

Copy of Copy of Recreational Flyer Drone Questionnaire - September 4

OMB Control # 2120-0746

The purpose of this questionnaire is to understand and enhance the model UAS community interaction with the Federal Aviation Administration (FAA). It is intended to improve outreach and help the FAA provide a more precise and effective communication strategy.

This questionnaire is voluntary and your responses are completely anonymous. The questionnaire only takes about 3 minutes and it is highly recommended that you complete it in one sitting, without closing the browser window during the questionnaire.

After completing the questionnaire, please hit the "submit" button at the end to complete the questionnaire. Thanks in advance for your participation.

About You

* In a typical month, how many times do you fly?

About You

How long do you typically fly? Please answer in minutes.

The length of flight is important for safety outreach activities and the communication strategy would change depending on the lengths of flights. We would like to tailor our outreach strategy and we would like to see if how often a person flies matches with a specific preferred method of communication.
