

## SUPPORTING STATEMENT – PART A

### Waiver/Remission of Indebtedness Application – OMB No. 0730-0009

#### JUSTIFICATION

##### 1. Need for the Information Collection

Statutes 5 U.S.C. 5584, “Claims for overpayment of pay and allowances, and of travel, transportation and relocation expense and allowances,” 10 U.S.C. 2774, “Claims for overpayment of pay and allowances and of travel and transportation allowances,” 32 U.S.C. 716, “Claims for overpayment of pay and allowances, and travel and transportation allowances,” and DoD Financial Management Regulation (FMR) 7000.14, Volume 16, Chapter 04, Section 0404 (Waiver) and Section 0405 (Remission), pertaining to waiver or remission of indebtedness states that collection of a claim may be waived if there is no indication of fraud, misrepresentation, fault, or lack of good faith on the part of any individual having an interest in obtaining a waiver. Remission statutes, 10 U.S.C. 4837, “Settlement of accounts, remission or cancellation of indebtedness of members,” 10 U.S.C. 6161, “Settlement of accounts: remission or cancellation of indebtedness of members,” 10 U.S.C. 9837, “Settlement of accounts: remission or cancellation of indebtedness of members,” states a debt may be remitted if it is found to be in the best interest of the United States. The information collected on this form will be used by the DFAS to determine whether there is indication of fraud, misrepresentation, fault, or lack of good faith, and whether it is in the best interest of the United States to forgive the debt. It will also be used to determine if a debtor should have been reasonably aware of the overpayment when it occurred.

If a request for waiver is denied, the debt collection office (DCO) (usually the payroll office) will continue or resume collection if collection action was previously suspended. If a request for waiver is approved, then the DCO must cancel any outstanding portion of the debt and refund any portion of the debt that may have been collected prior to waiver approval.

##### 2. Use of the Information

The information collected on the DD Form 2789 is used to process the individual’s request for waiver/remission. Individuals requesting waiver or remission consideration must provide information concerning their awareness of the debt or erroneous payment, actions taken to correct the situation, reasons for requesting waiver or remission, and documentation in their possession concerning the debt. The request for waiver or remission must then be submitted to the payroll office as indicated on the form, who is responsible for submitting additional supporting documentation, such as master military pay account information, leave and earnings statements, and may provide a written statement either supporting or not supporting the respondents request for waiver. DFAS Debt and Claims technicians will then review the entire request package, which includes this form, to determine whether there is indication of fraud, misrepresentation, fault, or lack of good faith, and whether it is in the best interest of the United States to forgive the debt. It will also be used to determine if a debtor should have been

reasonably aware of the overpayment when it occurred. Based on this information and subsequent decision, the Debt and Claims office will issue a formal, written response, which is mailed back to the payroll office and to the debtor. This response provides the details of the debt, provides a determination on whether the request for waiver is approved or denied, discusses the basis for the decision, and provides next steps to include appeal options. Note: For Civilian debts that are greater than \$1,500 and Military debts that are greater than \$10,000, if DFAS recommends approval, it must submit its recommendation to the Defense Office of Hearings and Appeals, who will then use the entire package to make a final determination.

The form is available on the DoD Forms website (<https://www.esd.whs.mil/Directives/forms/>) as well as the DFAS website ([www.dfas.mil](http://www.dfas.mil)). The Privacy Act Statement and Agency Disclosure Notice are available to the respondent on the form.

### 3. Use of Information Technology

80% of the forms are submitted electronically. The DD 2789 is available in fillable PDF format from the DoD Forms website. Respondents may complete the form, print and fax or mail for processing. Currently, DFAS receives the majority of DD 2789s via electronic means. This includes workflow for the services, Civilian Pay, and Retired and Annuity Pay, as well as via AskDFAS. Approximately 80% of cases come via electronic means vice 20% for hard copy means.
