NOTES
Clinical Signs or conditions reported
The owner's name is [redacted]. The beef animal is in a group of 20 with no other clinical animals evident. The animal has been ill for 3-5 days with bloating and apparent pneumonia signs. The group was purchased 3 weeks ago from an undisclosed sale yard. An FADD has been sent to evaluate and collect appropriate samples except for the ear notch unless warranted.

Results of physical and postmortem examinations of the affected animals are shown on the Exam and Subject screens:

Exam

The screenshot displays the EMRS (Emergency Management Response System) interface for an Exam record. The header includes the EMRS logo, navigation menus for 'Disease Management' and 'Exams', and a search bar. The main content area is titled 'EXAM' and shows the ID 'EX:1000:17'. Below this, there are tabs for 'Premises', 'Animal Business', and 'Investigation'. The 'Exam Parameters' section includes fields for 'Reason' (Sick Call), 'Assigned' (Assigned), 'Assigned Date' (9/29/2016), 'Scheduled Start', 'Scheduled End', 'Examined Date' (9/29/2016), and 'Differential Comments'. A 'Differential' list shows 'Primary FAD Differential' with options like 'Vesicular Diseases', 'Primary Confidence Possible', 'Secondary Differential', 'Epizootic Hemorrhagic Disease', and 'Secondary Confidence Possible'. A 'NOTES' section at the bottom has a text input field and a 'Created On' timestamp of 9/30/2016 9:16 PM.

Subject

The screenshot displays the EMRS interface for a Subject record. The header includes the EMRS logo, navigation menus for 'Disease Management' and 'Subjects Sampled', and a search bar. The main content area is titled 'SUBJECT SAMPLED : SAMPLED SUBJECT' and shows the ID 'SU:1519:16'. Below this, there are tabs for 'Premises', 'Animal Business', 'Investigation', and 'Exam'. The 'Subject Parameters' section includes fields for 'Subject Type v2' (Animal), 'Individually Identified' (Mercedes), 'Animal Group', 'Subject Description' (5 y QH mare, one of five horses that developed oral erosions (lips) & small pinpoint), '# Examined/Sampled from Group' (5), 'Current Structure', and 'Current Condition' (Alive- Clinical). A 'NOTES' section at the bottom has a text input field and a 'Created On' timestamp of 11/6/2015 1:16 PM.

Details

Record Status	Form Status	Created By	Created On
Active	Active		7/7/2015 4:05 PM

The electronic forms are completed by a State or Federal diagnostician, not by the owner or manager of the premises being investigated. The owner or manager verbally provides information for input into the EMRS. These are diagnostic investigations, conducted as question and answer sessions, designed simply to determine the nature and extent of illness on the premises so VS can take the necessary steps to control and eradicate a foreign animal disease outbreak.

EMRS accommodates multiple methods of entering data. APHIS staff or State personnel accessing and using EMRS can build personal user and contact screens including their contact information, dispatch information, and deployment readiness checklist.

The screenshot shows the EMRS user profile for Fred Bourgeois. The interface includes a navigation bar with options like 'NEW', 'CONNECT', 'APPROVE EMAIL', 'REJECT EMAIL', 'REASSIGN RECORDS', 'MANAGE ROLES', 'JOIN TEAMS', 'CHANGE BUSINESS UNIT', and 'CHANGE MANAGER'. The user's name 'Fred Bourgeois' is displayed prominently. Below this, there are several sections of information:

- User Information:** Includes fields for User Name, Full Name (Fred Bourgeois), Title (EMRS National Coordinator), Primary Email, Mobile Phone, and Main Phone. The Default Queue is set to '<Fred Bourgeois>'. The status is 'Enabled'.
- Organization Information:** Shows Business Unit (Veterinary Services), Site (Louisiana), and Position (Manager).
- Teams:** Lists 'General Distribution' and 'Veterinary Services', both associated with the 'Veterinary Services' Business Unit.
- 513 Requests:** A section for managing requests, currently showing 'No 513 Access Request records found.' with columns for 'Created On', 'Request L...', and 'System'.
- Recertification:** A section for tracking recertification, with columns for 'Date Selected', 'Date Recertified', and 'RecertifyingOfficial'.
- Metadata:** Shows 'Created On' as 10/24/2013 11:17 AM and 'Created By' as CRM Administrator. The 'Modified On' date is 2/23/2017 8:32 AM.

Personnel - Contact

The screenshot shows the EMRS interface for a personnel contact. The top navigation bar includes 'Disease Management', 'Contacts', and 'FRED BOURGEOIS'. The main content area is titled 'CONTACT : PERSONNEL' and 'FRED BOURGEOIS'. It features several sections: 'Contact Details' with fields for Salutation, Job Title v2, Access Group, First Name, Nickname, Contact Type, Middle Name, Email, Fax, Last Name, Mobile Phone, Business Phone, Suffix, Employee ID, Assignment Queue, NFC Working Title, Associated User, and NVSL Submitter ID. 'Duty Station Address' includes Address Type, Address Name, Phone, Street 1, City, State, ZIP/Postal Code, and Country/Region. 'Additional Personnel Details' lists Organization, Employer, VS Unit, SPRS District, Date at Plum, and Last FAD Refresher. 'Dispatch Information' shows Org Detail, Dispatch, Org Code, Homeunit, and Homeunit Code. 'Deployment Checklist' includes Driver License State, Defensive Driver Expir, Medical Clearance Exp, Driver License Expirati, PPE Fit Test Product, Foot size, Tyvex Size, and Glove size. At the bottom, it shows Record Status (Active), Created By (CRM Administrator), Created On (10/28/2013 4:18 PM), and Modified On (2/23/2017 9:09 AM).

Potential FAD incident sites can be tracked by general contact information:

The screenshot shows the EMRS interface for a general contact. The top navigation bar includes 'Disease Management', 'Contacts', and 'Farbest Farms, Inc.'. The main content area is titled 'CONTACT : CONTACTS'. It features sections: 'Contact Details' with fields for Salutation, Nickname, Access Group, First Name, Email, Contact Type, Middle Name, Mobile Phone, Industry Rep, Last Name, Business Phone, Fax, Phone, Suffix, Address Type, Address Name, Street 1, City, State, Country/Region, Address 1: Primary Contact Name, ZIP/Postal Code, Address 1: Latitude, and Address 1: Longitude. 'Premises Contact Information' includes Premises, Animal Business, Job Title, Employer, and Premises Address. 'Description' and 'Notes' sections are also present. At the bottom, it shows Record Status (Active), Created On (1/30/2016 2:40 PM), Created By, and Modified On (2/23/2017 9:38 AM).
