School District Review Program (SDRP): Readme.txt

U.S. Census Bureau
Geography Division

This disc contains information needed by state education officials responding to the 2019 SDRP. You do not have to read/print all sections of the attachments. Read/print only those parts that you feel apply to your state's boundary updates. The materials you receive in the 2019 SDRP reflect the school district names, boundaries, grade ranges, levels, and Federal Local Education Agency identification numbers updated during the 2017-2018 SDRP. These school districts were in effect as of January 1, 2018.

You can also find information about the School District Review Program at the SDRP website: www.census.gov/programs-surveys/sdrp.html

WHAT MATERIALS WILL YOUR STATE RECEIVE?

All states and the District of Columbia will receive the following SDRP program guidelines and GUPS software instructions:

Readme.txt
SDRP_QuickStartGuide.pdf
SDRP_ RespondentGuide.pdf
Submission_Log.xls

Individual states and the District of Columbia will receive the following files containing information about their school districts:

Double-click the setup-X.X.X-X.bat to initiate installation.
Then follow the steps in the installer wizard to complete installation.

This ZIP archive contains installation materials for two versions of QGIS: one for a 32 bit operating system and one for a 64 bit operating system. The installation process will automatically determine which operating system you currently have installed and install the correct version of QGIS.
