Accessibility – Linked to webpage https://www.census.gov/about/policies/privacy/privacy-policy.html#par_textimage_1 with the following language:

The Census Bureau is committed to making online forms and other public documents on its Internet server accessible to all. Currently, we are reviewing our web sites and making modifications to those pages, which are not in compliance with the Americans with Disabilities Act. We use Hypertext Markup Language (HTML) to create pages that are generally accessible to persons using screen-reading devices, and we are careful in our construction of HTML documents to ensure maximum accessibility. We include alternate text describing graphics.

Many Census Bureau Internet documents are in ASCII or HTML formats. These documents are accessible to persons using screen-reading software. We also have a large number of documents in Adobe Acrobat PDF (Portable Document Format) files. Currently, many people using screen-reading devices cannot read documents in PDF format, specifically those that were created from a scanned hard copy.

Adobe Systems, Inc. is producing various products designed to make Adobe Acrobat documents accessible to persons using screen-reading software. Adobe's [accessibility web pages](#) describe their efforts.

To allow us to better serve those with visual disabilities who are having difficulty accessing PDF documents; you may contact us directly for further assistance at 301-763-INFO (4636), 800-923-8282, or by submitting a request at ask.census.gov.

Privacy – Linked to webpage <https://www.census.gov/privacy/> with the following language:
We are committed to handling your information responsibly. Your information is kept confidential. This commitment applies to the individuals, households, and businesses that answer our surveys, and to those browsing our website.

Security – Linked to webpage [URL] with the following language:
Data are Encrypted at all Times

Our secure servers use Hypertext Transfer Protocol over Secure Socket Layer (HTTPS) to ensure the encrypted transmission of data between your browser and the U.S. Census Bureau. This means that instead of sending readable text over the Internet, both your browser and our servers encode (scramble) all text using a security key. That way, personal data sent to your browser and data you send back are extremely difficult to decode in the unlikely event of interception by an unauthorized party. As a result of this, your browser must be capable of using the required encryption protocol and strength in order to connect to our servers. If you cannot connect to our secure servers, please upgrade to a newer browser.

Third Party Identity Proofing

Our secure servers use a digital certificate (digital ID) issued by a trusted, third party Certificate Authority (CA) as proof of identity. The only way to be sure of a web site's authenticity is to view their digital ID. In this way, you can be assured that you are not being "spoofed" or tricked by an imposter. The digital ID will contain information such as the name of the organization that owns the web site, the site's registered internet name/address, and the name of the Certification Authority under which the digital ID was issued. The method for viewing a web site's Digital Certificate/ID varies depending on the web browser. Please see your browser's "Help" information for instructions on how to verify a web site's identity.

Burden – Linked to webpage [URL] with the following language:

How long will this survey take?

The Census Bureau estimates that, for the average household, this survey will take about 20 minutes to complete, including the time for reviewing the instructions and answers.

Section Splash Page (display_Information)

Thank you for participating. This survey helps measure the impact of coronavirus (COVID-19) on employment status, consumer spending (including use of stimulus payments), food security, housing security, education disruptions, and dimensions of physical and mental wellbeing. Completing this short 20-minute survey will help the following agencies identify coronavirus (COVID-19) related issues in your state:

- the U.S. Census Bureau
- the Bureau of Labor Statistics
- the National Center for Health Statistics
- the National Center for Education Statistics
- the United States Department of Agriculture
- the Department of Housing and Urban Development

In this survey:

- we refer to the **coronavirus (COVID-19)** as **coronavirus**.

This survey is not the census.

Here is some helpful information:

- We will keep your answers confidential.
- You can validate that this survey is a legitimate federally-approved information collection using the U.S. Office of Management and Budget approval **number 0607-0978, expiring on 08/31/2020**. Federal agencies may not sponsor surveys without a valid control number.
- To learn more about this survey go to: www.census.gov/plan.
