Subpart 3001.1—Purpose, Authority, Issuance

3001.101 Purpose.

The Department of Homeland Security Acquisition Regulation (HSAR) establishes uniform acquisition policies and procedures, which implement and supplement the Federal Acquisition Regulation (FAR).

3001.102 Statement of Guiding Principles for the Federal Acquisition System.

(d) The FAR and this supplement are to be interpreted permissively, if consistent with statutory and regulatory requirements, policy, and sound professional judgment.

3001.104 Applicability.

(a) The following order of precedence applies to resolve any acquisition regulation or procedural inconsistency found within HSAR or the Homeland Security Acquisition Manual (HSAM):

- (1) Statute;
- (2) FAR or other applicable regulation or Executive Order;
- (3) HSAR;
- (4) Department of Homeland Security (DHS) Directives; and
- (5) HSAM.

(b) The Transportation Security Administration (TSA) exception to this regulation is authorized by the Aviation and Transportation Security Act of 2001 (section 101(a) of Public Law 107-71).

(c) Contracts involving Non-Appropriated Fund Instrumentalities (NAFIs) must contain suitable dispute provisions and may provide for appellate dispute jurisdiction in the Civilian Board of Contract Appeals (CBCA). However, the contract must not attempt to confer court jurisdiction that does not otherwise exist.

(d) The FAR and HSAR may be followed, where feasible, for:

- (1) No-cost contracts;
- (2) Concession contracts; and

3001.105

(3) Contracts on behalf of NAFIs entered into by appropriated fund contracting officers.

[68 FR 67871, Dec. 4, 2003, as amended at 71 FR 25767, May 2, 2006; 72 FR 1297, Jan. 11, 2007]

3001.105 Issuance.

3001.105-1 Publication and code arrangement.

(a) The HSAR is published in:

- (1) The FEDERAL REGISTER and
- (2) Cumulated form in the Code of Federal Regulations (CFR).

3001.105-2 Arrangement of regulations.

(a) *General.* The HSAR, which encompasses both Department-wide and Component-unique guidance, conforms to the arrangement and numbering system prescribed by 48 CFR 1.105-2. Guidance that is unique to a Component contains the organization's acronym or abbreviation directly following the title. The following acronyms apply:

Bureau of Customs and Border Protection (CBP);

Bureau of Immigration and Customs Enforcement (ICE);

DHS Office of Procurement Operations (OPO);

Federal Emergency Management Agency (FEMA);

Federal Law Enforcement Training Center (FLETC);

Transportation Security Administration (TSA);

U.S. Coast Guard (USCG); and

U.S. Secret Service (USSS).

[72 FR 1297, Jan. 11, 2007]

3001.105-3 Copies.

The HSAR is available in the FEDERAL REGISTER and electronically at <http://www.dhs.gov/dhspublic/>.

3001.106 OMB Approval under the Paperwork Reduction Act.

(a) The Office of Management and Budget (OMB) has assigned the following control numbers that must appear on the upper right-hand corner of the face page of each solicitation, contract, modification, and order:

OMB Control No. 1600-002 (Contract related forms)

48 CFR Ch. 30 (10-1-07 Edition)

OMB Control No. 1600-005 (Offeror submissions)

OMB Control No. 1600-003 (Contractor submissions)

OMB Control No. 1600-004 (Protests)

(b) OMB regulations and OMB's approval and assignment of control numbers are conditioned upon not requiring more than three copies (including the original) of any document of information. OMB has granted a waiver to permit the Department to require up to eight copies of proposal packages, including proprietary data, for solicitations, provided that contractors who submit only an original and two copies will not be placed at a disadvantage.

Subpart 3001.3—Agency Acquisition Regulations

3001.301 Policy.

(a)(1) The HSAR is issued for Departmental guidance according to the policy cited in (FAR) 48 CFR 1.301. The HSAR establishes uniform Homeland Security policies and procedures for all acquisition activities within the Department of the Homeland Security, except the TSA. Component supplemental acquisition regulations to be inserted in the HSAR as a HSAR supplement regulation must be reviewed and approved by the Chief Procurement Officer (CPO) before the CPO submits the proposed coverage for publication in the FEDERAL REGISTER according to (FAR) 48 CFR 1.501.

(2)(i) The CPO is authorized to issue internal agency guidance at any organizational level. Department-wide procedures are contained in the HSAM. The HCA may implement internal procedures or supplement the FAR, HSAR, or HSAM as provided in HSAM 3001.3. The HCA may issue procedures or delegate this authority to any organizational level deemed appropriate. Component procedures may be more restrictive or require higher approval levels than those permitted by the HSAM, unless otherwise specified.

(ii) Individuals granted authority in the HSAR may delegate that authority, unless the FAR or HSAR specifically state that the authority is not delegable.

Homeland Security Department

3001.303

(b) The Under Secretary of Management established procedures through Management Directive (MD) 0490.1, entitled *Federal Register Notice and Rules*, to ensure that agency acquisition regulations are published for comment in the FEDERAL REGISTER in conformance with FAR procedures at (FAR) 48 CFR subpart 1.5.

[68 FR 67871, Dec. 4, 2003, as amended at 71 FR 25767, May 2, 2006; 71 FR 48800, Aug. 22, 2006]

3001.301-70 Amendment of HSAR.

(a) Requests for changes to the regulation may be recommended by DHS personnel, other Government agencies, or the public. Change requests are to be submitted in the following format to the Department of Homeland Security, Attn: Office of the Under Secretary of Management, Chief Procurement Officer, Washington, DC 20598.

(1) *Problem:* Succinctly state the problem(s) created by current HSAR requirements or processes and describe the factual or legal reasons for requesting a regulatory change.

(2) *Recommendation:* Identify the recommended change by using the current language and lining through the words to be deleted and inserting proposed language in brackets. If the change is extensive, deleted language may be displayed by forming a box with diagonal lines connecting the corners.

(3) *Discussion:* Explain why the change is necessary and how the change will solve the problem. Address any cost or administrative impact on Government activities, offerors, and contractors. Provide any other helpful information and documents such as statutes, legal decisions, regulations, reports, etc.

(4) *Point of Contact:* Provide a point of contact for answering questions regarding the recommendation, along with a telephone number, e-mail or other method of reaching the contact.

(b) The HSAR is maintained by the CPO through the HSAR/HSAM change process (*i.e.*, input from various Components including representatives specifically designated to formulate Departmental acquisition policies and procedures).

(1) Homeland Security Acquisition Circular (HSAC). HSAC (*see* (HSAR) 48

Chapter 3001.301-72) will be used to amend (HSAR) 48 Chapter 30.

(2) HSAR Notices will be issued (with a specified expiration date) when interim guidance is necessary under any of the following circumstances:

(i) To promulgate, as rapidly as possible, selected material in a general or narrative manner, in advance of a HSAC issuance;

(ii) To disseminate other acquisition related information; or

(iii) To issue guidance that is expected to be effective for a period of 1 year or less.

[68 FR 67871, Dec. 4, 2003, as amended at 71 FR 25767, May 2, 2006; 71 FR 48800, Aug. 22, 2006]

3001.301-71 Effective date.

Unless otherwise stated:

(a) HSAR changes apply to solicitations issued on or after the effective date of the change;

(b) Contracting officers may, at their discretion, amend solicitations issued before the effective date to include HSAR changes, provided award of the resulting contract(s) will occur on or after the effective date of the change; and

(c) Contracting officers, at their discretion, may use the changes clause or other suitable authority to modify existing contract to include HSAR changes.

[71 FR 25767, May 2, 2006]

3001.301-72 HSAC or HSAR Notice numbering.

HSACs and HSAR Notices will be numbered consecutively on a fiscal year basis beginning with number "01" prefixed by the last two digits of the fiscal year (*e.g.*, HSAR Notices 03-01 and 03-02 indicate the first two HSAR Notices issued in fiscal year 2003).

3001.303 Publication and codification.

(a) The HSAR is issued as chapter 30 of Title 48 of the CFR.

(1) The FAR numbering illustrations at (FAR) 48 CFR 1.105-2 apply to the HSAR.

(2) Coverage within HSAR 48 CFR chapter 30 is identified by the prefix "30" followed by the complete FAR cite which may extend downward to

3001.304

48 CFR Ch. 30 (10–1–07 Edition)

the subparagraph level (*e.g.*, (HSAR) 48 CFR 3001.101).

(3) Coverage in HSAR Chapter 30 that supplements the FAR will use part, subpart, section and subsection numbers ending in “70” through “89”. A series of numbers beginning with “70” is used for provisions and clauses (*e.g.*, (HSAR) 48 CFR 3001.301-70).

(4) Coverage in HSAR 48 CFR chapter 30, other than that identified with a “70” or higher number, which implements the FAR uses the identical number sequence and caption of the FAR segment being implemented which may extend downward to the subparagraph level. Subparagraph numbers/letters may not be shown as sequential, but may be shown by the specific paragraph/subparagraph implemented from the FAR (*e.g.*, (HSAR) 48 CFR 3003.301 contains subparagraphs (a) and (b) because only these subparagraphs, correlating to FAR, are being supplemented by (HSAR) 48 CFR chapter 30).

(5) *Component-unique guidance.* Supplementary material for which there is no counterpart in the FAR or HSAR shall be identified using chapter, part, subpart, section, or subsection numbers of “90” and up (*e.g.*, the U.S. Coast Guard’s acronym is “USCG”; an USCG-unique clause pertaining to “Inspection and/or Acceptance” would be designated “USCG 3052.246-90”).

(6) References and citations. Cross references to the FAR in the HSAR will be cited by “FAR” followed by the FAR numbered cite, and cross reference to the HSAM in the HSAR will be cited by “HSAM” followed by the HSAM numbered cite.

(7) Department/agency and Component supplements must parallel the FAR and HSAR numbering, except department/agency supplemental numbering uses subsection numbering of 90 and up, instead of 70 and up.

TABLE 1–1—HSAR NUMBERING

3001.304 Agency control and compliance procedures.

(a) The HSAR is under the direct oversight and control of the Homeland Security, Office of the Chief Procurement Officer (OCPO), which is responsible for evaluation, review, and issuance of all Department-wide acquisition regulations and guidance. Each HCA may supplement the HSAR with Component guidance. Supplementation should be kept to a minimum. Components proposing to issue regulatory supplements or use solicitation or contract clauses on a repetitive basis must obtain legal review by the Component’s legal counsel and forward supplements to the CPO for concurrence prior to publication in the FEDERAL REGISTER.

(c) The CPO is responsible for evaluating all regulatory coverage in agency acquisition regulations to determine if

the substance could apply to other agencies and to make recommendation for inclusion in the FAR.

[68 FR 67871, Dec. 4, 2003, as amended at 71 FR 48801, Aug. 22, 2006]

Subpart 3001.4—Deviations from the FAR and HSAR

3001.403 Individual deviations.

Unless precluded by law, executive order, or other regulation, the HCA is authorized to approve individual deviation (except with respect to (FAR) 48 CFR 30.201-3, 30.201-4; the requirements of the Cost Accounting Standards board rules and regulations at 48 CFR chapter 99 (FAR appendix); and part 50). Submit requests per (HSAR) 48 CFR 3001.7000, including complete documentation of the justification for the deviation (*See* HSAM 3001.403).

(a) Unless precluded by law, executive order, or other regulation, the CPO is authorized to approve FAR class deviations, except (FAR) 48 CFR 30.201-3, and 30.201-4 (the requirements of the Cost Accounting Standards Board); 48 CFR Chapter 99 (FAR Appendix); and part 50. Prior to authorizing a FAR class deviation, the CPO shall consult with the chairperson of the Civilian Agency Acquisition Council (CAA Council), unless the CPO determines that urgency precludes such consultation. FAR class deviation requests shall be submitted to the CPO per (HSAR) 48 CFR subpart 3001.70 including complete documentation of the justification for the deviation, and the estimated number and type of contract actions affected. The CPO will transmit a copy of each approved FAR deviation to the FAR Secretariat.

3001.603-1 General.

Under DHS Delegations, the Heads of the Contracting Activity (HCA), with authority to redelegate no lower than the Chief of the Contracting Office (COCO), are authorized to select and appoint contracting officers and terminate their appointment.

3004.470-2 Policy.

(a) DHS's policies and procedures on contractor personnel security requirements are set forth in various management directives (MDs). MD 11042.1, Safeguarding Sensitive But Unclassified (For Official Use only) Information describes how contractors must handle sensitive but unclassified information. For acquisitions in which the contractor will not have access to IT resources, but the Department has determined contractor employee access to sensitive information or Government facilities must be limited to U.S. citizens and lawful permanent residents, the contracting officer shall insert the clause with its Alternate II. Neither the basic clause nor its alternates shall be used unless contractor employees will require recurring access to Government facilities or access to sensitive information. aircraft for any injury to or death of persons, or damage to or loss of property, unless such aircraft is in the actual possession or control of such person at the time of such injury, death, damage or loss. On short-term or intermittent-use leases, however, the owner may be liable for damage caused by operation of the aircraft. It is usual for the aircraft owner to retain insurance covering this liability during the term of such lease. Such insurance can, often for little or no increase in premium, be made to cover the Government's exposure to liability as well. In order to take advantage of this coverage, the Risks and Indemnities clause at (HSAR) 48 CFR 3052.228-93 prescribed in paragraph (d)(1) of this section shall be used.

(2) For the U.S. Coast Guard, any contract for out-service flight training shall include a clause in the contract schedule stating substantially that the contractor's personnel shall at all times during the course of the training be in command of the aircraft and that

(2) Failure of the contractor to submit the annual property reports required by (HSAR) 48 CFR 3045.505-14;

(3) Failure of the contractor to reconcile its physical inventory with its property control record; or

(4) Failure of the contractor to submit a Government property listing when requested by the property administrator.

(b) When it is determined that the contractor's property control system is deficient, the property administrator, in coordination with the contracting officer, shall discuss the deficiencies with the contractor. Subpart 3046.7—Warranties**3046.702 [Reserved]****3046.790 Use of warranties in major systems acquisitions by the USCG (USCG).****3046.790-1 Scope (USCG).**

This subpart provides the policy for the USCG to use in obtaining warranties from contractors when contracting for the acquisition of a major system.

[68 FR 67871, Dec. 4, 2003. Redesignated and amended at 71 FR 25772, May 2, 2006]

3046.790-2 Definitions (USCG).

As used in this part:

At no additional cost to the Government means without an increase in price for firm-fixed-price contracts, without an increase in target or ceiling price for fixed price incentive contracts (see (FAR) 48 CFR 46.707).

Defect means any condition or characteristic in any supplies or services furnished by the contractor under the contract that is not in compliance with the requirements of the contract.

Design and manufacturing requirement means structural and engineering plans and manufacturing particulars, including precise measurements, tolerances, materials and finished product tests for the major system being produced.

Performance requirements means the operating capabilities, maintenance, and reliability characteristics of a system that are determined to be necessary for it to fulfill the requirement for which the system is designed.

[71 FR 25772, May 2, 2006]

3046.790-3 Policy (USCG).

(a) *Major Systems.* The use of warranties by the USCG in the procurement of major systems valued at \$10,000,000 or higher is mandatory, unless waived (see (HSAR) 48 CFR 3046.790-4).

(b) Any warranty on major system acquisitions shall not apply in the case of any system or component thereof which has been furnished by the Government to a contractor except as indicated in paragraph (c)(4) of this section.

(c) When drafting warranty provisions/clauses for major systems acquisitions, the contracting officer shall

ensure that the items listed at the Homeland Security Acquisition Manual (HSAM) Chapter 3046 have been considered. The warranty shall also meet the following requirements:

(1) For systems or components that are commercially available, such warranty as is normally provided by the manufacturer or supplier shall be obtained in accordance with (FAR) 48 CFR 46.703(d) and 46.710(b)(2).

(2) For systems or components provided in accordance with either design and manufacturing or performance requirements as specified in the contract or any modification to that contract, a warranty of compliance with the stated requirements shall be obtained.

(3) Any warranty obtained shall specifically exclude coverage for combat damage.

(4) A contractor for a major systems acquisition shall not be required to provide the warranties specified in this section on any property furnished to that contractor by the Government except for defects in installation.

[71 FR 25772, May 2, 2006]

3046.790-4 Waiver (USCG).

(a) The Secretary of Homeland Security may waive the requirement for a warranty for USCG major system acquisitions when the waiver is in the interest of national defense or if the warranty obtained would not be cost beneficial. A waiver may be granted provided that the Committees on Appropriations of the Senate and the House of Representatives, the Committee on Commerce, Science and Transportation of the Senate, and the Committee on Merchant Marine and Fisheries of the House of Representatives are notified, in writing, of the Secretary's intention to waive the warranty requirements and the reasons supporting such a determination, prior to granting the waiver.

The request for Secretarial waiver shall include, as a minimum:

(1) A brief description of the major system and its stage of production (e.g., the number of units delivered and anticipated to be delivered during the life of the program);

3046.791-1

(2) The specific waiver requested, the duration of the waiver if it is to involve more than one contract, and the rationale for the waiver; and

(3) All documentation supporting the request for waiver, such as a cost-benefit analysis.

(b) The waiver request shall be forwarded to the Secretary, via the CPO. The USCG shall maintain a written record of each waiver granted and the Congressional notification and report made, together with supporting documentation.

[71 FR 25772, May 2, 2006]

3046.791-1 Policy (USCG).

The USCG shall include a warranty in all contracts for major systems acquisitions. When drafting warranty provisions/clauses for major systems acquisitions, the contracting officer shall ensure that the items listed at (HSAR) 48 CFR 3046.706 have been considered. The warranty shall also meet the following requirements:

(a) For systems or components which are commercially available, such warranty as is normally provided by the manufacturer or supplier shall be obtained in accordance with (FAR) 48 CFR 46.703(d) and (FAR) 48 CFR 46.710(b)(2).

(b) For systems or components provided in accordance with either design and manufacturing or performance requirements as specified in the contract or any modification to that contract, a warranty of compliance with the stated requirements shall be obtained.

(c) The warranty provided under paragraph (b) of this section shall provide that in the event the major system or any component thereof fails to meet the terms of the warranty provided, the contracting officer may:

(1) Require the contractor to promptly take such corrective action as the contracting officer determines to be necessary at no additional cost to the Government, including repairing or replacing all parts necessary to achieve the requirements set forth in the contract;

(2) Require the contractor to pay costs reasonably incurred by the United States in taking necessary corrective action; or

48 CFR Ch. 30 (10-1-07 Edition)

(3) Equitably reduce the contract price.

(d) Any warranty shall specifically exclude coverage of combat damage.

3046.791-2 Tailoring warranty terms and conditions (USCG).

(a) As the objectives and circumstances vary considerably among major systems acquisition programs, contracting officers shall appropriately tailor the warranty on a case-by-case basis, including remedies, exclusions, limitations and durations, provided the tailoring is consistent with the specific requirements of this subpart and (FAR) 48 CFR 46.706.

(b) Contracting officers of major systems acquisitions may exclude from the terms of the warranty certain defects for specified supplies (exclusions) and may limit the contractor's liability under the terms of the warranty (limitations), as appropriate, if necessary to derive a cost-effective warranty in light of the technical risk, contractor financial risk, or other program uncertainties.

(c) Contracting officers are encouraged to structure a broader and more comprehensive warranty where such is advantageous. Likewise, the contracting officer may narrow the scope of a warranty when appropriate (*e.g.*, where it would be inequitable to require a warranty of all performance requirements because a contractor had not designed the system).

(d) Contracting officers shall not include in a warranty clause any terms that require the contractor to incur liability for loss, damage, or injury to third parties.

3046.791-3 Warranties on Government-furnished property (USCG).

A contractor for a major systems acquisition shall not be required to provide the warranties specified in (HSAR) 48 CFR 3046.790-1 on any property furnished to that contractor by the Government except for:

(a) Defects in installation; and

(b) Installation or modification in such a manner that invalidates a warranty provided by the manufacturer of the property.

Homeland Security Department

3047.305-70

3046.792 Cost benefit analysis (USCG).

If a specific warranty is considered not to be cost beneficial by the contracting officer, a waiver request shall be initiated in accordance with guidance at (HSAR) 48 CFR 3046.793.

3046.793 Waiver and notification procedures (USCG).

(a) The Secretary of Homeland Security, without delegation, may waive the requirement for a warranty for USCG major system acquisitions when the waiver is in the interest of national defense or if the warranty obtained would not be cost beneficial. A waiver may be granted provided that the Committees on Appropriations of the Senate and the House of Representatives, the Committee on Commerce, Science and Transportation of the Senate, and the Committee on Merchant Marine and Fisheries of the House of Representatives are notified, in writing, of the Secretary's intention to waive the warranty requirements and the reasons supporting such a determination prior to granting the waiver. The request for Secretarial waiver shall include, as a minimum:

(1) A brief description of the major system and its stage of production (*e.g.*, the number of units delivered and anticipated to be delivered during the life of the program);

(2) The specific waiver requested, the duration of the waiver if it is to involve more than one contract, and the rationale for the waiver; and

(3) All documentation supporting the request for waiver, such as a cost-benefit analysis.

(b) The waiver request shall be forwarded to the Secretary, via the CPO. The USCG shall maintain a written record of each waiver granted and the Congressional notification and report made, together with supporting documentation.

Subpart 3052.2—Text of Provisions and Clauses

3052.204-70 Security requirements for unclassified information technology resources.

As prescribed in (HSAR) 48 CFR 3004.470-3, insert a clause substantially the same as follows:

SECURITY REQUIREMENTS FOR UNCLASSIFIED INFORMATION TECHNOLOGY RESOURCES (JUN 2006)

(a) The Contractor shall be responsible for Information Technology (IT) security for all systems connected to a DHS network or operated by the Contractor for DHS, regardless of location. This clause applies to all or any part of the contract that includes information technology resources or services for which the Contractor must have physical or electronic access to sensitive information contained in DHS unclassified systems that directly support the agency's mission.

(b) The Contractor shall provide, implement, and maintain an IT Security Plan. This plan shall describe the processes and procedures that will be followed to ensure appropriate security of IT resources that are developed, processed, or used under this contract.

(1) Within ___ ["insert number of days"] days after contract award, the contractor shall submit for approval its IT Security Plan, which shall be consistent with and further detail the approach contained in the offeror's proposal. The plan, as approved by the Contracting Officer, shall be incorporated into the contract as a compliance document.

(2) The Contractor's IT Security Plan shall comply with Federal laws that include, but are not limited to, the Computer Security Act of 1987 (40 U.S.C. 1441 et seq.); the Government Information Security Reform Act of 2000; and the Federal Information Security Management Act of 2002; and with Federal policies and procedures that include, but are not limited to, OMB Circular A-130.

(3) The security plan shall specifically include instructions regarding handling and protecting sensitive information at the Contractor's site (including any information stored, processed, or transmitted using the Contractor's computer systems), and the se-

cure management, operation, maintenance, programming, and system administration of computer systems, networks, and telecommunications systems.

(c) Examples of tasks that require security provisions include—

(1) Acquisition, transmission or analysis of data owned by DHS with significant replacement cost should the contractor's copy be corrupted; and

(2) Access to DHS networks or computers at a level beyond that granted the general public (e.g., such as bypassing a firewall).

(d) At the expiration of the contract, the contractor shall return all sensitive DHS information and IT resources provided to the contractor during the contract, and certify that all non-public DHS information has been purged from any contractor-owned system. Components shall conduct reviews to ensure that the security requirements in the contract are implemented and enforced.

(e) Within 6 months after contract award, the contractor shall submit written proof of IT Security accreditation to DHS for approval by the DHS Contracting Officer. Accreditation will proceed according to the criteria of the DHS Sensitive System Policy Publication, 4300A (Version 2.1, July 26, 2004) or any replacement publication, which the Contracting Officer will provide upon request. This accreditation will include a final security plan, risk assessment, security test and evaluation, and disaster recovery plan/continuity of operations plan. This accreditation, when accepted by the Contracting Officer, shall be incorporated into the contract as a compliance document. The contractor shall comply with the approved accreditation documentation.

3052.204-71 Contractor employee access.

As prescribed in (HSAR) 48 CFR 3004.470-3(b), insert a clause substantially the same as follows with appropriate alternates:

CONTRACTOR EMPLOYEE ACCESS (JUN 2006)

(a) "Sensitive Information," as used in this Chapter, means any information, the loss, misuse, disclosure, or unauthorized access to or modification of which could adversely affect the national or homeland security interest, or the conduct of Federal programs, or the privacy to which individuals are entitled under section 552a of title 5, United States Code (the Privacy Act), but which has not been specifically authorized under criteria established by an Executive Order or an Act of Congress to be kept secret in the interest of national defense, homeland security or

foreign policy. This definition includes the following categories of information:

(1) Protected Critical Infrastructure Information (PCII) as set out in the Critical Infrastructure Information Act of 2002 (Title II, Subtitle B, of the Homeland Security Act, Pub. L. 107-296, 196 Stat. 2135), as amended, the implementing regulations thereto (Title 6, Code of Federal Regulations, part 29) as amended, the applicable PCII Procedures Manual, as amended, and any supplementary guidance officially communicated by an authorized official of the Department of Homeland Security (including the PCII Program Manager or his/her designee);

(2) Sensitive Security Information (SSI), as defined in Title 49, Code of Federal Regulations, part 1520, as amended, "Policies and Procedures of Safeguarding and Control of SSI," as amended, and any supplementary guidance officially communicated by an authorized official of the Department of Homeland Security (including the Assistant Secretary for the Transportation Security Administration or his/her designee);

(3) Information designated as "For Official Use Only," which is unclassified information of a sensitive nature and the unauthorized disclosure of which could adversely impact a person's privacy or welfare, the conduct of Federal programs, or other programs or operations essential to the national or homeland security interest; and

(4) Any information that is designated "sensitive" or subject to other controls, safeguards or protections in accordance with subsequently adopted homeland security information handling procedures.

(b) "Information Technology Resources" include, but are not limited to, computer equipment, networking equipment, telecommunications equipment, cabling, network drives, computer drives, network software, computer software, software programs, intranet sites, and internet sites.

(c) Contractor employees working on this contract must complete such forms as may be necessary for security or other reasons, including the conduct of background investigations to determine suitability. Completed forms shall be submitted as directed by the Contracting Officer. Upon the Contracting Officer's request, the Contractor's employees shall be fingerprinted, or subject to other investigations as required. All contractor employees requiring recurring access to Government facilities or access to sensitive information or IT resources are required to have a favorably adjudicated background investigation prior to commencing work on this contract unless this requirement is waived under Departmental procedures.

(d) The Contracting Officer may require the contractor to prohibit individuals from working on the contract if the government deems their initial or continued employment

contrary to the public interest for any reason, including, but not limited to, carelessness, insubordination, incompetence, or security concerns.

(e) Work under this contract may involve access to sensitive information. Therefore, the Contractor shall not disclose, orally or in writing, any sensitive information to any person unless authorized in writing by the Contracting Officer. For those contractor employees authorized access to sensitive information, the contractor shall ensure that these persons receive training concerning the protection and disclosure of sensitive information both during and after contract performance.

(f) The Contractor shall include the substance of this clause in all subcontracts at any tier where the subcontractor may have access to Government facilities, sensitive information, or resources.

(End of clause)

Alternate I (JUN 2006)

When the contract will require contractor employees to have access to Information Technology (IT) resources, add the following paragraphs:

(g) Before receiving access to IT resources under this contract the individual must receive a security briefing, which the Contracting Officer's Technical Representative (COTR) will arrange, and complete any non-disclosure agreement furnished by DHS.

(h) The contractor shall have access only to those areas of DHS information technology resources explicitly stated in this contract or approved by the COTR in writing as necessary for performance of the work under this contract. Any attempts by contractor personnel to gain access to any information technology resources not expressly authorized by the statement of work, other terms and conditions in this contract, or as approved in writing by the COTR, is strictly prohibited. In the event of violation of this provision, DHS will take appropriate actions with regard to the contract and the individual(s) involved.

(i) Contractor access to DHS networks from a remote location is a temporary privilege for mutual convenience while the contractor performs business for the DHS Component. It is not a right, a guarantee of access, a condition of the contract, or Government Furnished Equipment (GFE).

(j) Contractor access will be terminated for unauthorized use. The contractor agrees to hold and save DHS harmless from any unauthorized use and agrees not to request additional time or money under the contract for any delays resulting from unauthorized use or access.

(k) Non-U.S. citizens shall not be authorized to access or assist in the development, operation, management or maintenance of

Department IT systems under the contract, unless a waiver has been granted by the Head of the Component or designee, with the concurrence of both the Department's Chief Security Officer (CSO) and the Chief Information Officer (CIO) or their designees. Within DHS Headquarters, the waiver may be granted only with the approval of both the CSO and the CIO or their designees. In order for a waiver to be granted:

(1) The individual must be a legal permanent resident of the U.S. or a citizen of Ireland, Israel, the Republic of the Philippines, or any nation on the Allied Nations List maintained by the Department of State;

(2) There must be a compelling reason for using this individual as opposed to a U.S. citizen; and

(3) The waiver must be in the best interest of the Government.

(l) Contractors shall identify in their proposals the names and citizenship of all non-U.S. citizens proposed to work under the contract. Any additions or deletions of non-U.S. citizens after contract award shall also be reported to the contracting officer.

(End of clause)

Alternate II (JUN 2006)

When the Department has determined contract employee access to sensitive information or Government facilities must be limited to U.S. citizens and lawful permanent residents, but the contract will not require access to IT resources, add the following paragraphs:

(g) Each individual employed under the contract shall be a citizen of the United States of America, or an alien who has been lawfully admitted for permanent residence as evidenced by a Permanent Resident Card (USCIS I-551). Any exceptions must be approved by the Department's Chief Security Officer or designee.

(h) Contractors shall identify in their proposals, the names and citizenship of all non-U.S. citizens proposed to work under the contract. Any additions or deletions of non-U.S. citizens after contract award shall also be reported to the contracting officer.

The nature of the conflict of interest and the limitation on future contracting ____ [“contracting officer shall insert description here”]. ____

(b) If any such conflict of interest is found to exist, the Contracting Officer may (1) disqualify the offeror, or (2) determine that it is otherwise in the best interest of the United States to contract with the offeror and include the appropriate provisions to avoid, neutralize, mitigate, or waive such conflict in the contract awarded. After discussion with the offeror, the Contracting Officer may determine that the actual conflict cannot be avoided, neutralized, mitigated or otherwise resolved to the satisfaction of the Government, and the offeror may be found ineligible for award.

(c) Disclosure: The offeror hereby represents, to the best of its knowledge that:

flicts of interest relating to the award of this contract, or

__ (2) It has included information in its proposal, providing all current information bearing on the existence of any actual or potential organizational conflicts of interest, and has included a mitigation plan in accordance with paragraph (d) of this provision.

(d) Mitigation. If an offeror with a potential or actual conflict of interest or unfair competitive advantage believes the conflict can be avoided, neutralized, or mitigated, the offeror shall submit a mitigation plan to the Government for review. Award of a contract where an actual or potential conflict of interest exists shall not occur before Government approval of the mitigation plan. If a mitigation plan is approved, the restrictions of this provision do not apply to the extent defined in the mitigation plan.

(e) Other Relevant Information: In addition to the mitigation plan, the Contracting Officer may require further relevant information from the offeror. The Contracting Officer will use all information submitted by the offeror, and any other relevant information known to DHS, to determine whether an award to the offeror may take place, and whether the mitigation plan adequately neutralizes or mitigates the conflict.

(f) Corporation Change. The successful offeror shall inform the Contracting Officer within thirty (30) calendar days of the effective date of any corporate mergers, acquisitions, and/or divestitures that may affect this provision.

(g) Flow-down. The contractor shall insert the substance of this clause in each first tier subcontract that exceeds the simplified acquisition threshold.

The Contracting Officer may, without prejudice to any right of the Government, either—

(1) Order the Contractor to proceed with replacement or repair, in which event the Contractor shall effect the replacement or repair;

(i) The Contractor shall submit to the Contracting Officer a request for reimbursement of the cost of the replacement or repair together with whatever supporting documentation the Contracting Officer may reasonably require, and shall identify the request as being submitted under the Insurance clause of this contract.

(ii) If the Government determines that the risk of the loss or damage is within the scope of the risks assumed by the Government under this clause, the Government will reimburse the Contractor for the reasonable allowable cost of the replacement or repair, plus a reasonable profit (if the work or replacement or repair was performed by the Contractor) less the deductible amount specified in paragraph (b) of this clause.

(iii) Payments by the Government to the Contractor under this clause are outside the scope of and shall not affect the pricing structure of the contract, and are additional to the compensation otherwise payable to the Contractor under this contract; or

(2) Decide that the loss or damage shall not be replaced or repaired and in that event, the Contracting Officer shall—

(i) Modify the contract appropriately, consistent with the reduced requirements reflected by the unreplaced or unrepaired loss or damage; or

(d) If practicable, the Government shall give the Contractor an opportunity to correct the deficiency.

All other construction markings on roads and adjacent parking lots may be either electric or battery type lights. These lights and flags shall be placed so as to outline the construction areas and the distance between any two flags or lights shall not be greater than 25 feet. The Contractor shall provide adequate watch to maintain the lights in working condition at all times other than daylight hours. The hour of beginning and the hour of ending of daylight will be determined by the Contracting Officer.

No construction equipment shall operate within 50 feet of aircraft undergoing fuel operations. Open flames are not allowed on the ramp except at times authorized by the Contracting Officer.

(d) Trucks and other motorized equipment entering the airport or construction area shall do so only over routes determined by the Contracting Officer. Use of runways, aprons, taxiways, or parking areas as truck or equipment routes will not be permitted unless specifically authorized for such use. Flag personnel shall be furnished by the Contractor at points on apron and taxiway for safe guidance of its equipment over these areas to assure right of way to aircraft. Areas and routes used during the contract must be returned to their original condition by the Contractor. Airport management shall establish the maximum speed allowed at the airport. Vehicles shall be operated so as to be under safe control at all times, weather and traffic conditions considered. Vehicles must be equipped with head and taillights during the hours of darkness.
