# SUPPORTING STATEMENT FOR THE PAPERWORK REDUCTION ACT INFORMATION COLLECTION SUBMISSION FOR FORM S-1

## A. JUSTIFICATION

## 1. Circumstances Making the Collection of Information Necessary

The Securities Act of 1933 (the "Securities Act") was enacted in order to provide full and fair disclosure with respect to publicly offered securities and to prevent fraud in connection with such offerings. The Securities Act carries out this purpose by requiring the filing of a registration statement in connection with public distributions of securities by issuers and their control persons. Schedule A of the Securities Act specifies the general types of information that must be disclosed in registration statements filed with the Securities and Exchange Commission ("Commission"). The Commission has authority, under Section 19 of the Securities Act, to promulgate rules to carry out the provisions of the Securities Act.

Form S-1 is a general registration form used to register the public offering of securities under the Securities Act of 1933 ("Securities Act").

# 2. <u>Purpose and Use of the Information Collection</u>

The information collected is intended to ensure the adequacy of information available to investors in connection with securities offerings.

# 3. Consideration Given to Information Technology

Form S-1 is filed electronically with the Commission on the Electronic Data Gathering, Analysis, and Retrieval (EDGAR) system.

#### 4. Duplication of Information

There are no other forms or rules the Commission is aware of that conflict with or substantially duplicate the requirements of Form S-1

## 5. Reducing the Burden on Small Entities

Form S-1 is a general registration form that may be used by small entities if no other form is available. Investors in small entities should have access to all material information in order to evaluate a proposed offering of securities; the Commission is unable to further simplify reporting requirements for small entities.

## 12. Estimate of Respondent Reporting Burden

#### **Estimated Reporting Burden**

Information Collection Title	OMB Control Number	Number of Responses	Burden Hours
Form S-1	3235-0065	894	146,067

For purposes of the Paperwork Reduction Act ("PRA"), we estimate that Form S-1 takes approximately 653.5436 hours per response to comply with the collection of information requirements and is filed by 894 respondents. We derived our burden hour estimates by estimating the average number of hours it would take an issuer to compile the necessary information and data, prepare and review disclosure, file documents and retain records. In connection with rule amendments to the form, we occasionally receive PRA estimates from public commenters about incremental burdens that are used in our burden estimates. We believe that the actual burdens will likely vary among individual issuers based on the nature of their operations. We further estimate that 25% of the collection of information burden is carried by the issuer internally and that 75% of the burden of preparation is carried by outside professionals

retained by the company. Based on our estimates, we calculated the total reporting burden to be 146,067 hours ((0.25 x 653.5436 total hours per response) x 894 responses). For administrative convenience, the presentation of the total related to the paperwork burden hours has been rounded to the nearest whole number. The estimated burden hours are made solely for the purpose of the Paperwork Reduction Act.

#### 13. Estimate of Total Annualized Cost Burden

#### **Estimated Cost Burden**

Information Collection Title	OMB Control Number	Number of Responses	Cost Burden
Form S-1	3235-0065	894	\$178,922,043

We estimated that 75% of 653.5436 total hours per response (490.1577 hours) is prepared by an outside consultants hired by the company. We estimate that the average cost of \$408 per hours (\$408.3104547 cost per hour x 490.1577 hours per response x 894 responses) for a total cost burden of \$178,922,043. We estimate an average hourly cost of approximately \$408 for outside legal and accounting services used in connection with public company reporting. This estimate is based on our consultations with registrants and professional firms who regularly assist registrants in preparing and filing disclosure documents with the Commission. Our estimates reflect average burdens, and therefore, some companies may experience costs in excess of our estimates and some companies may experience costs that are lower than our estimates. For administrative convenience, the presentation of the total related to the paperwork cost burden has been rounded to the nearest dollar. The estimated cost burden is made solely for the purpose of the Paperwork Reduction Act.

## 14. <u>Costs to Federal Government</u>

The annual cost of reviewing and processing disclosure documents, including registration statements, post-effective amendments, proxy statements, annual reports and other filings of operating companies amounted to approximately \$103,479,690 in fiscal year 2019, based on the Commission's computation of the value of staff time devoted to this activity and related overhead.

## 15. Reason for Change in Burden

There is no change in the burden.

The information collection is not planned for statistical purposes.

# 17. Approval to Omit OMB Expiration Date

We request authorization to omit the expiration date on the electronic version of the form. Including the expiration date on the electronic version of the form will result in increased costs, because the need to make changes to the form may not follow the application's scheduled version release dates.
