EPIC Registration

EPIC integrates with HUD's security system for user authentication and authorization. User IDs and passwords are required to access EPIC. The user must be registered in HUD's Secure Systems to have a valid ID and password for EPIC. If the user needs to register with Secure Systems, visit this site: https://hudapps.hud.gov/public/wass/public/pha/phareg_page.jsp

Once the user has registered with Secure Systems, the user must contact their Area ONAP to complete registration process. The Area ONAP will add the user to EPIC and group the user to the correct tribe/TDHE.

EPIC is best accessible with Explorer or Chrome web browsers.
