

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Economic Impacts of Reef Diving and Snorkeling**

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on January 19, 2021 (86 FR 5142) during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Economic Impacts of Reef Diving and Snorkeling.

OMB Control Number: 0648–0765.

Form Number(s): None.

Type of Request: Regular (revision and extension of a currently approved collection).

Number of Respondents: 3,500.

Average Hours per Response: 25 minutes.

Total Annual Burden Hours: 1,470.

Needs and Uses: The objective of the survey will be to understand divers' and snorkelers' expenditures associated with recreational coral reef diving activities in Hawaii, American Samoa, CNMI, Guam, and the Caribbean. The survey was previously implemented in Hawaii in 2019 and this revision proposes to make the survey national in scope. The title of the collection will be changed to Economic Impacts of Reef Diving and Snorkeling from Economic Impacts of Hawaii Reef Diving and Snorkeling. The survey will also collect information on divers' attitudes, preferences, and concerns about recreational diving and coral reefs health. This survey will help to improve our understanding of divers' and snorkelers' expenditure patterns and to estimate the economic impact of coral reef related spending. Results of the survey will be used to inform coastal resource management planning and establish a baseline for outreach and

education. The expenditure survey is also expected to provide useful information for local economic and business interests.

Affected Public: Individuals or households.

Frequency: Once.

Respondent's Obligation: Voluntary.

Legal Authority: U.S. Code: 16 U.S.C. 6401 *et seq.* Name of Law: Coral Reef Conservation Act of 2000.

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0765.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.

BILLING CODE 3510–22–P

DEPARTMENT OF DEFENSE**Department of the Army**

[Docket ID: USA–2021–HQ–0010]

Proposed Collection; Comment Request

AGENCY: The Department of the Army, Department of Defense (DoD).

ACTION: Information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the U.S. Army Combat Readiness Center announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use

of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by August 13, 2021.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: The DoD cannot receive written comments at this time due to the COVID–19 pandemic. Comments should be sent electronically to the docket listed above.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to U.S. Army Combat Readiness Center, 4905 Ruf Ave., Ft. Rucker, AL 36362, ATTN: Mr. John Nelson, or call 334–255–9479.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Army Safety Management Information System (ASMIS); OMB Control Number 0702–ASMS.

Needs and Uses: The ASMIS system of record is the Army's single, centralized repository for Safety and Occupational Health (SOH) data. Information collected via the three applications within ASMIS is necessary to support the requirements of the Army Safety and Occupational Health program as directed via the AR 385–40 and as prescribed in DA PAM 385–10. The information collected is used for the sole purpose of preventing accidental loss and maximizing readiness within the U.S. Army. Users provide data via one of three applications: (1) Mishap and near miss reporting, (2) safety audits and inspections, and (3) hazard management. Each provides a modern web-based, intuitive means of entering data. Users are primarily Safety Officers with orders in writing to fulfil those duties. Most of these individuals are military and DoD civilian personnel, but contractor personnel may also submit reports in ASMIS as part of their duties.
