

PROMISE NEIGHBORHOODS GRANTEE SURVEY

(GRANTEES FROM FISCAL YEARS 2011 OR 2012)

INTRODUCTION AND INSTRUCTIONS

The National Center for Education Evaluation and Regional Assistance within the Institute of Education Sciences (IES) at the U.S. Department of Education has contracted with Mathematica to conduct a study of the Promise Neighborhoods grant program which includes all current and previous Promise Neighborhood implementation grantees. The study is collecting information on the services implemented by Promise Neighborhood grantees during their 5-year grant period, as well as any challenges related to implementing grant activities.

We would like you to think about the Promise Neighborhood grant you received in Fiscal Year 2011 or Fiscal Year 2012 when responding to data collection materials. Please exclude any planning grants or extension grants you may have received when responding. Focus only on your experiences during the 5-year implementation grant.

Instructions:

- Select your desired response to each question in this Word document. Type your responses if applicable.
- Some of the information we are asking for may be hard to recall or obtain. Please provide your best guess or estimate. We ask that you try to provide a response to each question in the survey. Some questions have a box you can mark if you are unable to provide a response. If you are unsure of how to answer a question you can contact the study team.
- You may complete the survey with the input and contributions of other staff affiliated with the Promise Neighborhood.
- We estimate that the survey will take 75 minutes to complete, including time to locate information and talk with others at your organization. You will receive a \$50 gift card after you submit the survey to the study team.

We would like you to know the following:

- Findings will be aggregated and incorporated into a public report. Your answers will be completely confidential and are protected from disclosure per the policies and procedures required by the Education Sciences Reform Act of 2002, Title I, Part E, Section 183. We will not report information that identifies you, your organization, or your Promise Neighborhood to anyone outside the study team except if required by law. Your responses will be used only for statistical purposes. The reports prepared for this study will summarize findings across the sample and will not associate responses with a specific grantee, organization, Promise Neighborhood, or person. Any willful disclosure of such information for nonstatistical purposes, without your consent, is a class E felony.
- Your answers to questions will not affect your job or any hiring decisions now or in the future and will only be shared with the study team (they will not be shared with anyone from your organization or Promise Neighborhood).
- Participation in this survey does not pose any special risks to you. The study has safeguards in place to ensure respondents' confidentiality, including restricted access to survey data and separating identifying information such as staff and organization names from survey responses. All members of the study team sign a confidentiality pledge, and all staff with access to identifiable study data have received clearance from the U.S. Department of Education and are subject to severe legal consequences for any breach of confidentiality. Any data that identifies you will be destroyed at the end of the study. This survey is voluntary, but your response is critical for producing valid and reliable data. If you have any questions about your rights as a research volunteer, contact HML IRB toll free at 202-246-8504 and reference IRB number 918MATH21.

I have read and I understand the above statements and agree to participate in the survey.

KEY TERMS

TERM	DEFINITION
Your Promise Neighborhood	The entire initiative undertaken by your organization and the organizations you partnered with, as supported by the federal Promise Neighborhoods grant and other funding sources, to improve the educational and developmental outcomes of children and youth in a particular geographical area.
Promise Neighborhood footprint	The geographical area served by a Promise Neighborhood. This is also known as the catchment area.
Grantee organization	The organization that received a 5-year federal Promise Neighborhood implementation grant.
Partner or partner organization	An organization that partnered with the grantee organization to help implement the Promise Neighborhood and/or provide Promise Neighborhood services.
Promise Neighborhood target schools	The schools named in your application as target schools for coordination and implementation of Promise Neighborhood services.
Promise Neighborhood programs	This includes distinct programs, solutions, or other offerings provided to children, families, teachers, and community members by the Promise Neighborhood. Programs are often delivered through services , which can be provided by or with partner organizations. For example, a Promise Neighborhood might provide a wellness program focused on improving physical activity. They might deliver this program through several services , such as running clubs, walking clubs, dance classes, and student fitness classes.
Promise Neighborhood services	Services are the method that providers use to directly deliver programs and solutions to children, families, teachers, and community members. For example, a Promise Neighborhood might provide a wellness program focused on improving physical activity. They might deliver this program through several services , such as running clubs, walking clubs, dance classes, and student fitness classes.
Cradle-to-career pipeline	A coordinated set of services to support success at every stage of a young person's life. The pipeline includes education programs, solutions, and services across four stages: (1) programs during the early childhood years, (2) programs during grades K-12, (3) programs aimed at college and career success, and (4) family and community programs and services such as parenting support, housing assistance, health/nutrition services, workforce development, and community engagement.
Early childhood pipeline stage	Early learning policies, systems, programs, and services for children from birth through Kindergarten entry.
K-12 pipeline stage	Educational reforms, policies, systems, programs, and services for children and youth in Kindergarten through 12th grade.
College and career readiness pipeline stage	Policies, systems, programs, and services that prepare students for and help students persist in college and a career.
Family and community supports pipeline stage	Policies, systems, programs, and services that support families and the community, including health programs and services, safety programs and services, community stability programs and services, and family and community engagement programs and services.

SECTION A: PROGRAMS AND SERVICES PROVIDED BY YOUR PROMISE NEIGHBORHOOD

The first set of questions ask about the programs and services your Promise Neighborhood provided during your grant period. This includes programs and services that were provided (or partially provided) by partner organizations.

A1. In the space provided below, please enter the total number of distinct programs your Promise Neighborhood provided during your grant period.

- Programs include distinct solutions or other offerings provided to children, families, teachers, and community members.
- Programs are often delivered through services, which can be provided by or with partner organizations. For example, a Promise Neighborhood might provide a wellness program focused on improving physical activity. They might deliver this program through several services, such as running clubs, walking clubs, dance classes, and student fitness classes
- Please count each program only once for this question, even if it was provided through multiple services, at multiple times throughout the grant period, or in multiple locations.
- Please count all programs provided during the grant period, even if the program began or ended before or after the grant period.
- Please include all programs provided during the grant period, even if they were funded by sources other than the Promise Neighborhood grant.

TOTAL NUMBER OF PROGRAMS

A2. Now think about the needs of the students and families served by your Promise Neighborhood during your grant period.

- In column A, indicate whether any services were provided during the grant period to address each need.
- If you select Yes in column A, please answer the following question in column B: Compared to the three year period before the grant, were any of these provided services added as a new service during the grant period, improved during the grant period, and/or expanded to serve more recipients during the grant period?

If you select No in column A, please skip column B in that row.

A4. We are interested in the extent to which services available to neighborhood residents changed from the three year period before the grant period to during the grant period.

In the grid below, please provide this information by pipeline stage, as defined in the Notice Inviting Applications for Promise Neighborhood grants (see the Key Terms table at the beginning of the survey for definitions of each pipeline stage).

PIPELINE STAGE	HOW DID THE AMOUNT OF SERVICES CHANGE FROM THE 3 YEAR PERIOD <u>BEFORE THE GRANT</u> TO <u>DURING THE GRANT</u> PERIOD?
a. Early childhood	1 <input type="checkbox"/> Fewer services were provided before grant 2 <input type="checkbox"/> More services were provided before grant 3 <input type="checkbox"/> There was no change in the number of services DK <input type="checkbox"/> Don't know
b. K-12 education	1 <input type="checkbox"/> Fewer services were provided before grant 2 <input type="checkbox"/> More services were provided before grant 3 <input type="checkbox"/> There was no change in the number of services DK <input type="checkbox"/> Don't know

We are also interested in understanding how services that existed before the Promise Neighborhoods grant changed during the grant period. In the questions below, please indicate how services in each pipeline stage changed during the Promise Neighborhoods grant period, by comparing them to the three year period before the grant.

If services were not provided in a pipeline stage in the three year period before the grant, please select the box above that grid and skip to the next question.

SECTION B: STUDENTS AND SCHOOLS SERVED BY YOUR PROMISE NEIGHBORHOOD

The next set of questions asks about the students and schools served by your Promise Neighborhood during your grant period.

B1. During the grant period, of the children living in your Promise Neighborhood’s footprint, what percentage received at least one service provided by the Promise Neighborhood? Your best estimate is fine.

MARK ONE ONLY

- ← 1 Less than 10% of children
 2 11-25% of children
 3 26-50% of children
 4 51%-75% of children
 5 76%-90% of children
 6 Over 90% of children → GO TO B3

B2. Which of the factors listed below made it difficult to provide at least one service to 90 percent of the children living in your Promise Neighborhood’s footprint?

- In column A, mark all of the factors that made it difficult to serve children living in your Promise Neighborhood.
- In column B, mark the top three factors that made it difficult to serve children.

FACTORS THAT MADE IT DIFFICULT TO PROVIDE SERVICES TO CHILDREN	A	B
	MARK ALL THAT APPLY	TOP FACTORS (MARK ONLY 3)
a. Families or children were not aware of the services offered	1 <input type="checkbox"/>	1 <input type="checkbox"/>
b. Families or children did not feel like they needed the services	2 <input type="checkbox"/>	2 <input type="checkbox"/>
c. Families were reluctant to enroll children in services, due to lack of familiarity with the Promise Neighborhood	3 <input type="checkbox"/>	3 <input type="checkbox"/>
d. Children did not have time to participate in services	4 <input type="checkbox"/>	4 <input type="checkbox"/>
e. Children did not have transportation to access services	5 <input type="checkbox"/>	5 <input type="checkbox"/>
f. Promise Neighborhood had inadequate partner capacity to deliver services	6 <input type="checkbox"/>	6 <input type="checkbox"/>
g. Promise Neighborhood had inadequate financial resources to deliver services	7 <input type="checkbox"/>	7 <input type="checkbox"/>
h. Promise Neighborhood had inadequate non-financial resources to deliver services, such as inadequate space or number of staff members	8 <input type="checkbox"/>	8 <input type="checkbox"/>
i. Promise Neighborhood had inadequate support from district, schools, or district/school staff	9 <input type="checkbox"/>	9 <input type="checkbox"/>
j. Promise Neighborhood intentionally targeted services to certain populations of students	10 <input type="checkbox"/>	10 <input type="checkbox"/>
k. Promise Neighborhood intentionally focused on improving the quality of services rather than increasing the number of children receiving services	11 <input type="checkbox"/>	11 <input type="checkbox"/>

FACTORS THAT MADE IT DIFFICULT TO PROVIDE SERVICES TO CHILDREN	A	B
	MARK ALL THAT APPLY	TOP FACTORS (MARK ONLY 3)
i. Promise Neighborhood was still in the process of scaling services	12 <input type="checkbox"/>	12 <input type="checkbox"/>

B3. How did you select the target school(s) for your Promise Neighborhood?

MARK ALL THAT APPLY

- 1 We partnered with school(s) in the footprint of our Promise Neighborhood
- 2 We partnered with school(s) based on a specific need of the school or students within the school. Specify school/student need(s):

- 3 We partnered with school(s) based on other criteria. Specify other criteria:

B4. Did you exclude any of the following kinds of schools located in your footprint from the target schools for your Promise Neighborhood?

MARK ALL THAT APPLY

- 0 We did not exclude any schools located in the footprint
- 1 Magnet schools
- 2 Charter schools
- 3 Private schools
- 4 Religious schools
- 5 We excluded school(s) for another reason. Specify reason:

B5. Thinking about the years of your grant:

- a. On average, across all years of the grant, what percentage of children living in your Promise Neighborhood's footprint were enrolled in target schools? Your best guess is fine.

%

DK I am unable to provide an estimate

- b. On average, across all years of the grant, what percentage of children who attended target schools lived outside your Promise Neighborhood's footprint? Your best guess is fine.

%

SECTION C: PROMISE NEIGHBORHOOD FUNDING

The next set of questions asks about the funding received by your Promise Neighborhood during your grant period.

- C1. How much funding—including in-kind contributions—did you receive from sources other than your Promise Neighborhood grant to implement your Promise Neighborhood services across all years of your grant? Your best estimate is fine.**

\$

- C2. We would like to know how resources were allocated across Promise Neighborhood activities. Please indicate what percentage of your total funding was spent on each budget category below. Your best estimates are fine, but your answers across all rows should sum to 100%.**

BUDGET CATEGORY	PERCENTAGE OF FUNDING SPENT
a. Adding new services	<input style="width: 80px;" type="text"/> %
b. Expanding existing services	<input style="width: 80px;" type="text"/> %
c. Investing in staffing and operations for grantee organization, including staff delivering services and staff managing Promise Neighborhood partnerships	<input style="width: 80px;" type="text"/> %
