13. Determination of Rent and Average Monthly Utility Costs

Instructions: To compute the payment, entries on line (8) must reflect all utility services. Therefore, identify on lines (2) through (5) each utility necessary to provide heat, hot water, cooking, lighting, and water and sewer. In those cases where the utility service is not covered by the monthly rent, indicate the estimated out-of-pocket monthly cost. In those cases where the utility service is covered by the monthly rent, indicate the estimated average monthly cost of a utility service by dividing the reasonable estimated yearly cost by 12. If you receive (or will receive) a monthly housing subsidy at the replacement dwelling (e.g., Section 8 Housing Assistance Payment

| (HAP)), enter the applicable amount on line (7), column (a). | Average Monthly Cost | | | | | |
