SUPPLEMENTARY INFORMATION: On April 22, 2021, FEMA published a Request for Information on FEMA Programs, Regulations, and Policies.¹ FEMA is seeking public input on specific FEMA programs, regulations, collections of information, and policies for the agency to consider modifying, streamlining, expanding, or repealing in light of recent Executive orders. These efforts aim to help FEMA ensure that its programs, regulations, and policies contain necessary, properly tailored,

and up-to-date requirements that effectively achieve FEMA's mission in a manner that furthers the goals of advancing equity for all, including those in underserved communities; bolstering resilience from the impacts of climate change, particularly for those disproportionately impacted by climate change; and environmental justice.

Specifically, FEMA seeks this input pursuant to the processes required by Executive Orders 13985, 13990, and 14008 that require agencies to assess existing programs and policies to determine if: (1) Agency programs and policies perpetuate systemic barriers to opportunities and benefits for people of color and other underserved groups; (2) additional agency actions are required to bolster resilience to climate change; and (3) agency programs, policies, and activities address the disproportionately high and adverse climate-related impacts on disadvantaged communities. Consistent with Executive Order 13563 and Executive Order 13707, FEMA further seeks this input to ensure that it is implementing its programs in a manner that builds disaster readiness and closes national capability gaps through data-driven approaches and risk-informed preparedness and mitigation investments as well as in delivering the Agency's response and recovery mission sets.

The purpose of the request for information is to seek general feedback on FEMA's programs. Individuals cannot apply for FEMA assistance by submitting a comment in the **Federal Register**. If you are an individual who has been impacted by a disaster and you are seeking assistance from FEMA, please visit <https://www.fema.gov/assistance/individual> or call the FEMA Helpline (1-800-621-3362/TTY (800) 462-7585) to apply or receive information on a pending request.

FEMA is holding public meetings and extending the comment period to ensure all interested parties have sufficient opportunity to provide comments on FEMA's programs. FEMA will carefully consider all relevant comments received during the meetings, and during the rest of the comment period. All comments or remarks provided on the request for information during the meeting will be recorded and posted to the rulemaking docket on <https://www.regulations.gov>.

Federal Emergency Management Agency

[Docket ID: FEMA-2021-0005; OMB No. 1660-0130]

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30-Day notice and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission will describe the nature of the information collection, the categories of respondents, the estimated burden (*i.e.*, the time, effort and resources used by respondents to respond) and cost, and the actual data collection instruments FEMA will use.

DATES: Comments must be submitted on or before July 7, 2021.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address FEMA-Information-Collections-Management@fema.dhs.gov or Millicent Brown, Sr. Manager, FEMA Office of the Chief Administrative Officer, Information Management Division, at (202) 304-2291 for further information.

¹ 86 FR 21325. Commenters may reference the Request for Information for a general description of FEMA's programs.

SUPPLEMENTARY INFORMATION: This proposed information collection previously published in the **Federal Register** on March 19, 2021 at 86 FR 14938 with a 60 day public comment period. No comments were received. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

Collection of Information

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

Type of Information Collection: Extension, without change, of a currently approved information collection.

OMB Number: 1660–0130.

Form Titles and Numbers: None.

Abstract: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. This feedback will provide insights into customer or stakeholder perceptions, experiences, and expectations; provide an early warning of issues with service; or focus attention on areas where communication, training, or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative, and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be

eligible for submission for other generic mechanisms that are designed to yield quantitative results.

Affected Public: Individuals or Households.

Estimated Number of Respondents: 1,075,000.

Estimated Number of Responses: 1,075,000.

Estimated Total Annual Burden Hours: 268,783.

Estimated Total Annual Respondent Cost: \$10,622,304.

Estimated Respondents' Operation and Maintenance Costs: None.

Estimated Respondents' Capital and Start-Up Costs: None.

Estimated Total Annual Cost to the Federal Government: \$2,180,168.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Millicent L. Brown,

Senior Manager, Records Management Branch Office of the Chief Administrative Officer, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.
