Food and Nutrition Service  
**SNAP-ED TOOLKIT INTERVENTION SCORING TOOL**

**Instructions**

- Please enter your score next to each question in the "Score" column.
- The Intervention Submission Tool Questions or Materials to Review are suggestions, please feel free to use all information provided about the intervention to determine a score for each question.
- Please feel free to make comments for each question, these will only be shared with other reviewers if scores need to be aligned.
- If an intervention is not chosen to be included in the SNAP-Ed Intervention Toolkit, intervention developers will be provided the reasons it was not included, and the additional information or actions to be taken for inclusion. This feedback will be de-identified.
- Mandatory questions on the Intervention Submission Tool are indicated with an asterisk (\*).
- For more information about the RE-AIM Framework, please visit <https://snapedtoolkit.org/training/online-training/>

Review Question	Score	Intervention Submission Tool Questions or Materials to Review	Maximum Possible Points	Factors for High Score	Reviewer Comments
<b>Reach</b>					
<i>How many people are exposed or served and are they representative?</i>		<b>12</b>			
Did the intervention reach the intended target audience?	<input type="text"/>	Questions 21*, 25*, & supporting documents	<b>5</b>	<ul style="list-style-type: none"> <li>- Total persons/institutions reached</li> <li>- High proportion of eligible persons/institutions reached</li> <li>- Persons/institutions reached are representative of target audience</li> </ul>	
Is the intervention appropriate for the audience for which it was intended?	<input type="text"/>	Questions 21*, 22*, 23*, supporting documents & intervention materials	<b>7</b>	<ul style="list-style-type: none"> <li>- Cultural needs and preferences were thoughtfully considered and integrated</li> <li>- Language level and availability (e.g. translation, format)</li> <li>- Resource commitment (time, space, capital, human resources)</li> </ul>	
<b>Reach Total:</b>	<input type="text"/>				
<b>Effectiveness</b>					
<i>What is the impact of your intervention on the intended outcomes?</i>		<b>35</b>			
Was the target audience (or community partner) involved in the development of the intervention?	<input type="text"/>	Questions 22*, 23*, 23a, & supporting documents	<b>3</b>	<ul style="list-style-type: none"> <li>- Depth and quality of involvement (true partnership versus consultation)</li> <li>- Demonstrated integration of target audience or community partner feedback</li> <li>-</li> </ul>	
If applicable, does participant or partner feedback indicate acceptability of the intervention?	<input type="text"/>	Questions 23*, 23a, & supporting documents	<b>1</b>	<ul style="list-style-type: none"> <li>- Reports from participants, stakeholders, and partners indicating acceptability</li> </ul>	
Do the <i>intended</i> outcomes indicate that objectives were appropriately addressed?	<input type="text"/>	Questions 25*, 26, & supporting documents	<b>10</b>	<ul style="list-style-type: none"> <li>- Number of outcomes achieved</li> <li>- Extent of achievement (proportion of participants/ organizations reporting positive results, statistical significance, difference from baseline)</li> <li>- Who conducted the evaluation (external versus internal evaluators)</li> </ul>	

Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: U.S. Department of Agriculture, Food and Nutrition Services, Office of Policy Support, 1320 Braddock Place, Alexandria, VA 22314, ATTN: PRA (0584-0639). Review Question	Score	Intervention Submission Tool Questions or Materials to Review	Maximum Possible Points	Factors for High Score	Reviewer Comments
Does the intervention address multiple levels of the SNAP-Ed Evaluation Framework (or multiple levels of the Socio-Ecological Model)?	<input type="text"/>	Questions 27*, 30*, 31*, supporting documents & intervention materials	5	<ul style="list-style-type: none"> <li>- Type of intervention</li> <li>- Intervention setting(s)</li> <li>- Outcomes and the extent to which they occurred</li> </ul>	
Does the supporting documentation indicate that the intervention is evidence-based at a level that is appropriate for the intervention's stage of development (Research-tested, Practice-tested, Emerging)?	<input type="text"/>	Questions 15*, 16*, 27*, supporting documents, & intervention materials	8	<ul style="list-style-type: none"> <li>- Evaluation methods used</li> <li>- Evaluation type for lifespan of intervention</li> <li>- Quality of the supporting materials and conclusions as appropriate for a low-income audience</li> </ul>	
Does the evidence provided support that the intervention would be effective if adopted by other SNAP-Ed agencies? Is it reasonable to expect that this intervention will be effective in the field?	<input type="text"/>	Questions 15*, 16*, 27*, supporting documents, intervention materials, & possible outside research by reviewer	6	<ul style="list-style-type: none"> <li>- Theory of behavior change</li> <li>- Extent to which behavior change theory is addressed through intervention methods</li> <li>- Extent to which intervention has been implemented and evaluated by other SNAP-Ed agencies</li> <li>-</li> </ul>	
Are process evaluation materials provided?	<input type="text"/>	Questions 28*, 28a, 28b, & intervention materials	2	- Yes/No	
<b>Effectiveness Total:</b>	<input type="text"/>				

<b>Adoption</b>			<b>14</b>		
<i>How many settings/sectors are involved and are they representative?</i>					
Has the intervention previously been used with a low-income audience? implemented with people eligible for SNAP-Ed (on limited incomes or earning low wages)?	<input type="text"/>	Question 332*	1	- Yes/No	

Review Question	Score	Intervention Submission Tool Questions or Materials to Review	Maximum Possible Points	Factors for High Score	Reviewer Comments
How appropriate is the intervention for the setting for which it was intended?	<input type="text"/>	Questions 29*, 30*, supporting documents, & intervention materials	5	<ul style="list-style-type: none"> <li>- Resources needed for adoption (materials, staff, time, space)</li> <li>- Ability of setting to reach SNAP-Ed target audience</li> <li>- Availability of setting in communities of need</li> </ul>	
Did most of the sites/settings/partners engaged complete the intervention?	<input type="text"/>	Questions 30*, 31*, & supporting documents	2	<ul style="list-style-type: none"> <li>- Number of sites/settings/partners approached that completed all components of the intervention</li> <li>- Sites/settings/partners who expressed desire to continue but were unable to complete due to reasons beyond the scope of the intervention (such as closure of business)</li> </ul>	
Does the intervention collaboratively engage partners who can affect change in multiple levels of the SNAP-Ed Evaluation Framework (or multiple levels of the Socio-Ecological Model)?	<input type="text"/>	Questions 30*, 31*, 32*, supporting documents, implementation materials, & possible outside research by reviewer	6	<ul style="list-style-type: none"> <li>- Mix of partners across the sectors of influence</li> <li>- Ability of setting to reach SNAP-Ed target audience</li> <li>- Availability of setting in communities of need</li> </ul>	
<b>Adoption Total:</b>					

<b>Implementation</b>			<b>20</b>		
<i>Were the required activities of your intervention successfully implemented?</i>					
Are training materials available for staff, partners, and/or volunteers?	<input type="text"/>	Questions 36*, 36a, & intervention materials	2	- Yes/No	
Are implementation directions and materials clear and easy to follow?	<input type="text"/>	Intervention materials	5	<ul style="list-style-type: none"> <li>- Language level</li> <li>- Logical flow of implementation steps</li> <li>- Materials are provided to support successful implementation with fidelity</li> <li>- Materials are appropriate for knowledge and experience level of intended user (for example, materials for lay persons avoid technical jargon)</li> </ul>	
Are the intervention's main components (critical features) reasonably feasible to replicate with fidelity?	<input type="text"/>	Questions 35*, 36*, 36a, 37*, & intervention materials	8	<ul style="list-style-type: none"> <li>- Resources needed for implementation (including cost)</li> <li>- Availability and feasibility of methods for ensuring intervention fidelity</li> <li>- Ability of organizations with limited resources to implement the intervention</li> </ul>	
Are the methods described to ensure program fidelity appropriate for the interventions?	<input type="text"/>	Questions 35*, 36*, 36a, 37* & intervention materials	5	<ul style="list-style-type: none"> <li>- Data collection methods</li> <li>- Resources needed to ensure intervention is completed with fidelity (such as staff time for observations or physical materials)</li> </ul>	
<b>Implementation Total:</b>					

Review Question	Score	Intervention Submission Tool Questions or Materials to Review	Maximum Possible Points	Factors for High Score	Reviewer Comments
<b>Maintenance</b>					
<i>What are the long-term effects of your intervention? Is the intervention sustainable?</i>			<b>18</b>		
Any evidence of maintenance of outcomes? (After 6 months for individuals)	<input type="text"/>	Questions 25*, 26 & supporting documents	<b>2</b>	- Feasibility of maintaining outcomes - Are maintenance outcomes expected at this point in the lifespan of the intervention (esp. if emerging)	
Are resources or materials reusable or available to participants/partners at no/low cost on an ongoing basis to facilitate outcome maintenance?	<input type="text"/>	Questions 10*, 11, 25*, 40*, 43 & intervention materials	<b>3</b>	- Feasibility of maintaining outcomes - Comparison of outcome maintenance to similar interventions - Are maintenance outcomes expected at this point in the lifespan of the intervention (esp. if emerging)	
Are the core components of the intervention clearly described and realistic for the audience and setting for which it is intended? Can components of the intervention be adapted to be used in settings or communities other than those explicitly described in the submission criteria?	<input type="text"/>	Questions 35*, 40*, 41, 42, supporting documents & intervention materials	<b>5</b>	- Resources needed for implementation (including cost) - Appropriateness of the intervention for multiple audiences/settings	
Has the intervention been adopted by partners/in settings not directly supported by SNAP-Ed?	<input type="text"/>	Question 39*	<b>1</b>	- Yes/No	
Are sustainability concerns reasonable and able to be addressed through routine operation, including expressed or expected partnerships or diversified funding mechanisms? Consider both expressed and intuited concerns.	<input type="text"/>	Questions 40*, 43 supporting documents & intervention materials	<b>7</b>	- Number and extent of sustainability concerns - Total resources needed for intervention adoption, implementation, and maintenance - Diversity of potential partners or funding streams - Number of potential partners or funding streams	
<b>Maintenance Total:</b>	<input type="text"/>				

BONUS: Does the intervention reach an underrepresented audience in the toolkit?	<input type="text"/>	Questions 19*, 20* supporting documents & intervention materials	<b>5</b>	Less than 30% of interventions currently represented in the Toolkit address this population: <ul style="list-style-type: none"> <li>- Middle School</li> <li>- High School</li> <li>- Pregnant/Breastfeeding Women</li> <li>- Homeless/Food Pantry Clients</li> <li>- African Americans</li> <li>- Asian Americans/Pacific Islanders</li> <li>- Native Americans/Alaskan Natives</li> </ul>	
---	----------------------	--	----------	---	--

				- Language other than English or Spanish	
--	--	--	--	--	--

Review Question	Score	Intervention Submission Tool Questions or Materials to Review	Maximum Possible Points	Factors for High Score	Reviewer Comments
BONUS: Does the intervention reach an underrepresented setting in the toolkit?	<input type="text"/>	Questions 29* & 32*	5	<p>Less than 30% of interventions currently represented in the Toolkit address this setting:</p> <ul style="list-style-type: none"> <li>- Community Gardens</li> <li>- Farmers Markets</li> <li>- School Gardens</li> <li>- Faith-based community</li> <li>- Food pantries</li> <li>- Health Care</li> <li>- Indian Tribal Organizations</li> <li>- Food Retail</li> <li>- USDA Program Sites</li> <li>- Worksites</li> </ul>	
BONUS: Does the intervention use an approach/strategy that is currently underutilized in the toolkit?	<input type="text"/>	Question 14*	5	<p>Less than 30% of interventions currently represented in the Toolkit address this implementation strategy:</p> <ul style="list-style-type: none"> <li>- Social marketing</li> </ul> <p>**Consider if this intervention is appropriate for the target audience and settings, would reach the SNAP-Ed target audience, and if it is feasible for organizations to adopt and implement</p>	
BONUS: How would you rate the overall quality of the intervention responses and materials?	<input type="text"/>		5	<ul style="list-style-type: none"> <li>- Responses that are comprehensive and use specific, concise language</li> <li>- Materials that provide relevant supporting information and are clearly referenced</li> </ul>	
<b>Bonus Total:</b>	<input type="text"/>				
<b>Total Score (No Bonus):</b>	<input type="text"/>				

Based on the score above and your expert review, do you recommend this intervention for inclusion in the SNAP-Ed Toolkit?

Yes       No

If no to above, please describe your reasoning for exclusion from the Toolkit:

If no to above, please describe what additional information or actions would be needed to recommend this intervention for inclusion in the Toolkit:

If yes to above, please describe your reasoning for inclusion in the Toolkit:
