SUPPLEMENTARY INFORMATION:

Title: FERC Form No. 552, Annual Report of Natural Gas Transactions.

OMB Control No.: 1902-0242.

Type of Request: Three-year extension of the FERC Form No. 552 information

collection requirements with no changes to the current reporting requirements.

Abstract: The Commission uses the information collected in the FERC Form No. 552¹ to provide greater transparency into the size of the physical natural gas market and the use of physical fixed-price and index-based natural gas transactions. This information assists the Commission and the public in assessing whether index prices are the result of a robust market of fixed-price transactions.

FERC Form No. 552 had its genesis in the Energy Policy Act of 2005,² which added section 23 of the Natural Gas Act (NGA). Section 23 of the NGA, among other things, directs the Commission “to facilitate price transparency in markets for the sale or transportation of physical natural gas in interstate commerce, having due regard for the public interest, the integrity of those markets, and the protection of consumers.”³

Type of Respondents: Wholesale natural gas market participants.

*Estimate of Annual Burden:*⁴ The Commission estimates the average annual burden and cost⁵ for this information collection as follows.

FERC FORM NO. 552—ANNUAL REPORT OF NATURAL GAS TRANSACTIONS

Category	Number of respondents	Annual number of responses per respondent	Total number of responses	Average burden hours and cost per response	Total annual burden hours and cost (\$)	Annual cost per respondent (\$)(rounded)

Comments: Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency’s estimate of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

⁴ Burden is defined as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide

information to or for a Federal agency. Refer to 5 CFR 1320.3 for additional information.

⁵ Costs (for wages and benefits) are based on wage figures from the Bureau of Labor Statistics (BLS) for May 2020 (at https://www.bls.gov/oes/current/naics2_22.htm) and benefits information (issued March 2020, <https://www.bls.gov/news.release/ecec.nr0.htm>). The staff estimates that 75% of the

work is done by a financial analyst (code 13-2098) at an hourly cost of \$66.09 (for wages plus benefits), and 25% of the work is done by legal staff members (code 23-0000) at an hourly cost of \$142.25 (for wages plus benefits).
