## 49 CFR 234.11 - STATE HIGHWAY-RAIL GRADE CROSSING ACTION PLANS.

## § 234.11

State highway-rail grade crossing action plans.

- **(a) Purpose.** The purpose of this section is to reduce collisions at highway-rail grade crossings in the ten States that have had the most highway-rail grade crossing collisions, on average, during the calendar years 2006, 2007, and 2008. This section does not restrict any other State, or other entity, from adopting a highway-rail grade crossing action plan. This section also does not restrict any of the States required to develop action plans under this section from adopting a highway-rail grade crossing action plan with additional or more stringent requirements not inconsistent with this section.
- **(b) Application.** This section applies to the ten States that have had the most highway-rail grade crossing collisions, on average, during the calendar years 2006, 2007, and 2008.

## (c) Action plans.

- **(1)** The ten identified States shall each develop a State highway-rail grade crossing action plan and submit such a plan to FRA for review and approval not later than August 27, 2011.
- **(2)** A State highway-rail grade crossing action plan shall:
- (i) Identify specific solutions for improving safety at crossings, including highway-rail grade crossing closures or grade separations;
- (ii) Focus on crossings that have experienced multiple accidents or are at high risk for such accidents; and
- (iii) Cover a five-year time period.

## (d) Review and approval.

- (1) State highway-rail grade crossing action plans required under paragraph (c) of this section shall be submitted for FRA review and approval using at least one of the following methods: Mail to the Associate Administrator for Railroad Safety/Chief Safety Officer, U.S. Department of Transportation, Federal Railroad Administration, 1200 New Jersey Ave., SE., Washington, DC 20590; or e-mail to *rrs.correspondence@fra.dot.qov*.
- **(2)** FRA will review and approve or disapprove a State highway-rail grade crossing action plan submitted pursuant to paragraph (d) of this section within 60 days of receipt.

- **(3)** If the proposed State highway-rail grade crossing action plan is disapproved, FRA will notify the affected State as to the specific areas in which the proposed plan is deficient. A State shall correct all deficiencies within 30 days following receipt of written notice from FRA.
- **(4)** FRA may condition the awarding of any grants under <u>49 U.S.C. 20158</u>, <u>20167</u>, or 22501 to an identified State on the development of an FRA approved State highway-rail grade crossing action plan.
