Thank you! We have determined that you are eligible to participate. We are now inviting you to take part in a research study. This will involve completing a Web-based survey. The survey should take you about 15 minutes to complete.

There are neither risks, nor benefits to you, for taking part in this survey. Any money you receive is a small token to thank you for participating, if you choose to do so.

Your participation is voluntary. This means that you are free to participate or to skip certain questions. There is no penalty if you choose not to respond. However, your complete answers may help figure out better ways to share information with parents of young children. It is important that as many people as possible respond to this survey so that the information we receive is complete. Your personal information will be kept separate from your survey responses. Government personnel will not have access to your name, address, or email address; they will only have access to your responses. Government personnel will not be able to trace your responses back to you. Answers will be reported only for the whole group, not individuals. The information you provide in this survey will be used to inform toy safety label recommendations.
