF COLLECTION:

What are you hoping to learn / improve? How do you plan to use what you learn? Are there artifacts (user personas, journey maps, digital roadmaps, summary of customer insights to inform service improvements, performance dashboards) the data from this collection will feed?

Treasury's Bureau of the Fiscal Service Special Investments Branch oversees the State and Local Government Series (SLGS) securities program, which allows issuers of state and local government tax-exempt debt to purchase SLGS securities. The Special Investments Branch aims to collect customer feedback to identify and plan customer experience improvements.

TYPE OF ACTIVITY: (Check one)

- Customer Research (Interview, Focus Groups)
- Customer Feedback Survey
- User Testing

ACTIVITY DETAILS

1. How will you collect the information? (Check all that apply)

- Web-based or other forms of Social Media
- Telephone
- In-person
- Mail
- Other, Explain

2. Who will you collect the information from?

Explain who will be interviewed and why the group is appropriate for the Federal program / service to connect with. Please provide a description of how you plan to identify your potential group of respondents and if only a sample will be solicited for feedback, how you will select them(e.g., anyone who provided an email address to a call center rep, a representative sample of Veterans who received outpatient services in May 2019, do you have a list of customers to reach out to (e.g., a CRM database that has the contact information, intercept interviews at a particular field office?)

The survey will be sent to current SLGSafe account holders. Customers must create a SLGSafe account to complete SLGS

transactions and this user group represents the total customer base for the program. The Special Investments Branch will pull the complete list of SLGSafe account holders (approximately 1,300 users) from the system before sending out the survey.

3. How will you ask a respondent to provide this information? *(e.g., after an application is submitted online, the final screen will present the opportunity to provide feedback by presenting a link to a feedback form / an actual feedback form)*

The Special Investments Branch will email SLGSafe account holders with a link to take the survey.

4. What will the activity look like? *Describe the information collection activity - e.g. what happens when a person agrees to participate? Will facilitators or interviewers be used? What's the format of the interview/focus group? If a survey, describe the overall survey layout/length/other details? If User Testing, what actions will you observe / how will you have respondents interact with a product you need feedback on?*

SLGSafe account holders will receive an email from the Special Investments Branch to take the survey. When the customer clicks on the link, it will take them to a SurveyMonkey online survey. The survey consists of seven questions that include multiple choice, Likert scale, and open-ended questions. The survey will take approximately three minutes to complete.

5. Please provide your question list. *Paste here the questions or prompts presented to participants in your activity. If you have an interview / facilitator guide, that can be attached to the submission and referenced here.*

Please make sure that all instruments, instructions, and scripts are submitted with the request.

Refer to the instrument included with this package.
