

JUSTIFICATION FOR NON-SUBSTANTIVE CHANGE

State Highway-Rail Grade Crossing Action Plans

OMB Control Number 2130-0589

Justification:

FRA is making a non-material/non-substantive change as follows:

- Add a supplemental document titled, “Federal Railroad Administration Office of Railroad Safety State Action Plan (SAP) Portal User’s Guide.” The burden associated with this user’s guide is accounted for and thus there will be no change to the total burden time. No other changes have been made to this collection.
