SUPPLEMENTARY INFORMATION: Notice of this meeting is given under the *Federal Advisory Committee Act*, 5 U.S.C. App. (Pub. L. 92-463).

In accordance with the *Biggert-Waters Flood Insurance Reform Act of 2012*, the TMAC makes recommendations to the FEMA Administrator on: (1) How to improve, in a cost-effective manner, the (a) accuracy, general quality, ease of use, and distribution and dissemination of flood insurance rate maps and risk data; and (b) performance metrics and milestones required to effectively and efficiently map flood risk areas in the United States; (2) mapping standards and guidelines for (a) flood insurance rate maps, and (b) data accuracy, data quality, data currency, and data eligibility; (3) how to maintain, on an ongoing basis, flood insurance rate maps and flood risk identification; (4) procedures for delegating mapping activities to State and local mapping partners; and (5)(a) methods for improving interagency and intergovernmental coordination on

flood mapping and flood risk determination, and (b) a funding strategy to leverage and coordinate budgets and expenditures across Federal agencies. Furthermore, the TMAC is required to submit an annual report to the FEMA Administrator that contains: (1) A description of the activities of the Council; (2) an evaluation of the status and performance of flood insurance rate maps and mapping activities to revise and update Flood Insurance Rate Maps; and (3) a summary of recommendations made by the Council to the FEMA Administrator.

Agenda: The purpose of this meeting is for the TMAC members to hold a vote to submit the final report to the FEMA Administrator, introduce 2021 TMAC tasking, and vote to appoint a new chair for 2021. Any related materials will be posted to the FEMA TMAC site prior to the meeting to provide the public an opportunity to review the materials. The full agenda and related meeting materials will be posted for review by Friday, February 26, 2021 at <https://www.fema.gov/flood-maps/guidance-partners/technical-mapping-advisory-council>.

Transportation Security Administration

Intent To Request Approval From OMB of One Current Public Collection of Information: Screening Partnership Program

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-Day notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0064, abstracted below that we will submit to OMB for an extension in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves an application completed by airport operators desiring to opt-out of passenger and baggage security screening performed by federal employees, preferring a qualified private

screening company to perform security screening functions under a contract entered into with TSA.

DATES: Send your comments by April 13, 2021.

ADDRESSES: Comments may be emailed to TSAPRA@dhs.gov or delivered to the TSA PRA Officer, Information Technology (IT), TSA-11, Transportation Security Administration, 6595 Springfield Center Drive, Springfield, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh at the above address, or by telephone (571) 227-2062.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <http://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Control Number 1652-0064; Screening Partnership Program (SPP). TSA's SPP (codified as amended at 49 U.S.C. 44920)¹ enables commercial airport operators to apply for a qualified private screening company, under contract with TSA, to provide passenger and baggage security screening services, rather than Federal employees. An authorized representative of the airport operator or airport owner submits a copy of the SPP application to the airport's TSA Federal Security Director to begin the application process.

The application process is the initial notification to TSA of an airport operator's desire to opt-out of the security screening provided by TSA Federal employees. The SPP application collects the following from each airport operator seeking to participate in SPP:

- Basic airport information: Airport name, FAA identifier, and airport operating authority.
- Authorized Requestor information: Name, position, primary and alternate phone number, mailing address, and email address.
- An indication of whether or not the airport authority desires to provide its own private security screening services.
- A recommendation on which private screening company should perform the screening function and the basis for the recommendation.
- Information on any major activities scheduled to occur at the airport within the next 18 months that could impact the transition from Federal screening to private screening (for example, major construction).
- Optional information may be provided to support the consideration of their application.

TSA will acknowledge receipt of the application, review for completeness, and provide an official response within 120 days from the date of acknowledgement. The application contains no personally identifiable information, sensitive security information, or classified information, so no special handling or protection is required.

TSA currently has a screening presence at approximately 450 airports, of which 22 airports are participating in SPP. The annual burden for the information collection related to SPP is estimated to be 30 minutes (0.5 hours). While TSA estimates that only two airport operators will respond annually, it is presumed that ten or more airport operators could respond. The agency estimates that each respondent airport operator will spend approximately one-quarter (.25) hour to complete the application for a total burden of one-half hour (0.50 hours). TSA does not require the airport operators to maintain records of the application submission. However, if the airport operator chooses to do so, the burden associated with this action is anticipated to be minimal.

Dated: February 9, 2021.

Christina A. Walsh,

*TSA Paperwork Reduction Act Officer,
Information Technology.*
