**SUPPLEMENTARY INFORMATION:** This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

**A. Overview of Information Collection**

*Title of Information Collection:* Requirements for Designating Housing Projects.

*OMB Approval Number:* 2577-0192.

*Type of Request:* Revision of a currently approved collection.

*Form Number:* None.

*Description of the need for the information and proposed use:* The information collection burden associated with designated housing is required by statute. Section 10 of the Housing Opportunity and Extension Act of 1996 modified Section 7 of the U.S. Housing Act of 1937 to require Public Housing Agencies (PHAs) to submit a plan for HUD approval before a

project(s) can be designated as either elderly only, disabled only, or elderly and disabled. In this plan, PHAs must document why the designation is needed and provide the following information:

1. Description of the designated housing plan;
2. Justification for the designation;
3. Availability of alternative housing resources for the non-designated population(s);
4. Impact on the availability of accessible housing;
5. A statement that existing tenants in good standing will not be evicted;
6. A statement of the resources that will be made available if the PHA offers voluntary relocation benefits; and
7. Information describing how the DHP is consistent with any outstanding court orders, lawsuits, investigations, Voluntary Compliance Agreements (VCAs), Conciliation Agreements, or Letters of Findings or Determinations, etc., including for example, actions under Title VI of the Civil Rights Act, Section 504 of the Rehabilitation Act, the Age Discrimination Act, the Fair Housing Act, or the Americans with Disabilities Act.

*Respondents (i.e. affected public):* State, or Local Government.

*Estimated Number of Respondents:* 18.

*Estimated Number of Responses:* 1.  
*Frequency of Response:* On Occasion.  
*Average Hours per Response:* 15 hours.

*Total Estimated Burdens:* 270 hours.  
The previous estimation of 585 annual burden hours has been reduced to 270. This change is based on the average number of Plans submitted between Calendar Years 2017, 2018 and 2019. HUD expects that the number of respondents will continue to decline because of the trend in Public Housing Agencies (PHAs) repositioning their developments and moving out of the public housing program.

The national average PHA staff salary = \$51,000<sup>1</sup> per year or \$24.00 per hour. The calculation for costs is as follows: 18 PHAs × 15 hours = 270 hours × \$24<sup>2</sup> = \$6,480.

**SUPPLEMENTARY INFORMATION:** This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

#### A. Overview of Information Collection

*Title of Information Collection:* Evaluation of the HUD-DOJ Pay for Success Permanent Supportive Housing Demonstration.

*OMB Approval Number:* 2528-0319.

*Type of Request:* Revision or extension of currently approved collection.

*Form Number:* N/A.

*Description of the need for the information and proposed use:* The Departments of Housing and Urban Development (HUD) and Justice (DOJ)

entered into an interagency collaboration that combines DOJ's mission to promote safer communities by focusing on the reentry population with HUD's mission to end chronic homelessness. This collaboration resulted in the HUD-DOJ Pay for Success Permanent Supportive Housing Demonstration with \$8.68M awarded to seven communities to develop supportive housing for persons cycling between the jail or prison systems and the homeless service systems using pay for success (PFS) as a funding mechanism. HUD announced seven grantees from across the country in June 2016. As of August 2020, six grantee communities remain. The PFS Demonstration grant supports activities throughout the PFS lifecycle, including feasibility analysis, transaction structuring, and outcome evaluation and success payments, with each grantee receiving funds for different stages in the PFS lifecycle. Through the national evaluation, which is funded through an interagency agreement between HUD and DOJ and managed by HUD's Office of Policy Development and Research, HUD-DOJ seek to assess whether PFS is a viable model for scaling supportive housing to improve outcomes for a reentry population. The main goal of the evaluation is to learn how the PFS model is implemented in diverse settings with different structures, populations, and community contexts. The Urban Institute has been conducting a multi-disciplinary, multi-method approach to "learn as we do" and meet the key objectives of the formative evaluation. To understand project implementation, the evaluation includes data collection on both the time that project partners dedicate to each PFS project as well as PFS partner perceptions and interactions and community-level changes that may benefit the target population. This information collection request is for an ongoing time survey and an annual partnership web survey. The time survey will be used to assess staff time spent on development of each PFS project throughout the different lifecycle phases and the partnership survey will be used to document partner perceptions and interactions and community-level changes that may benefit the target population.
