

Memorandum

Date August 5, 2019

From Director, Office of Science CDC

Subject Authorization to Extend 308(d) Assurance of Confidentiality Protection for the “National Assisted Reproductive Technology (ART) Surveillance System (NASS).”

To Dana Shelton, MPH, Acting Director
National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP)

This memo is to provide formal approval of the NCCDPHP request to extend the authorization to assure confidentiality under Section 308(d) of the Public Health Service Act for the “National Assisted Reproductive Technology (ART) Surveillance System (NASS).”

This project has had an Assurance of Confidentiality since April 2001. For ongoing projects, CDC practice is that every five years, the program must apply for a formal extension of the 308(d) authority. Please apply for the extension at least six months prior to March 31, 2024.

Please use 42 USC 242(k), and 42 USC 242(m) as the legal references for information collection and protection.

If you have any questions, please contact Joseph Rush Jr., Confidentiality Administrator, at (404) 639-4772.
