The estimated burden associated with this collection of information is two hours per response. Comments concerning the accuracy of this burden estimate and suggestions for reducing this burden should be directed to the Office of Privacy, Transparency, and Records, U.S. Department of the Treasury, 1500 Pennsylvania Ave., N.W., Washington, D.C. 20220. The CERTS application consists of 10 sections that are listed in the tabs on the left side of the screen.

Sections 1 through 3 provide instructions and background information.

Sections 4 through 10 have a series of questions to answer or fields to populate. Please answer each question or enter information in each field in accordance with the instructions in the section. As you progress through the application, you will also be required to upload certain documents – for a complete list of the documents please see the next section “Documents You Will Need to Upload to Complete the Application.”

After completing a section, you must click the NEXT button at the bottom right corner of the screen to save your responses and advance to the next section.

At any time, you may also click the SAVE button on the bottom right corner of the screen to save an application in progress. Once an application in progress is saved, you may return to it later to complete it or change it before the application deadline.

A CERTS application must be linked one-to-one to a Federal tax return, such that the official name, TIN, principal business activity code, and total annual revenues that will be entered into

the application form will match the same values on the corresponding tax return. Therefore, references to “you” and “your company” in the application refer to the specific entity with that official name on the application and the tax return. ***Please refer to the CERTS “Frequently Asked Questions” document on the CERTS homepage [link to <https://home.treasury.gov/certs/>] for more details on how applications should be submitted for different corporate and operating structures, including structures with affiliated companies under common ownership.***

The last section “Certification and Signature” will require an authorized representative of your company to certify and electronically sign the application using a DocuSign electronic signature. After you finish filling out the application, an email with a DocuSign link will be sent to the email address of the authorized company official you identify allowing them to electronically sign and submit the application.

After the application is completed, electronically signed, and submitted successfully, the primary contact person listed in the application will receive an automated confirmation email from Treasury.

For additional information on CERTS, please see the CERTS guidelines and Frequently Asked Questions on the CERTS homepage. [link to CERTS homepage <https://home.treasury.gov/certs/>]

TAB 2: DOCUMENTS YOU WILL NEED TO UPLOAD TO COMPLETE THE APPLICATION

To complete the application, you will need to upload the following documents. If you do not upload the following documents, your application will not be considered complete and cannot be processed.

ALL COMPANIES

- **Annual Income Tax Returns.** All companies must upload a copy of their Federal income tax returns filed in their own name and Taxpayer Identification Number (TIN) for both 2019 and 2020, as specified below.
 - For C-Corporations, upload IRS Form 1120
 - For S-Corporations, upload IRS Form 1120-S
 - For partnerships, upload IRS Form 1065
 - For self-employed individuals, upload Schedule C (IRS Form 1040)
 - For LLCs: Use one of the above

Your CERTS application must be linked one-to-one to your Federal tax return, such that the name, TIN, principal business activity code, and total annual revenues you enter into the application form match the same values on the corresponding tax return that you upload.

If you are a common parent company or holding company that files a consolidated tax return representing one or more affiliates that provide transportation services eligible under CERTS grant, you must complete this application using the name, TIN, and total revenues of the common parent company and upload the consolidated tax return.

If your company does not have its Federal income tax return for 2020 because you have applied for an extension to file, then in lieu of your 2020 Federal income tax return you must upload a copy of your application for an extension to file (IRS Form 7004 for businesses or IRS Form 4868 for self-employed individuals) or, if you filed the application for extension electronically, a copy of the IRS's electronic acknowledgement.

AND

- **Q1 2020 Employer's Quarterly Federal Tax Return.** All companies must upload a complete copy of IRS Form 941 for Q1 2020 filed in their own name and TIN.

If you do not have a Form 941 in your own company name and TIN because you contract with a third-party to process your payroll and report your payroll taxes, such as a payroll service provider or a Professional Employer Organization (PEO), then in lieu of the IRS Form 941 you must upload a completed form letter [[link to form letter](#)] signed by an authorized representative of your service provider attesting to your total number of employees and your total compensation for Q1 2020.

If for any reason your company filed more than one IRS Form 941 for the quarter (e.g., you are applying in the name of a parent company with a consolidated income tax return, but submitted separate IRS Form 941s for the subsidiary operating and payroll corporations), then you must upload copies of all of your company's IRS Form 941s for Q1 2020.

PASSENGER VESSEL COMPANIES

- **United States Coast Guard (USCG) Certificate of Inspection (COI).** Passenger vessel companies must upload a copy of a current USCG-issued COI for up to three passenger vessels. If your company operates three or more passenger vessels, you must upload three COIs (representing your three largest vessels if you have more than three). If your business operates only one or two passenger vessels, you must upload COIs for each of your one or two vessels.

If your company does not have a USCG-issued COI because it operates passenger vessels on non-federal waters regulated only by a State or local jurisdiction, then your company must upload a current State- or local-issued operating certificate or permit in lieu of a USCG-issued COI.

PILOTAGE COMPANIES

- Authorizing Document. All pilotage companies must upload a copy of the current operating license or other document issued to their company by the State pilot commission, board, or oversight body stating that the pilotage company is recognized and authorized to facilitate the provision of pilotage services.

SCHOOL BUS COMPANIES

- Certificate of Insurance. All school bus companies must upload a current certificate of insurance that evidences liability coverage for their school bus company under SIC Code 4151 (School Buses), NAICS Code 485410 (School Bus Services), or comparable school bus industry insurance code, with a description of operations or vehicles referencing school bus transportation of students. An acceptable “current” certificate includes both active coverage and coverage that has been suspended pending resumption of services after the pandemic, but does not include any certificate indicating canceled or lapsed coverage. (This document must be uploaded for school bus companies to submit a complete application. The CERTS program guidelines published on May 6, 2021, did not have this requirement. However, the CERTS program guidelines have been subsequently updated to include this requirement.)
