information collection is to allow ORR Monitoring Team staff to interview and document responses from UAC during biennial site visits. Public reporting burden for this collection of information is estimated to average 0.5 hour per response (plus an additional 0.5 hour if the site visit is performed by a contractor monitor), including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. This is a mandatory collection of information (Homeland Security Act, 6 U.S.C. 279). An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. If you have any comments on this collection of information please contact UACPolicy@acf.hhs.gov.

 When you need personal care items like soap and clothes, who can you ask? O Do you feel comfortable asking for more items? 						
•	Did anyone show you how to exit the building in case of an emergency (fire, hurricane etc.)? $Yes \ \ NO \ \ $
