Good morning David and Savi,

I have reviewed the package and determined that it does not need a part B as written. Please provide this email to the Departmental Clearance Officer, Carrie Snyder, and indicate that if there are questions, concerns or comments, they can be addressed to me.

Best regards,
sg

Hi Scott,

We would like you to review and approve the CAPE-Youth project, with the attached Supporting Statement A and information collection instruments, specifically to ensure that Supporting Statement B is not required.
