## **Discussion Guide for Implementation Study Interviews with Referral Provider Administrators (Interview, Second Site Visit)**

*Second Site Visit (6-9 months after implementation)*

### **Background**

Let's start off by talking about you and your organization, and your role in the FUP program.

- What is your position in the organization?
- What services does your organization provide?
- In what capacity do you and your organization work with the FUP program?
- With which agency, do you have a contract or memorandum of understanding? The public housing authority, the public child welfare agency, the continuum of care or another agency?
- Does one of your partnering organizations set aside a certain number of vouchers to your organization? If so, how many?
- Do you work with intact families where FUP is intended to keep the family together, with families with children in out-of-home care where FUP is intended to speed up reunification, or both?

### **Partnership (based on partnering organization)**

- How did the collaboration for FUP come about? Did someone at the [partnering organization] contact your organization, or vice versa? At what level was the contact made (agency head, program director, etc.)?
- Have you ever collaborated with the [partnering organization] in the past, on either FUP or another project? If so, please describe that collaboration.

- Please describe the structure of your partnership with the [partnering organization].
  - o Do you have a contract? An MOU?
  - o Please describe the way the FUP program is coordinated with the [partnering agency].
    - How often do agency officials meet to review whether the program is operating as desired and meeting its goals?
    - How often do the liaisons or program managers meet?
    - Do you jointly discuss the eligibility of specific families before they are referred?
    - Do you jointly discuss the status of families' applications, housing search, and signing a lease after referral?
    - Do you jointly discuss the status of housed families in terms of maintaining their housing?
    - Do you coordinate data systems?
  - o How would you characterize the strength of your relationship with the [partnering agency]? Why?
    - Probe: Are there clear roles and responsibilities? Is there a sense of a common mission? Are processes tailored to work effectively, or are they built as work-arounds to existing processes? Is there trust between the agencies? Has the partnership led to other joint ventures?

If the public child welfare agency is not the partnering agency:

- o Please describe the way your agency coordinates the FUP program with the public child welfare agency:
  - How often do agency officials meet to review whether the program is operating as desired and meeting its goals?
  - How often do the liaisons or program managers meet?
  - Do you jointly discuss the eligibility of specific families before they are referred?

- Do you jointly discuss the status of families' applications, housing search, and leasing up after referral?
  - Do you jointly discuss the status of housed families in terms of maintaining their housing?
  - Do you coordinate data systems?
- Have you ever collaborated with the public child welfare agency in the past, on either FUP or another project? If so, please describe the collaboration.
  - o How would you characterize the strength of your relationship with the public child welfare agency? Why?
    - Probe: Are there clear roles and responsibilities? Is there a sense of a common mission? Are processes tailored to work effectively, or are they built as work-arounds to existing processes? Is there trust between the agencies? Has the partnership led to other joint ventures?

### **Eligibility, Referral Process, and Screening**

Thinking about how things worked before COVID-19:

- How are FUP eligible families identified?
- How is housing need identified?
- Please describe the FUP referral process.
  - o Who makes the referral?
  - o Where does the referral go?
  - o Is there a referral screener sheet?
  - o What other housing resources are explored to help the family?
  - o What are typical housing outcomes for families that don't get a FUP voucher?
- Do you do any screening to account for the FUP requirements of the public housing authority?
  - o Probe: income, criminal background, substance use, rental history, other PHA eligibility requirements.

- Has the identification and referral of FUP eligible families changed since COVID-19? If so, how?
  - o Probe: Have you stopped requiring signatures? Have you discovered new ways of identifying families?
  - o Are these changes permanent or temporary?

## **Program Model**

Thinking about how things worked before COVID-19:

- What types of assistance do you give filling out the voucher application?
  - o Do you help gather documents?
  - o Do you help address barriers to voucher approval?
- What types of assistance do you give in the voucher process?
  - o Provide transportation to the voucher briefing?
  - o Attend the voucher briefing?
- What types of housing search assistance do you provide?
- What types of assistance do you provide to help families sign a lease?
  - o Landlord advocacy
  - o Lease review
  - o Financial support
- What types of support do you provide for moving in?
  - o Furniture, groceries, household supplies, financial support?
- Has any of the services or assistance available to families changed since COVID-19?
  - o Has it changed how often or how service providers meet with families?
  - o Are additional services now available? Are some services no longer available?
  - o Are these changes permanent or temporary?

## **Implementation Challenges and Supports**

- Have you encountered any challenges implementing the FUP program?
  - o Have you had any challenges adhering to the eligibility guidelines?
  - o Have you had challenges with getting the public child welfare agency to certify your referrals as FUP-eligible?
  - o Have you had any challenges screening families to meet the PHA voucher eligibility requirements?
  - o Have you had any challenges helping families during the application or voucher issuance process?
  - o Have you had any challenges helping families obtain a lease?
  - o Have you had challenges with matching the families' need for housing with the time to make a referral, obtain a voucher, and find housing?
- Have you had challenges working with the PHA due to:
  - o Poor communication?
  - o Difficulty getting in touch with the right person?
  - o Difficulty getting problems resolved?
  - o Lack of data sharing?
  - o Unwillingness to be flexible in their application requirements?
  - o They don't provide the services you thought they would?
- How have you overcome those challenges?
- Have any factors been particularly helpful in implementing the program?

## **Closing**

Thank you for taking the time to talk with me today.

Is there anything that I did not ask about that you think I should know about the FUP program or your experience with FUP families?

Do you have any final questions for me about the study, or about the research team?
