### Introduction

ICF, under contract with the Center for Disease Control (CDC), manages and evaluates the Overdose Data to Action (OD2A) technical assistance (TA). This survey is to gather your feedback regarding the perceived quality and effectiveness of the TA offered through the CDC DOP TA Center. Our goal is to provide the best assistance to support your work and this feedback will help us to make that TA better. The survey is designed to take about 5 minutes to complete.

### Informed Consent

- Your participation is voluntary. You may refuse to answer any questions or stop the survey at any time.
- ICF will have access to your contact information when you complete this survey. However, ICF will aggregate and de-identify responses when reporting to CDC. ICF will not link your name with your individual responses in any reports to CDC. ICF will maintain your responses in a secure manner.
- There are no right or wrong answers or ideas—we want to hear your experiences and opinions.

- There are no risks to you or your organization for participating in this survey. The information will be used to improve the training and TA provided to OD2A recipients.
- If you have questions about the survey or Institutional Review Board (IRB) approval, contact Megan Brooks at [megan.brooks@icf.com](mailto:megan.brooks@icf.com).
