

(iv) the appropriate range of contact intervals between the tracking technology and a commercial motor vehicle transporting security-sensitive materials;

(v) technology that allows the installation by a motor carrier of concealed electronic devices on commercial motor vehicles that can be activated by law enforcement authorities to disable the vehicle or alert emergency response resources to locate and recover security-sensitive materials in the event of loss or theft of such materials;

(vi) whether installation of the technology described in clause (v) should be incorporated into the program under paragraph (1);

(vii) the costs, benefits, and practicality of such technology described in clause (v) in the context of the overall benefit to national security, including commerce in transportation; and

(viii) other systems and information the Secretary determines appropriate.

(b) Funding

From the amounts appropriated pursuant to section 114(w) of title 49, there shall be made available to the Secretary to carry out this section—

(1) \$7,000,000 for fiscal year 2008 of which \$3,000,000 may be used for equipment;

(2) \$7,000,000 for fiscal year 2009 of which \$3,000,000 may be used for equipment; and

(3) \$7,000,000 for fiscal year 2010 of which \$3,000,000 may be used for equipment.

(c) Report

Not later than 1 year after the issuance of regulations under subsection (a), the Secretary shall issue a report to the appropriate congressional committees on the program developed and evaluation carried out under this section.

(d) Limitation

The Secretary may not mandate the installation or utilization of a technology described under this section without additional congressional authority provided after August 3, 2007.

(Pub. L. 110-53, title XV, §1554, Aug. 3, 2007, 121 Stat. 473.)

§ 1205. Hazardous materials security inspections and study

(a) In general

The Secretary of Transportation shall consult with the Secretary to limit, to the extent practicable, duplicative reviews of the hazardous materials security plans required under part 172, title 49, Code of Federal Regulations.

(b) Transportation costs study

Within 1 year after August 3, 2007, the Secretary of Transportation, in conjunction with the Secretary, shall study to what extent the insurance, security, and safety costs borne by railroad carriers, motor carriers, pipeline carriers, air carriers, and maritime carriers associated with the transportation of hazardous materials are reflected in the rates paid by offerors of such commodities as compared to the costs and rates,

respectively, for the transportation of non-hazardous materials.

(Pub. L. 110-53, title XV, §1555, Aug. 3, 2007, 121 Stat. 475.)

§ 1206. Use of transportation security card in hazmat licensing

(1) Background check

An individual who has a valid transportation employee identification card issued by the Secretary under section 70105 of title 46 shall be deemed to have met the background records check required under section 5103a of title 49.

(2) State review

Nothing in this section prevents or preempts a State from conducting a criminal records check of an individual that has applied for a license to operate a motor vehicle transporting in commerce a hazardous material.

(Pub. L. 110-53, title XV, §1556(b), Aug. 3, 2007, 121 Stat. 475.)

§ 1207. Pipeline security inspections and enforcement

(a) In general

Not later than 9 months after August 3, 2007, consistent with the Annex to the Memorandum of Understanding executed on August 9, 2006, between the Department of Transportation and the Department, the Secretary, in consultation with the Secretary of Transportation, shall establish a program for reviewing pipeline operator adoption of recommendations of the September 5, 2002, Department of Transportation Research and Special Programs Administration's Pipeline Security Information Circular, including the review of pipeline security plans and critical facility inspections.

(b) Review and inspection

Not later than 12 months after August 3, 2007, the Secretary and the Secretary of Transportation shall develop and implement a plan for reviewing the pipeline security plans and an inspection of the critical facilities of the 100 most critical pipeline operators covered by the September 5, 2002, circular, where such facilities have not been inspected for security purposes since September 5, 2002, by either the Department or the Department of Transportation.

(c) Compliance review methodology

In reviewing pipeline operator compliance under subsections (a) and (b), risk assessment methodologies shall be used to prioritize risks and to target inspection and enforcement actions to the highest risk pipeline assets.

(d) Regulations

Not later than 18 months after August 3, 2007, the Secretary and the Secretary of Transportation shall develop and transmit to pipeline operators security recommendations for natural gas and hazardous liquid pipelines and pipeline facilities. If the Secretary determines that regulations are appropriate, the Secretary shall consult with the Secretary of Transportation on the extent of risk and appropriate mitigation measures, and the Secretary or the Secretary of

Transportation, consistent with the Annex to the Memorandum of Understanding executed on August 9, 2006, shall promulgate such regulations and carry out necessary inspection and enforcement actions. Any regulations shall incorporate the guidance provided to pipeline operators by the September 5, 2002, Department of Transportation Research and Special Programs Administration's Pipeline Security Information Circular and contain additional requirements as necessary based upon the results of the inspections performed under subsection (b). The regulations shall include the imposition of civil penalties for noncompliance.

(e) Funding

From the amounts appropriated pursuant to section 114(w) of title 49, there shall be made available to the Secretary to carry out this section—

- (1) \$2,000,000 for fiscal year 2008;
- (2) \$2,000,000 for fiscal year 2009; and
- (3) \$2,000,000 for fiscal year 2010.

(Pub. L. 110-53, title XV, §1557, Aug. 3, 2007, 121 Stat. 475.)

§ 1208. Pipeline security and incident recovery plan

(a) In general

The Secretary, in consultation with the Secretary of Transportation and the Administrator of the Pipeline and Hazardous Materials Safety Administration, and in accordance with the Annex to the Memorandum of Understanding executed on August 9, 2006, the National Strategy for Transportation Security, and Homeland Security Presidential Directive-7, shall develop a pipeline security and incident recovery protocols plan. The plan shall include—

(1) for the Government to provide increased security support to the most critical interstate and intrastate natural gas and hazardous liquid transmission pipeline infrastructure and operations as determined under section 1207 of this title when—

(A) under severe security threat levels of alert; or

(B) under specific security threat information relating to such pipeline infrastructure or operations exists; and

(2) an incident recovery protocol plan, developed in conjunction with interstate and intrastate transmission and distribution pipeline operators and terminals and facilities operators connected to pipelines, to develop protocols to ensure the continued transportation of natural gas and hazardous liquids to essential markets and for essential public health or national defense uses in the event of an incident affecting the interstate and intrastate natural gas and hazardous liquid transmission and distribution pipeline system, which shall include protocols for restoring essential services supporting pipelines and granting access to pipeline operators for pipeline infrastructure repair, replacement, or bypass following an incident.

(b) Existing private and public sector efforts

The plan shall take into account actions taken or planned by both private and public en-

ties to address identified pipeline security issues and assess the effective integration of such actions.

(c) Consultation

In developing the plan under subsection (a), the Secretary shall consult with the Secretary of Transportation, interstate and intrastate transmission and distribution pipeline operators, nonprofit employee organizations representing pipeline employees, emergency responders, offerors, State pipeline safety agencies, public safety officials, and other relevant parties.

(d) Report

(1) Contents

Not later than 2 years after August 3, 2007, the Secretary shall transmit to the appropriate congressional committees a report containing the plan required by subsection (a), including an estimate of the private and public sector costs to implement any recommendations.

(2) Format

The Secretary may submit the report in both classified and redacted formats if the Secretary determines that such action is appropriate or necessary.

(Pub. L. 110-53, title XV, §1558, Aug. 3, 2007, 121 Stat. 476.)

CHAPTER 5—BORDER INFRASTRUCTURE AND TECHNOLOGY MODERNIZATION

Sec.

1401. Definitions.

1402, 1403. Repealed.

1403. National Land Border Security Plan.

1404. Port of entry technology demonstration program.

1405. Authorization of appropriations.

§ 1401. Definitions

In this chapter:

(1) Commissioner

The term “Commissioner” means the Commissioner of U.S. Customs and Border Protection of the Department of Homeland Security.

(2) Maquiladora

The term “maquiladora” means an entity located in Mexico that assembles and produces goods from imported parts for export to the United States.

(3) Northern border

The term “northern border” means the international border between the United States and Canada.

(4) Secretary

The term “Secretary” means the Secretary of the Department of Homeland Security.

(5) Southern border

The term “southern border” means the international border between the United States and Mexico.

(Pub. L. 110-161, div. E, title VI, §602, Dec. 26, 2007, 121 Stat. 2094.)
